Operations Research Journal
Operations Research, a flagship journal, leads the science of optimal decision making by seeking the most innovative and impactful work in the field.
Operations Research | PubsOnLine
Operational Research - An International Journal (ORIJ) publishes high quality scientific papers that contribute significantly to the fields of operational research and management science (OR/MS). ORIJ covers all aspects of OR including optimization methods, decision theory, stochastic models, simulation, game theory, queueing systems, inventory and reliability, among others.
Operational Research | Home - Springer
Operations Research . Operations Research publishes quality operations research and management science works of interest to the OR practitioner and researcher in three substantive categories: methods, data-based operational science, and the practice of OR. The journal seeks papers reporting underlying data-based principles of operational science, observations and modeling of operating systems
...Submission Guidelines | Operations

Research
Operations Research publishes high-quality papers that represent the true breadth of the methodologies and applications that define our field. It serves the entire O.R. community including practitioners, researchers, educators, and students. In that respect, the papers that appear in the journal must satisfy three essential requirements: operations-focused, scientific, and broad.
Operations Research - INFORMS
American Journal of Operations Research (AJOR) is an international scientific journal dedicated to the publication and public discussion of high quality, original papers that contribute to the methodology of operational research and to the practice of decision making.
American Journal of Operations Research - SCIRPA
study of Norovirus transmission conducted by academics from Henley Business School in collaboration with the UK Food Standards Agency (FSA) and published in European Journal of Operations Research (EJOR has received an international award.
European Journal of Operational Research - Elsevier
The journal publishes high-quality operations research and/or analytics approaches to problems in health care from researchers and practitioners. ORHC encourages contributions related to typical problem areas of health care such as: hospitals, practices, care (including home care and

long-term care), emergency management systems, as well as blood and organ logistics or population health policy ...Operations Research for Health Care - Journal - ElsevierThe Journal Impact 2019-2020 of Operations Management Research is 5.950, which is just updated in 2020.Compared with historical Journal Impact data, the Metric 2019 of Operations Management Research grew by 144.86 %.The Journal Impact Quartile of Operations Management Research is Q1.The Journal Impact of an academic journal is a scientometric Metric that reflects the yearly average number of ...Operations Management Research Journal Impact 2019-20 ...SN Operations Research Forum is a journal that serves the Operations Research community by addressing a broad range of topics, perspectives, methodologies, and industry applications to foster communication among academics and practitioners, theory and application, and a variety of disciplines (e.g., applied mathematics, computer science, business and economics, and engineering).SN Operations Research Forum | HomeOperations research (British English: operational research) (OR) is a discipline that deals with the application of advanced analytical methods to help make better decisions. Further, the term operational analysis is used in the British (and some British Commonwealth) military as an intrinsic part of capability development, management and assurance.Operations research - WikipediaThe Journal of the Operational Research Society (JORS) is the leading journal of operational research that publishes topics illustrating real applications, technical approaches and variety of environments.
