The government said it need Area 51 to protect America. They said they needed it for research. Now some say it has all been a terrible lie... In the annals of UFO controversies there has never been a place like this: sixty square miles of desert and scrub just north of Las Vegas, Nevada. Officially known as a U.S. Air Force testing ground, this area has accounted for more UFO sightings and more inexplicable activity than any other in the world. leading experts to dub Area 51 "Earth's unofficial UFO headquarters." Now UFO writer Susan Wright seeks to answer the riddle once and for all, delving into previously secret

government documents, drawing on eyewitness accounts, and ripping the veil of secrecy off Area 51 and the research that really goes on there. The result is the most shocking and thoroughly documented UFO book you have ever read, a book that demonstrates that for fifty years the U.S. government has had one overriding policy on Area 51: whenever confronted with suspicions, facts, or photographs-conceal, deny and lie...

one of a legion of alien abductees with inexplicable experiences, but this particular incident stood apart from all the others. This time, there was evidence—two strands of white-blond hair from one of the females. Khoury's case would result in the very first forensic DNA analysis of "alien abduction" evidence and revealed an extraordinary biological anomaly—one genetically close to human yet almost impossibly far from the human mainstream. A gripping account of one of the great mysteries of our time, *Hair of the Alien*, brings us closer than ever before to understanding our past, our origins, and our place in the

UFOs and the Alien Presence Citadel Press

This is one of the most important books ever written on the clandestine world of the UFO cover-up. Grant Cameron and Scott Crain do more than demonstrate the reality of an extraterrestrial presence on Earth. Through tenacious investigation and impeccable research, they shine a light into the CIA, NSA, Air Force, Navy, and other inside groups that have managed this secret for decades. Their conclusion is inescapable and shocking: this is a secret that the insiders themselves struggle to understand and contain. "Government agencies, at various times, perceive a need

to release some UFO information to the public. Some, definitely not all. How do they do it? Always via avenues that leave no one at risk. That means ensuring there is no direct connection between the agency and whomever is doing the actual releasing. It also means the necessity of mixing in some false information. It means, ultimately, to tell the truth, but tell it with a slant. Until there is a full disclosure of the UFO/ET reality, deniability will remain paramount to those in possession of this great secret." - By the authors, from the book's Introduction.

Some say they have been abducted and subjected to terrifying physical examinations.

Others claim that young children have been kidnapped and returned only after the removal of flesh samples. Still others allege that women have been kidnapped and impregnated, the unborn children later removed for a vast cross-breeding experiment. These crimes against humanity are not perpetuated by an international terrorist organization. The "abductees" assert that they have been kidnapped by extraterrestrial beings. UFO abduction claims have spawned a veritable cottage industry, providing the fodder for an explosion of magazine articles, television interviews, newspaper features, bestselling books, and movies. The author of the controversial bestseller Brain Trust brings his scientific expertise to the chilling true story of unexplained phenomena on Utah's Skinwalker Ranch -- and challenges us with a new vision of reality. For more than fifty years, the bizarre events at a remote Utah ranch have ranged from the perplexing to the wholly terrifying.

Vanishing and mutilated cattle. Unidentified Flying Objects. The appearance of huge, otherworldly creatures. Invisible objects emitting magnetic fields with the power to spark a cattle stampede. Flying orbs of light with dazzling maneuverability and lethal consequences. For one family, life on the Skinwalker Ranch had become a life under siege by an unknown enemy or enemies. Nothing else could explain the horrors that surrounded them -- perhaps science could. Leading a first-class team of research scientists on a disturbing odyssey into the unknown, Colm Kelleher spent hundreds of days and nights on the

Skinwalker property and experienced firsthand many of its haunting mysteries. With investigative reporter George Knapp -- the only journalist allowed to witness and document the team's work -- Kelleher chronicles in superb detail the spectacular happenings the team observed personally, and the theories of modern physics behind the phenomena. Far from the coldly detached findings one might expect, their conclusions are utterly hair-raising in their implications. Opening a door to the unseen world around us, Hunt for the Skinwalker is a clarion call to expand our vision far beyond what we know. [UFO Danger Zone](#) University of North Texas Press

A deep dive into UFO cover-ups by the deep state. A wake-up call to what has and is being hidden. "The leading proponent of the theory that the US government knows more than it's saying about UFOs." —Globe and Mail (Toronto) The deep state exists

without a doubt and it has perpetrated a consistent mission to hide, obscure, and delete information as it pertains to UFOs and alien interactions. Should unelected officials be making the decisions on disclosure? Has a secret space program been developing technologies not of this world for decades? What have the U.S. Air Force and other agencies been hiding? This and more is explored in UFOs and the Deep State. UFOs and the Deep State will touch upon: Air Force Office of Special Investigations and interviews with UFO witnesses The CIA-sponsored Robertson Panel to suppress UFO research and the campaign to move Project Blue Book from

the Advanced Technical Intelligence Center (ATIC) to Air Force Public Affairs Exclusive interviews with Paul Bennewitz and the military personnel involved in the Rendlesham Forest UFO incident Project Moon Dust, run by the Air Force and Department of State An examination of the Secret Space Program and other black projects Author Kevin D. Randle connects the dots at last to reveal the overlooked, including how the deep state conducted interrogations that involved various techniques using chemicals and other mind-altering techniques. The evidence is clear. The unelected officials in the deep state have been obscuring UFO

incidents and intimidating those who wish to speak out. Let the truth rein free!

ALIEN ABDUCTION  
OVER A CENTURY  
AGO? The story was related to a Catholic priest by an elderly man on his deathbed. The man claimed that as a boy he was part of a posse searching for stolen cattle in the mountains south of Tucson, Arizona in 1899, when "a huge, silver bowl in the sky"

flew ahead of the posse. The lawman in charge ordered the group to split up. The witness said “a tiny man in silver-colored clothes” confronted him with a hollow tube. The boy drew his revolver and fired six shots into the creature. The little man flickered like a candle flame and disappeared. The boy rejoined the posse, and the lawman set off alone to investigate. About an hour later, the silver bowl rose into the air and took off. When the posse rode to the area where they’d seen the UFO ascend, they found the lawman’s horse, but no sign of the man himself. An Apache tracker with the group said the depth of the animal’s hoofprints showed the man had left the horse at a

certain point. However, there were no bootprints at the spot indicating he’d dismounted and proceeded on foot. The posse searched the area for several days, but found no trace of the missing lawman.
