Dominant-Party

Enclaves and the

Citizens They Produce

Vintage

“A searing and emotionally gripping account of a young black girl growing up to become a strong black woman during the most difficult time of racial

segregation.”—Professor

Charles Ogletree,

Harvard Law School

“Provides important

context for an

important moment in

America’s

history.”—Associated

Press When fourteen-

year-old Carlotta Walls

walked up the stairs of

Little Rock Central High School on September 25, 1957, she and eight other black students only wanted to make it to class. But the journey of the “Little Rock Nine,” as they came to be known, would lead the nation on an even longer and much more turbulent path, one that would challenge prevailing attitudes, break down barriers, and forever change the landscape of America. For Carlotta and the eight other children, simply getting through the door of this admired academic institution involved angry mobs, racist elected officials, and intervention by President Dwight D. Eisenhower, who was forced to send in the 101st Airborne to escort the Nine into the

building. But entry was simply the first of many trials. Breaking her silence at last and sharing her story for the first time, Carlotta Walls has written an engrossing memoir that is a testament not only to the power of a single person to make a difference but also to the sacrifices made by families and communities that found themselves a part of history.

A Mighty Long Way
Fordham University

Los enfoques de Pago por Desempeño (PPD) se han expandido con rapidez en los países de ingresos bajos y medios en todo el mundo. El número de países ha crecido de 3 en 2006 a 32 en 2013. Los esquemas de PPD están floreciendo y crean una demanda

considerable de asistencia técnica a fin de ejecutar estas reformas sanitarias en una forma racional y responsable. Tres pioneros internacionales del PPD se han unido para dar una respuesta a esta demanda internacional. Ellos son: György Fritsche, MD, MSc (Banco Mundial, Washington); Robert Soeters, MD, PhD (SINA Health, La Haya); y Bruno Meessen, MA, PhD (Instituto de Medicina Tropical, Amberes). Su trabajo vuelca sus 40 años de experiencia total en el diseño e implementación de esquemas de PPD en un manual de PPD de vanguardia, dirigido a implementadores y hacedores de políticas. Se unió al equipo Godelieve van Heteren

(MD; Erasmus University Rotterdam Global Health Initiative (RGHI)), quien realizó la co-edición a fin de darle al manual consistencia, contenido y formato. Cedric Ndizeye, MD, MPH (MSH, Ruanda), redactó las partes principales del capítulo sobre desarrollo de competencias, y Caryn Bredenkamp, PhD (Banco Mundial, Washington) contribuyó con el capítulo 5 sobre equidad. Actualmente, existe poco conocimiento entre muchos de los que ejecutan reformas sanitarias sobre cómo implementar proyectos piloto de pago por desempeño y cómo ampliarlos a nivel nacional en forma inteligente. En un contexto de gran

demanda de un diseño sólido y experiencia en la implementación, y dada la rápida expansión de los programas de Financiación Basada en Resultados, existe una necesidad urgente de desarrollar competencias para el diseño e implementación de programas de FBR. Hasta el momento, ha habido poco interés en combinar las enseñanzas de esas experiencias en un solo volumen y, más aún, en un formato que sirva como guía a los implementadores. Este manual es una respuesta a las preguntas más urgentes sobre programas de FBR del lado de la oferta, del cual el PPD es parte. Este manual estará disponible en una

versión on-line, que será actualizada en forma regular, y una versión impresa en 3 idiomas (inglés, francés y español).

Investigation of Illegal Or Improper Activities in Connection with 1996 Federal Election Campaigns Hueber Verlag

A bestselling modern classic—both poignant and funny—about a boy with autism who sets out to solve the murder of a neighbor's dog and discovers unexpected truths about himself and the world. Nominated as one of America's best-loved novels by PBS's The Great American Read Christopher John Francis Boone knows all the countries of the world and their capitals and every prime number up to 7,057. He relates well to

animals but has no understanding of human emotions. He cannot stand to be touched. And he detests the color yellow. This improbable story of Christopher's quest to investigate the suspicious death of a neighborhood dog makes for one of the most captivating, unusual, and widely heralded novels in recent years.

#1 NEW YORK TIMES BESTSELLER • ONE OF TIME MAGAZINE'S 100 BEST YA BOOKS OF ALL TIME The extraordinary, beloved novel about the ability of books to feed the soul even in the darkest of times. When Death has a story to

tell, you listen. It is 1939. Nazi Germany. The country is holding its breath. Death has never been busier, and will become busier still. Liesel Meminger is a foster girl living outside of Munich, who scratches out a meager existence for herself by stealing when she encounters something she can't resist—books. With the help of her accordion-playing foster father, she learns to read and shares her stolen books with her neighbors during bombing raids as well as with the Jewish man hidden in her basement. In superbly crafted writing that burns with intensity, award-winning author Markus Zusak, author of *I Am the Messenger*, has given us one of the most enduring stories

of our time. “The kind of book that can be life-changing.” —The New York Times
 “Deserves a place on the same shelf with *The Diary of a Young Girl* by Anne Frank.” —USA Today
 DON'T MISS BRIDGE OF CLAY, MARKUS ZUSAK'S FIRST NOVEL SINCE *THE BOOK THIEF*.

The Making of the American Creative Class narrates the history of workers in New York's publishing, advertising, design, and broadcasting industries and their efforts to improve their working conditions, set against the backdrop of the economic dislocations of twentieth-century capitalism.

Shades of Green

Elsevier Health Sciences

The five-year period from 1841 to 1846 saw the beginning of Jefferson Davis' political career. In this, the second volume of *The Papers of Jefferson Davis*, the documents cover Davis' unsuccessful race for the state legislature, his selection as a

Democratic state elector, his marriage to Varina Howell, his election to the U.S. House of Representatives, and his departure therefrom to assume command of the First Mississippi Regiment in the Mexican War. In the congressional documents Davis emerges as a hardworking freshman representative who quickly won for himself the respect and esteem of his fellow congressmen. There were, however, notable exceptions. One such exception was Andrew Johnson, a tailor by trade, who strongly resented Davis' remark on the floor of the House that a "blacksmith or tailor" could not be expected to achieve the same results in battle as a

trained military man. In the somewhat bitter exchange that followed, some have professed to see the beginnings of the long-standing animosity between Johnson and Davis. The 255 documents in this volume (two appendixes contain undated and late-arriving items) provide a clear picture of Jefferson Davis, the man and the politician, and give an intimate view of Mississippi in the 1840s. Throughout the volume are rumblings of the then distant storm that was to break so disastrously over the nation in the 1860s.

Whether in the northern provinces of Argentina, the central states of Mexico, or the

southern states of the United States, less-than-democratic subnational regimes are often found within democratic national political systems. However, little is known about how or if these subnational pockets foster political attitudes and behavior that threaten the democratic norms that exist at the national level. Life in the Political Machine offers one of the first systematic explorations of the ways in which subnational "dominant-party enclaves" influence citizens' political attitudes and behaviors through a focus on the provinces and states of Argentina and Mexico. Specifically, the authors find starkly divergent patterns of

political attitudes and behaviors among citizens in dominant-party enclaves as opposed to those living in competitive multiparty systems. In the latter, the authors find a political culture that approximates what scholars have long documented in established democracies. In the former, they uncover three factors--the politicization of the rule of law, an uneven electoral playing field, and the partisan cooptation of state resources--that strongly shape citizens' understanding of democratic principles, accountability, and political participation. The authors argue that this environment erodes public support for democracy at the national level and that

these local strongholds of illiberalism thus provide added fuel to the recent drift from democracy globally. Ultimately, this book calls for greater attention to subnational variations in citizens' political attitudes and behaviors in order to more fully understand the process through which a national democratic political culture can emerge.

Saunders Q&A Review for the NCLEX-RN® Examination - E-Book Lexington Books Collaboration between government agencies, an old joke goes, is an unnatural act committed by nonconsenting adults. Eugene Bardach argues that today's opinion climate favoring more results-

oriented government makes collaboration a lot more natural-- though it is still far from easy. In this book, Bardach diagnoses the difficulties, explains how they are sometimes overcome, and offers practical ideas for public managers, advocates, and others interested in developing interagency collaborative networks. Bardach provides examples from diverse policy areas, including children, youth, and family services; welfare-to-work; antipollution enforcement; fire prevention; and ecosystem management.

International Journal of Modelling & Simulation
Rowman & Littlefield
How India's Constitution came into

being and instituted democracy after independence from British rule. Britain's justification for colonial rule in India stressed the impossibility of Indian self-government. And the empire did its best to ensure this was the case, impoverishing Indian subjects and doing little to improve their socioeconomic reality. So when independence came, the cultivation of democratic citizenship was a foremost challenge. Madhav Khosla explores the means India's founders used to foster a democratic ethos. They knew the people would need to learn ways of citizenship, but the path to education did not lie in rule by a superior class of men, as the British insisted.

Rather, it rested on the creation of a self-sustaining politics. The makers of the Indian Constitution instituted universal suffrage amid poverty, illiteracy, social heterogeneity, and centuries of tradition. They crafted a constitutional system that could respond to the problem of democratization under the most inhospitable conditions. On January 26, 1950, the Indian Constitution—the longest in the world—came into effect. More than half of the world's constitutions have been written in the past three decades. Unlike the constitutional revolutions of the late eighteenth century, these contemporary revolutions have occurred in countries

characterized by low levels of economic growth and education, where voting populations are deeply divided by race, religion, and ethnicity. And these countries have democratized at once, not gradually. The events and ideas of India's Founding Moment offer a natural reference point for these nations where democracy and constitutionalism have arrived simultaneously, and they remind us of the promise and challenge of self-rule today.

The Case of Sierra Leone Macmillan International Higher Education
Written to replace and extend Torr's Ancient Ships, this generously illustrated "underwater Bible" traces the art and technology of

Mediterranean ships and seamanship from their first crude stages (about 3000 B.C.) to the heyday of the Byzantine fleets. Originally published in 1971. The Princeton Legacy Library uses the latest print-on-demand technology to again make available previously out-of-print books from the distinguished backlist of Princeton University Press. These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions. The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905.

Getting Agencies to Work Together Knopf Books for Young Readers
 This book investigates the extent to which research has influenced and interacted with SSR policies, programmes and activities implemented by the UK in conflict-affected Sierra Leone. Varisco uses concepts and notions from the literature on the policy process and research utilisation to explore the ways in which

research has influenced UK-led SSR policy. Here, the author analyses the evolution of the network of policy-makers, street-level bureaucrats, and researchers working on SSR in Sierra Leone, and argues that two main variables – an increased stability in the country and a progressive evolution of SSR in policy and research – contributed to the expansion of the policy network over time and to a better use of research by street-level bureaucrats on the ground. This title derives from the Sierra Leone case study a series of recommendations to improve the use of research by international organisations and bilateral donors

Mark Twain Media CliffsNotes AP U.S. Government Cram Plan gives you a study plan leading up to your AP exam no matter if you have two months, one month, or even one week left to review before the exam! This new edition of CliffsNotes AP U.S. Government and Politics Cram Plan calendarizes a study plan for the 214,000 annual AP U.S. Government test-takers depending on how much time they have left before they take the May exam. Features of this plan-to-ace-the-exam product include: • 2-month study calendar and 1-month study calendar • Diagnostic exam that helps test-

takers pinpoint strengths and weaknesses • Subject reviews that include test tips and chapter-end quizzes • Full-length model practice exam with answers and explanations

India's Founding

Moment Princeton University Press Practice makes perfect with Saunders Q&A Review for the NCLEX-RN® Examination, 7th Edition. This popular review offers more than 6,000 test questions, giving you all the Q&A practice you need to pass the NCLEX-RN® examination! Each question enhances review by including a test-taking strategy, rationales for correct and incorrect answers, and page references to major nursing textbooks. Questions

are organized to match the Client Needs and Integrated Processes found in the most recent NCLEX-RN test plan. Q&A practice is also provided on an Evolve companion website, with many study and testing options. From the most trusted name in NCLEX review, Linda Anne Silvestri, this resource is part of the popular Saunders Pyramid to Success. A detailed test-taking strategy is included for each question, providing clues for analyzing and selecting the correct answer. Chapters organized by Client Needs simplify review and reflect the question mix in the NCLEX-RN test plan blueprint. Rationales are provided for both correct and incorrect answer options. All

alternate item question types are represented, including multiple response, prioritizing/ordered response, fill-in-the-blank, illustration/hot spot, chart/exhibit questions, graphic option, and questions incorporating audio and video. An 85-question comprehensive exam represents the content and percentages of question types identified in the NCLEX-RN test plan. A Priority Nursing Tip is included with each question, highlighting need-to-know patient care information. Introductory chapters feature preparation guidance for the NCLEX-RN including chapters on academic and nonacademic preparation, advice from a recent nursing

graduate, and transitional issues for the foreign-educated nurse. NEW! Reflects the latest NCLEX-RN® test plan to familiarize you with newly added content they may encounter on the exam. NEW! Additions to the Evolve companion website include a 75-question post-test, case studies with follow-up questions, and links to animations for selected rationales, offering unique remediation opportunities. NEW! Trade drug names replaced with generic drug names reflecting latest test plan changes. NEW! Health Problem label included to help you study selected health topics. This will also allow you to focus your study when reviewing questions on Evolve.

The Making of the American Creative Class Oxford

University Press

This is a major new edition of a highly regarded textbook on International Relations theory which combines coverage of the main contending theories and approaches with cross-cutting coverage of key current issues and debates; of the philosophical foundations of IR theory; and of why different theories are addressed to different research agendas.

Resources in education CABI

Drawing on records of about 5,500 soldiers and veterans, Shades of Green traces the organization of Irish regiments from the perspective of local communities in Connecticut, Illinois,

and Wisconsin and the relationships between soldiers and the home front. Research on the impact of the Civil War on Irish Americans has traditionally fallen into one of two tracks, arguing that the Civil War either further alienated Irish immigrants from American society or that military service in defense of the Union offered these men a means of assimilation. In this study of Irish American service, Ryan W. Keating argues that neither paradigm really holds, because many Irish Americans during this time already considered themselves to be assimilated members of American society. This comprehensive study argues that the local community was often more important to

ethnic soldiers than the imagined ethnic community, especially in terms of political, social, and economic relationships. An analysis of the Civil War era from this perspective provides a much clearer understanding of immigrant place and identity during the nineteenth century. With a focus on three regiments not traditionally studied, the author provides a fine-grained analysis revealing that ethnic communities, like other types of communities, are not monolithic on a national scale. Examining lesser-studied communities, rather than the usual those of New York City and Boston, Keating brings the local back into the story of Irish American participation

in the Civil War, thus adding something new and valuable to the study of the immigrant experience in America's bloodiest conflict. Throughout this rich and groundbreaking study, Keating supports his argument through advanced quantitative analysis of military-service records and an exhaustive review of a massive wealth of raw data; his use of quantitative methods on a large dataset is an unusual and exciting development in Civil War studies. Shades of Green is sure to "shake up" several fields of study that rely on ethnicity as a useful category for analysis; its impressive research provides a significant contribution to scholarship.

Agriculture is strongly affected by changes in soil hydrology as well as changes in land use and management practices and the complex interactions between them. This book develops an understanding of these interactions on a watershed scale, using soil hydrology models and addresses the consequences of land use and management changes on agriculture from a research perspective. Case studies illustrate the impact of land use and management on various soil hydrological parameters under different climates and ecosystems.

Life in the Political

Machine One World

In this book, Yuko Kawai departs from the common conception of Japan as an ethnically homogenous nation. A Transnational Critique of Japaneseness: Cultural Nationalism, Racism, and Multiculturalism in Japan investigates the construction of Japaneseness from a transnational perspective, examining ways to make Japanese nationhood more inclusive. Kawai analyzes a variety of communicational practices during the first two decades of the twenty-first century while situating Japaneseness in its longer historical transformation from the late nineteenth century. Kawai focuses on governmental and popular ideas of

Japaneseness in light of local, global, historical, and contemporary contexts as well as in relation to a diverse array of Others in both Asia and the West.
