EC487** **Advanced Microeconomics, Part I: Lecture 1** Students who already have an advanced level of Korean language may also enroll in courses taught in Korean. You are required to take a minimum of 12 credits; a typical course load is

12-15 credits. Course offerings are too numerous to be listed here, but areas of study believed to be of most interest to USAC students are included below as a sample of what the University offers. Courses for Seoul, Korea - 2020 Yonsei Fall | USAC The Department of Economics currently provides various courses on economic theories and its application. Although the focus of education is to enable students to be equipped with these theories and applicable ability in reality, more emphasis is placed upon the fluency of mathematical and statistical methodology as well as logical thinking. College of Government and Business, Yonsei University This part of the course extends the initial treatment of the subject from Microeconomics II (Mikroøkonomi II). The concept of a normal form game and solution concepts such as dominance and Nash Equilibrium are reintroduced in a formally rigorous way. Students will also study a variety of economic applications of the theory.
