HOGAN SAVANAH

There Is a Tribe of Kids Ten Speed Press

The riveting history of a beautiful queen, a shocking murder, a papal trial -- and a reign as triumphant as any in the Middle Ages. On March 15, 1348, twenty-two-year-old Joanna I, Queen of Naples, stood trial for the murder of her husband before the Pope and his court in Avignon. Determined to defend herself, Joanna won her acquittal against overwhelming odds. Victorious, she returned to Naples and ruled over one of Europe's most prestigious courts for the next three decades -- until she herself was killed. Courageous and determined, Joanna was the only female monarch in her time to rule in her own name. She was widely admired: dedicated to the welfare of her subjects, she reduced crime, built hospitals and churches, and encouraged the licensing of female physicians. A procession of the most important artists and writers of the time frequented her glittering court. But she never quite escaped the stain of her husband's death, and the turmoil of the times surrounded her -- war, plague, and treachery would ultimately be her undoing. With skill, passion, and impeccable research and detail, Nancy Goldstone brings to life one of history's most remarkable women. The Lady Queen is a captivating portrait of medieval royalty in all its incandescent complexity.

The Reading Promise Dell

A thrilling and incisive examination of the post-Reconstruction era struggle for and suppression of African American voting rights in the United States.

An American Odyssey Little, Brown

In the waning days of his presidency, in January 1801, John Adams made some historic appointments to preserve his Federalist legacy. Foremost among them, he named his secretary of state, John Marshall, Chief Justice of the Supreme Court--neither of them anticipating that Marshall would soon need to decide the most crucial case in Supreme Court history--Marbury vs. Madison. The Activist is the story of that case and its impact on American history. It revolved around a suit brought by Federalist William Marbury and 3 others that unwittingly set off a Constitutional debate that has reverberated for more than two centuries, for the case introduced a principle ("judicial review") at the heart of our democracy: does the Supreme Court have the right to interpret the Constitution and the law. Acclaimed narrative historian Larry Goldstone makes this early American legal drama come alive for readers today as a seminal moment in our history, chronicling, as it does, the formation and foundation of the Supreme Court. But it has ever since given cover to justices, like Antonin Scalia today, who assert the Court's power over the meaning of the Constitution.That Marshall's opinion was also the very height of the judicial activism that Scalia, John Roberts, and their fellow conservatives deplore promises to be one of American history's great ironies.The debate began in 1801, and continues to this day--and in Lawrence Goldstone's hands, it has never been more interesting or relevant for general readers.

Deadly Cure Houghton Mifflin Harcourt

...A potent and original examination of how the Supreme Court subverted justice and empowered the Jim Crow era.In the years following the Civil War, the 13th Amendment abolished slavery; the 14th conferred citizenship and equal protection under the law to white and black; and the 15th gave black American males the right to vote. In 1875, the most comprehensive civil rights legislation in the nation's history granted all Americans "the full and equal enjoyment" of public accommodations. Just eight years later, the Supreme Court, by an 8-1 vote, overturned the Civil Rights Act as unconstitutional and, in the process, disemboweled the equal protection provisions of the 14th Amendment. Using court records and accounts of the period, Lawrence Goldstone chronicles how "by the dawn of the 20th century the U.S. had become the nation of Jim Crow laws, quasi-slavery, and precisely the same two-tiered system of justice that had existed in the slave era."The very human story of how and why this happened make Inherently Unequal as important as it is provocative. Examining both celebrated decisions like Plessy v. Ferguson and those often overlooked, Goldstone demonstrates how the Supreme Court turned a blind eye to the obvious reality of racism, defending instead the business establishment and status quo--thereby legalizing the brutal prejudice that came to define the Jim Crow era.

Out of the Flames Williamson Books

The author recommends one hundred of the best books for children, including a variety of works to suit diverse interests, reading levels, and special needs, while also revealing the sometimes humorous process she undertook in choosing entries for the list.

The Betrayal of Equal Rights by the Supreme Court, 1865-1903 Crown

Discusses the advantages and requirements of homeschooling, including laws and regulations, teaching methods, learning styles, educational possibilities, and available resources

Daughters of the Winter Queen Deconstructing PenguinsParents, Kids, and the Bond of Reading

For fans of Alison Weir and Antonia Fraser, acclaimed author Nancy Goldstone's thrilling history of the royal daughters who succeeded in ruling—and shaping—thirteenth-century Europe Set against the backdrop of the thirteenth century, a time of chivalry and crusades, troubadors, knights and

monarchs, Four Queens is the story of four provocative sisters—Marguerite, Eleanor, Sanchia, and Beatrice of Provence—who rose from near obscurity to become the most coveted and powerful women in Europe. Each sister in this extraordinary family was beautiful, cultured, and accomplished but what made these women so remarkable was that each became queen of a principal European power—France, England, Germany and Sicily. During their reigns, they exercised considerable political authority, raised armies, intervened diplomatically and helped redraw the map of Europe. Theirs is a drama of courage, sagacity and ambition that re-examines the concept of leadership in the Middle Ages.

The Provencal Sisters Who Ruled Europe Simon and Schuster

"A powerful, moving photography collection of Americans from all walks of life paired with their handwritten statements about their American dreams. In the lead-up to the 2008 presidential election, Canadian photographer Ian Brown, fascinated by the idea of the "American dream," set out to photograph Americans and document what it meant to them. Brown traveled across the country in an old truck and began knocking on people's doors; meeting them at town halls, diners, and factories; and approaching them on main streets in small towns. In addition to shooting people's portraits, he asked them to write down--on a piece of paper, in their own handwriting--whatever their "American dream" was or what it meant to them. Their dreams offer a look at fascinating cross-section of identity that makes up the American experience--from the woman in an impoverished town who just wants running water and the pastor who wants to see her community become free of violence, to the young couple who bought a home with the hopes of starting a family and the young woman who dreams of becoming a journalist. Twelve years, eighty thousand miles, fifty states, and more than three hundred portraits later, American Dreams is a culmination of this incredible project, featuring 175 portraits of people of all backgrounds paired with their handwritten "American dreams." Beautifully packaged, and inclusive of a multitude of ages, races, identities, classes, religions, and ideologies, American Dreams is a poignant, defining look at American life and identity during one of the most important moments in our history"--

Drive! Penguin

Does your pampered Persian princess have a talent for interior design? Does your dapper tabby harbor the soul of an opera diva? Or is your sleek Siamese with the selective palate a restaurant critic in the making? Cat career coach Ann Dziemianowicz helps our furry companions navigate the increasingly high-stakes feline job market and streamlines the kitty job-search process by giving cats the tools they need to identify skill sets and make sound employment decisions. The convenient, completely private in-home Meowers-Briggs Career/Personality Test is a unique self-assessment tool that establishes your cat's "type"—outgoing or reserved? self-effacing or self-confident? witty or witless? Dziemianowicz then profiles thirty-four thoughtfully selected career matches. Finally, it's time for cats realize their full potential and go to work so you can sit back, relax, and take a well-earned cat nap.

American Dreams Algonquin Books

Critically acclaimed author Lawrence Goldstone offers an affecting portrait of the road to the landmark Brown v. Board of Education case, which significantly shaped the United States and effectively ended segregation.

The Secret History of Joan of Arc Little, Brown

In this irreverent guide, a bestselling comedy writer and noted psychotherapist teach parents how to handle their grown kids. There are many books out there to teach you how to handle your children after they graduate from diapers, but none tells you how to proceed once they graduate from high school. As new patterns emerge in the lives of young adults, parents find that their grown children have bigger problems than they did just a few years ago. How to Raise Your Adult Children is a manual for anxious moms and dads. Whether confronting the question of setting a curfew for a college kid at home, or paying for a forty-year-old daughter's wedding, two "been there, done that" moms give advice with an edge on a variety of emotionally and financially perilous situations, including:
• Your kid needs money-your money
• Your kid moves back home and stays home
• You know your child should not marry their significant other
• Your big children keep dumping their little children on you
Combining the wit of Emmy Award-winning writer Gail Parent and the insight of psychotherapist Susan Ende, this book answers questions most parents never imagined they would have to ask.

Children Reading Pictures Penguin

Winner of the Kate Greenaway Medal When a young boy embarks on a journey alone . . . he trails a colony of penguins, undulates in a smack of jellyfish, clasps hands with a constellation of stars, naps for a night in a bed of clams, and follows a trail of shells, home to his tribe of friends. If Lane Smith's Caldecott Honor Book Grandpa Green was an homage to aging and the end of life, There Is a Tribe of Kids is a meditation on childhood and life's beginning. Smith's vibrant sponge-paint illustrations and use of unusual collective nouns such as smack and unkindness bring the book to life. Whimsical, expressive, and perfectly paced, this story plays with language as much as it embodies imagination, and was awarded the 2017 Kate

Greenaway Medal. This title has Common Core connections.

The Rival Queens Simon and Schuster

A remarkable new historical thriller by New York Times notable mystery author Lawrence Sanders that evokes the New York City of 1899. In 1899, in Brooklyn, New York, Dr. Noah Whitestone is called urgently to his wealthy neighbor's house to treat a five-year-old boy with a shocking set of symptoms. When the child dies suddenly later that night, Noah is accused by the boy's regular physician—the powerful and politically connected Dr. Arnold Frias—of prescribing a lethal dose of laudanum. To prove his innocence, Noah must investigate the murder—for it must be murder—and confront the man whom he is convinced is the real killer. His investigation leads him to a reporter for a muckraking magazine and a beautiful radical editor who are convinced that a secret, experimental drug from Germany has caused the death of at least five local children, and possibly many more. Noah is drawn into a dangerous world of drugs, criminals, and politics, which threatens not just his career but also his life. Sanders weaves a savvy tale of intrigue and stunning twists that incorporates real-life historical figures and events while richly recreating the closing days of the nineteenth century—a time when American might was on the march in the Pacific, medicine was poised to leap into a new era, radical politics threatened the status quo, and the role of women in American society was undergoing profound change.

The Kids' Book Club Book Walker

In the tradition of Caleb Carr's *The Alienist* and Matthew Pearl's *The Dante Club*, this mesmerizing forensic thriller thrusts the reader into the operating rooms, drawing rooms, and back alleys of 1889 Philadelphia, as a doctor grapples with the principles of scientific process to track a daring killer. In the morgue of a Philadelphia hospital, physicians uncover the corpse of a beautiful young woman. What they see takes their breath away. Within days, one doctor, Ephraim Carroll, strongly suspects that he knows the woman's identity. . .and the horrifying events that led to her death. But in this richly atmospheric debut novel – an ingenious blend of history, suspense, and early forensic science – the most compelling chapter is yet to come, as the young doctor is plunged into a maze of murder, secrets, and unimaginable crimes. Peopled with vibrant real-life characters such as Canadian William Osler, hailed as the Father of Modern Medicine; famed surgeon William Stewart Halsted, who performed the first emergency blood transfusion and invented surgical gloves; and the controversial painter Thomas Eakins, *The Anatomy of Deception* brings to life a little-known and exciting turning-point in American medical history, when ignorant butchery gave way to intelligent surgery—and a young doctor is forced to confront an agonizing moral choice between exposing a killer, undoing a wrong, and, quite possibly, protecting the future of medicine itself.

Dominic Penguin

Tells the story of the legendary Yankees pitcher and how his career reflects early twentieth-century baseball, providing coverage of such topics as his six World Series wins, international tours, and relationships with famous figures.

The Maid and the Queen Routledge

Journey into the world of book collecting with the Goldstones—rediscover the joy of reading, laugh, and fall in love with books all over again. The idea that books had stories associated with them that had nothing to do with the stories inside them was new to us. We had always valued the history, the world of ideas contained between the covers of a book or, as in the case of *The Night Visitor*, some special personal significance. Now, for the first time, we began to appreciate that there was a history and a world of ideas embodied by the books themselves. Part travel story, part love story, and part memoir, Lawrence and Nancy Goldstone's *Used and Rare* provides a delightful love letter to book lovers everywhere.

The Wright Brothers, Glenn Curtiss, and the Battle to Control the Skies W. W. Norton & Company

“Attention, ‘Game of Thrones’ fans: The most enjoyably sensational aspects of medieval politics—double-crosses, ambushes, bizarre personal obsessions, lunacy and naked self-interest—are in abundant evidence in Nancy Goldstone's *The Maid and the Queen*.” (Laura Miller, Salon.com) Politically astute, ambitious, and beautiful, Yolande of Aragon, queen of Sicily, was one of the most powerful women of the Middle Ages. Caught in the complex dynastic battle of the Hundred Years War, Yolande championed the dauphin's cause against the forces of England and Burgundy, drawing on her savvy, her statecraft, and her intimate network of spies. But the enemy seemed invincible. Just as French hopes dimmed, an astonishingly courageous young woman named Joan of Arc arrived from the farthest recesses of the kingdom, claiming she carried a divine message—a message that would change the course of history and ultimately lead to the coronation of Charles VII and the triumph of France. Now, on the six hundredth anniversary of the birth of Joan of Arc, this fascinating book explores the relationship between these two remarkable women, and deepens our understanding of this dramatic period in history. How did an illiterate peasant girl gain access to the future king of France, earn his trust, and ultimately lead his forces into battle? Was it only the hand of God that moved Joan of Arc—or was it also Yolande of Aragon?

Footnotes in Booklore Scholastic Inc.

A first-aid handbook with instructions on how to handle safely life's "ouches" and how and when to get help for more serious situations is perfect for older siblings, babysitters, Scouts, junior counselors, and lifeguards. Original.

Parents, Kids, and the Bond of Reading Scholastic Inc.
