## **ARIAS OCONNELL**

**Lloyd's Register of Shipping 1892 Steamers** Lloyd's Register With 1855-1927 are issued and bound: Handelingen van de algemeene vergadering. *Government Reports Annual Index* Prometheus  
 Amazon, ooit begonnen als onlineboekhandel, groeide in twintig jaar uit tot een van de bekendste techreuzen ter wereld. Het door Jeff Bezos opgerichte bedrijf verkoopt wereldwijd producten, heeft een streamingdienst en ontwikkelt zelf technologie. Amazon wint in steeds meer sectoren terrein en dringt steeds dieper door tot in de wortels van onze samenleving. Nu het bedrijf steeds meer monopolistische kenmerken vertoont, kunnen overheden het niet langer negeren en komen ze er langzamerhand achter dat ze tegenover een nietsontziende tegenstander staan op een beangstigend nieuw speelveld. In *De meedogenloze strijd van Amazon om de wereld te veroveren* legt de bekroonde journalist van The Wall Street Journal Dana Mattioli de tomeloze hebzucht van Amazon bloot. Ze onthult onbekende kanten van het bedrijf en zijn beruchte oprichter, Jeff Bezos. Meedogenloos, competitief en alles vertrappend wat hem afhoudt van zijn doel: absolute heerschappij over de markt. Dana Mattioli is journalist voor The Wall Street Journal. Ze schrijft sinds 2019 onderzoeks- en hoofdartikelen over Amazon. Ze was finalist voor de Pulitzerprijs voor onderzoeksjournalistiek en heeft nog diverse andere belangrijke journalistieke prijzen gewonnen. *De meedogenloze strijd van Amazon om de wereld te veroveren*  
**Media, Technology and Education in a Post-Truth Society** Emerald Group Publishing  
 The Lloyd's Register of Shipping records the details of merchant

vessels over 100 gross tonnes, which are self-propelled and sea-going, regardless of classification. Before the time, only those vessels classed by Lloyd's Register were listed. Vessels are listed alphabetically by their current name.

*The International Who's who* Routledge

Routledge Introductions to Applied Linguistics is a series of introductory level textbooks covering the core topics in Applied Linguistics, primarily designed for those beginning postgraduate studies or taking an introductory MA course, as well as advanced undergraduates. Titles in the series are also ideal for language professionals returning to academic study. The books take an innovative 'practice to theory' approach, with a 'back-to-front' structure. This leads the reader from real-world problems and issues, through a discussion of intervention and how to engage with these concerns, before finally relating these practical issues to theoretical foundations. *Exploring Digital Communication* aims to discuss real-world issues pertaining to digital communication, and to explore how linguistic research addresses these challenges. The text is divided into three sections (Problems and practices; Interventions; and Theory), each of which is further divided into two subsections which reflect linguistic issues relating to digital communication. The author seeks to demystify any perceived divide between online and offline communication, arguing that issues raised in relation to digital communication throw light on language use and practices in general, and thus linguistic interventions in this area have implications not only for users of digital communication but for linguists' general understanding of language and society. Including relevant research examples, tasks and a glossary, this textbook is an invaluable resource for postgraduate and upper undergraduate students taking New Media or Communication Studies modules within Applied Linguistics and English Language courses.
