**2020 Drug Information**

**Update** F A Davis  
Company  
Confidently diagnose,  
treat, and manage patient  
conditions with the only

comprehensive book on  
the market devoted solely  
to equine internal  
medicine. Filled with fully  
updated content on

principles of treatment and contributions from internationally known equine experts, Equine Internal Medicine, 4th Edition focuses on the basic pathophysiologic mechanisms that underlie the development of various equine diseases. A problem-based approach outlines how to apply the latest clinical evidence directly to the conditions you will encounter in practice. A new companion website with over 120 video clips presents diseases and disorders that cannot be

explained as well through words Updated information throughout, including the most recent drug information. Current and well-referenced content on equine diseases and treatment techniques cites the latest books and journals. Internationally known equine experts present information on problems affecting horses throughout the world — and provide contributions that enable practitioners and students to approach disease and treatment of equine patients with more

authority and understanding. User-friendly exterior and interior design makes the book appealing to both the equine internal medicine practitioner and the veterinary student. Easy-to-find information facilitates a more thorough understanding with minimal frustration. Organized and consistent coverage among chapters allows you to easily find information on a specific topic. NEW! Fully updated and revised sections on disorders and principles of treatment. NEW! Problem-

based approach outlines how to apply the latest clinical evidence directly to the conditions you will encounter in practice. NEW! Pathophysiology is emphasized throughout, providing a sound basis for discussions of the diagnosis, treatment, and prognosis that follow. NEW! Body systems chapters begin with a thorough discussion of the diagnostic method appropriate to the system, including physical examination, clinical pathology, radiography, endoscopy, and

ultrasonography. NEW and UNIQUE! Companion website includes more than 120 video clips linked to content from chapters on cardiovascular and neurologic system disorders. NEW! Flow charts, diagrams, and algorithms clarify complex material.

**Davis's Drug Guide for Nurses** Rittenhouse Book Distributors  
The 2021 Lippincott Pocket Drug Guide for Nurses provides current, vital drug information “in a nutshell.” This handy pocket guide by Rebecca Tucker gives essential

information on over 4,100 medications, including 48 generic drugs newly approved by the FDA, in an easy-access A-to-Z format. The “mini” drug monographs include generic and trade names, drug classes, pregnancy risk category and controlled substance schedule, “black box” warnings, indications & dosages, dose adjustments, adverse effects, drug interactions, nursing considerations, and patient teaching. A special section following the A-to-Z drugs provides

essential Patient Safety information. Appendices cover topical and ophthalmic medications, laxatives, combination products, contraceptives, biological agents (vaccines), and more.  
**Pocket Companion to Accompany Davis's Drug Guide for Nurses**  
F A Davis Company  
The best pocket drug guide yet! Rely on this handy reference for at-the bedside guidance on the safe administration of medications to adult, pediatric, and geriatric patients, as well as

pregnant and lactating women, and those with renal impairments. Every detail is designed to make it easy for you to find the information you need-- in a snap. It's small enough to fit in your pocket, but large enough to be easy to read at a glance. And you can count on it for accuracy because it's drawn from Davis's Drug Guide database.

Davis's Pocket Clinical Drug Reference F A Davis Company

"The 2014 Drug Information Update presents the full

pharmacologic profile for 45 newly approved drugs and is for use by those who have purchased Davis's Drug Guide for Nurses, 13th edition and Nurse's Med Deck, 13th edition. Designed for portability, the update may be inserted inside the Davis's Drug Guide for Nurses or used with the Nurse's Med Deck. This supplement in addition to our postings on [www.DrugGuide.com](http://www.DrugGuide.com) will completely update the current editions of Davis's Drug Guide and Nurse's Med Deck. Having this

update available precludes the need to purchase another 2013-2014 drug reference and thereby offers you substantial savings."-- Page 2 of cover.

Davis's Drug Guide for Nurses F A Davis Company

New edition of best-selling nursing drug guide

Tabers 21st Index and Deglin Dg 12th W F A

Davis Company

Provides information on approximately 400 generic drugs and 40 group monographs. The color-coded index lists
