Limited  
A feast of  
extraordinary theories

and personalities  
centred around the  
mysterious standing  
stones of antiquity.  
John Michell tells the  
incredible story of the  
amazing reactions,  
ancient and modern, to  
these prehistoric relics,

whether astronomical, legendary, mystical or visionary.

*Mysterious and Unknown Belgium*

Lulu.com

Since the Stone Age our ancestors have tapped into the natural energies of the planet, building stone circles, standing stones, pyramids and temples in a highly evolved and brilliantly executed network of energy centers around the world. Thousands of years later, this ancient knowledge was brutally suppressed by the early Catholic church and ignored by science. But it still lingered on, kept by such secret societies as the Knights Templar and the Masons, who designed buildings and whole cities incorporating this esoteric knowledge,

hidden in plan view. Here, Cowan brings together his own extensive work with the findings of other researchers, and reveals his discovery that the energy lines emanate from volcanic sources that spew out natural telluric energies in all directions, like the spokes of a wheel! Chapters include: Megalithic Engineering; Burial Grounds across Scotland; Following a Straight Ley Line to its Source; Saint Columba and Iona; The Royal Triangle of Great Britain; The Strange Behavior of Ley Lines; The Dance of the Dragon; Ley Lines in the USA; The Secret Knowledge of the Freemasons; Spirit Paths; The Occult Knowledge of the Nazis; How to Use

Diving Rods; The Amazing Power of the Maze; more. Tons of illustrations, all in color!

*Ley Lines of the UK and USA* Random House

This book contains information on dowsing for beginners and advanced alike. It provides information on how to find and follow more than five hundred ley marks across the south of the British Isles. It also contains unique insight on how shadow ley lines are connected to time as we measure it in minutes and hours. Also answers as to why the legendary figure of the Long Man of Wilmington is positioned where he is on the South Downs. There is also information on both Woodhenge and Stonehenge.

*Arks Within Grail Lands*  
Harper Collins

Sacred sites and places of power, energy lines or ley lines; these subjects are no longer unknown to many people. They are present as acupuncture points in the landscape and our ancestors used those thousands of years for their rituals, initiations and celebrations. In the past they were marked by ancient sacred stones, trees and springs, later especially by churches and chapels. Accurately placed as an expression of popular devotion, as beacons of hope and fear. Mysterious and unknown Belgium takes us on a journey to ruined abbeys, weird churches and cathedrals, pagan sites and megalithic

temples, holy wells and shrines of saints and visionaries. This is a guide for the armchair adventurer or the on-location visitor, with stories arranged in a sequence of easily found geographical locations. It is profusely illustrated with the authors own photographs. Enjoy your journey through unknown Belgium and discover that reality is often more fantastic than the wildest imagination.

Good Omens Ingram  
When you are ready, seek and you shall find. It is your gift. Gwen Harper left Pendleford thirteen years ago and hasn't looked back. Until an inheritance throws her into the mystical world she thought she'd escaped. Confronted with her great-aunt's legacy,

Gwen must finally face up to her past.

diagrams, Geomancy is

the ultimate guide to

earth mysteries,

exploring the hidden

frontiers of ancient

knowledge to uncover

the lost history of our

living planet.

**A Key to Time** Marion

Lloyd

First published in 1925 THE OLD STRAIGHT TRACK remains the most important source for the study of ancient tracks or leys that criss-cross the British Isles- a fascinating system which was old when the Romans came to Britain. First in the Herefordshire countryside, and later throughout Britain, Alfred Watkins noticed that beacon hills, mounds, earthworks, moats and old churches built on pagan sites seemed to fall in straight lines. His investigation convinced him that Britain was covered with a vast network of straight tracks, aligned with either the sun or the path of a star. Although traces of this network can be found all over the country,

the principles behind the ley system remain a mystery. Are they the legacy of a prehistoric scientific knowledge which is now all but lost? And was their purpose secular or religious?

*Dark Lines of London*

HarperCollins UK

After 40+ years of writing about Europe, Rick Steves has gathered 100 of his favorite memories together into one inspiring, award-winning collection: For the Love of Europe: My Favorite Places, People, and Stories. Join Rick as he's swept away by a fado singer in Lisbon, learns the dangers of falling in love with a gondolier in Venice, and savors a cheese course in the Loire Valley. Contemplate the mysteries of centuries-

old stone circles in England, dangle from a cliff in the Swiss Alps, and hear a French farmer's defense of foie gras. With a brand-new, original introduction from Rick reflecting on his decades of travel, *For the Love of Europe* features 100 of the best stories published throughout his career. Covering his adventures through England, France, Germany, Ireland, Italy, the Netherlands, Spain, and more, these are stories only Rick Steves could tell. Wry, personal, and full of Rick's signature humor, *For the Love of Europe* is a fond and inspirational look at a lifetime of travel. Winner of the 2022 Society of American Travel Writers' Lowell Thomas Travel

Journalism Award: Best Travel Book, Silver *Geomancy* Piatkus Books  
Do ancient maps prove that the planet was surveyed 12,000 years ago? Were the poles once in a different position to where they are today? Is there a secret pattern joining the great sites of antiquity? In this revolutionary little book, ancient sites expert Hugh Newman outlines various theories concerning geometry in the distribution of sacred sites on Earth and comes to some startling conclusions. Illustrated throughout with fantastic graphics, this book will change your world. WOODEN BOOKS are small but packed with information. "e;Fascinating"e;

A fascinating exploration of the origins and meanings of these ancient trackways  
*The Sacred Network*  
Transaction Publishers  
An exploration of hidden Britain, a

surprisingly large small island. Longlisted for the 2014 Thwaites Wainwright Prize What is the shape of Britain? The country's outline, looking a little like a wingless dragon, is instantly recognisable on any map or globe. But jostling within that familiar profile are countless vying maps of the country. Some of these are founded on rock -- or on the natural features of the land. But far more are built on dreams -- on human activity, effort, and aspiration. *Britannia Obscura* is an exploration of just a few of these surprising hidden Britains. Through a series of meetings with figures such as the retired army colonel and ley-hunter John Christian, the horse-boater Sue Day, and the cave-

explorer Dave Nixon, each of the book's five chapters focuses on how a different group or community imagines the land and our relationship with it. On the megalith-hunter's map of Britain, the teeming metropolis of the country lies not in the South East, but rather amid the moors of its South West corner. The canal map of Britain reveals a land that takes four or five days to cross, and in which major transport routes lie forgotten beneath willowherb and litter. And on the ever-shifting and growing caver's map of Britain there are unknown regions still waiting to be discovered. Together, the book's chapters reveal that Britain is a country with countless

competing centres and ceaselessly shifting borders -- a land where one person's sleepy, remote and unexceptional province will always be the busy heart of another's map. The book also demonstrates that when viewed through the right lenses, Britain is a surprisingly large small island, which a lifetime of exploration could never exhaust. Ultimately, *Britannia Obscura* is a book that aims to make its readers more familiar with Britain but also excited about the endless possibilities for surprise that lie just around familiar corners.

**Walking the Great North Line** eBook

Partnership

It is the ultimate quest for the ultimate treasure. Chasing a

map tattooed on human skin. Across an omniverse of intersecting realities. To unravel the future of the future. Kit Livingstone's great-grandfather appears to him in a deserted alley during a tumultuous storm. He reveals an unbelievable story: that the ley lines throughout Britain are not merely the stuff of legend or the weekend hobby of deluded cranks, but pathways to other worlds. To those who know how to use them, they grant the ability to travel the multi-layered universe of which we ordinarily inhabit only a tiny part. One explorer knew more than most. Braving every danger, he toured both time and space on voyages of heroic discovery. Ever on his guard and

fearful of becoming lost in the cosmos, he developed an intricate code—a roadmap of symbols—that he tattooed onto his own body. This Skin Map has since been lost in time. Now the race is on to recover all the pieces and discover its secrets. But the Skin Map itself is not the ultimate goal. It is merely the beginning of a vast and marvelous quest for a prize beyond imagining. The Bright Empires series—from acclaimed author Stephen R. Lawhead—is a unique blend of epic treasure hunt, ancient history, alternate realities, cutting-edge physics, philosophy, and mystery. The result is a page-turning, adventure like no other. “Anything but

ordinary . . . Dynamic settings are mixed with unpredictable adventures [and] parallel worlds.”

—BookPage

### **Timpson's Leylines**

Hachette UK

Queally, a preeminent authority on the Reshel systems of Europe, Scotland, and Ireland, offers a guide to the arcane system as applied to Earth energy grids. She organizes the once secret spiritual science used by inner-core Templar and Masonic groups into an excellent summary.

*The Old Straight Track*

The Rosen Publishing Group, Inc

The classic collaboration from the internationally bestselling authors Neil Gaiman and Terry Pratchett, soon to be an original series

starring Michael Sheen and David Tennant.

?Season 2 of Good Omens coming soon!

“Good Omens . . . is something like what would have happened if Thomas Pynchon, Tom Robbins and Don DeLillo had collaborated. Lots of literary inventiveness in the plotting and chunks of very good writing and characterization. It’s a wow. It would make one hell of a movie. Or a heavenly one. Take your pick.”

—Washington Post

According to *The Nice and Accurate Prophecies of Agnes Nutter, Witch* (the world's only completely accurate book of prophecies, written in 1655, before she exploded), the world will end on a Saturday. Next Saturday, in fact.

Just before dinner. So the armies of Good and Evil are amassing, Atlantis is rising, frogs are falling, tempers are flaring. Everything appears to be going according to Divine Plan. Except a somewhat fussy angel and a fast-living demon—both of whom have lived amongst Earth's mortals since The Beginning and have grown rather fond of the lifestyle—are not actually looking forward to the coming Rapture. And someone seems to have misplaced the Antichrist . . .

Britannia Obscura  
Thomas Nelson

John Timpson's quirky exploration of the ancient phenomenon of leylines. Fascinated by a chance discovery of an ancient stone marker outside a

church, Timpson sets off in his inimitable way to hunt leylines (ancient routes said to be energy lines of the earth) all around the country from the Men-an-Tol standing stones in Cornwall to Hadrian's Wall. As well as exploring history and folklore, he discovers fascinating and intriguing things: a holy well, green men carved on fonts, early preaching crosses and burial mounds. Complemented with Derry Brabb's photography, this book should appeal to the armchair leyhunter as well as the enthusiast.

**Ley Lines and Earth Energies** History Press

Introduces parapsychology, discussing such topics as psychic ability, encounters with supernatural beings,

folklore, possession by  
spirits, and the

investigation of  
paranormal events.
