Edgar Cayce's Story of the Soul Destiny Image Publishers

Discover the legacy of the most famous psychic of the 20th-century in this stirring exploration of psychic abilities, reincarnation, and other paranormal phenomena There are remarkable parallels between the work of David Wilcock and Edgar Cayce—the

legendary clairvoyant, 'sleeping prophet', and 'father of holistic medicine'. Here, author Wynn Free explores these parallels, building a convincing case that the two men shared the same source of prophetic information—and that Wilcock might indeed be Cayce's reincarnation. Compiling some of Wilcock's most inspirational and life-transforming prophetic guidance from his channeled Source, this book conveys profound insights into topics such

as earth changes, secret cabals, soul evolution, death and reincarnation, ascension, crop circles, and the theory of evolution. Explaining how energetic increases occurring in the Sun and planets can have scientifically-measurable, far-reaching effects in a number of realms, The Reincarnation of Edgar Cayce presents new evidence that this energy can transform DNA, potentially making ESP, telekinesis, levitation, and other paranormal activities as common as

breathing and usher in the Golden Age promised by every major spiritual tradition in human history. Readers will come away with a deeper understanding not only of the life and work of both Wilcock and Cayce, but with a broader sense of the many forces—seen and unseen—at work in the universe today.

Edgar Cayce on the Mysterious Essenes
Citadel Press

A new edition of the landmark, worldwide bestseller on the life of the famed medical clairvoyant and founding father of the New Age: Edgar Cayce. Edgar Cayce

(1877-1945) is known to millions today as the grandfather of the New Age. A medical clairvoyant, psychic, and Christian mystic, Cayce provided medical, psychological, and spiritual advice to thousands of people who swore by the effectiveness of his trance-based readings. But Cayce was not always a household name. When a young, skeptical journalist named Thomas Sugrue first met Cayce in 1927 the world had not yet heard of the "sleeping

prophet." During years of unique access, Sugrue completed his landmark biography, which on its publication in 1942 brought national attention to Cayce and stands as the sole record written during the seer's lifetime. This edition includes a new introduction by historian Mitch Horowitz that highlights the enduring significance of Cayce's message and the role this book played in its dissemination. Edgar Cayce on Angels and the Angelic Forces

Summit University Press
One of the most fascinating topics found in the readings of famed psychic Edgar Cayce (1877-1945) revealed the existence of a sacred sect called the Essenes. His

information about the Essenes would later be confirmed by the discovery of the Dead Sea Scrolls two years after his death. Cayce's readings contained more than a description of who the Essenes were and their purpose in bringing the Christ into the earth, he gave us details about their lives and past lives! Many of these Essenes reincarnated during Cayce's time and received readings that revealed their souls—including their purposes then and now. What can we learn

from these readings and the reincarnation of the Essenes? There is so much about our origin, our soul group, and the purpose for which we are here on earth today in this latest book that it is like having a manual for soul growth. Ideals, practices, and guiding principles held by these ancient ones are as valuable to us today as they were then. *How to Work with Angels*
Jane M. Feldman
Just who are guardian angels, archangels, and divine messengers? Even the words can produce

comfort, reassurance, and hope, for they suggest the presence of celestial beings who are concerned for our welfare and are somehow involved in our lives and activities here on earth. Are these

emissaries of light spiritual beings that come directly from God? Are they somehow responsible for bringing us information and guidance? If they truly exist, as suggested by the

Cayce readings, then what role do they play in our lives, and how can we enhance that role? All of these questions and more are answered in this latest title by bestselling author Kevin J. Todeschi.
