 Helliconia Trilogy By Brian W
 The Helliconia series is an amazingly vast story, spanning thousands of years, and two (and a bit) worlds. Brian Aldiss has a beautiful prose, a deep sensitivity for the complexities of human nature, and a rare ability to maintain an incredible,

can't-put-it-down pace that makes a large book like this flow easily. A very fast, enjoyable read.
 Helliconia a Trilogy by Brian W. Aldiss - Goodreads
 The Helliconia trilogy is a series of science fiction books by British writer Brian W. Aldiss, set on the Earth-like planet Helliconia. It is an epic chronicling the rise and fall of a civilisation over more than a thousand years as the

planet progresses through its incredibly long seasons, which last for centuries. The trilogy consists of the books Helliconia Spring, Helliconia Summer, and Helliconia Winter.
 Helliconia - Wikipedia
 Hugo and Nebula Award-winning author Brian W. Aldiss then explores the social and religious divisions keeping the planet's population in conflict even as they're devastated by

plague in Helliconia Summer, and concludes the trilogy with Helliconia Winter, which recounts both the threat of a looming, frigid age of decay and the hope of a new future. The Helliconia Trilogy: Helliconia Spring, Helliconia ... Helliconia is Brian Aldiss' trilogy comprised of Helliconia Spring, Summer, and Winter. Helliconia is a planet in a double star system where a full yearly

cycle is spread over thousands of years. The planet is the only example of non-human (although humanoid in nature) intelligent life within this relativistic universe.
