*Crossing Waters, Crossing Worlds* Orient Paperbacks

*Crossing the Unknown Sea* is about reuniting the imagination with our day to day lives. It shows how poetry and practicality, far from being mutually exclusive, reinforce each other to give every aspect of our lives meaning and direction. For anyone who wants to

deepen their connection to their life's work—or find out what their life's work is—this book can help navigate the way. Whyte encourages readers to take risks at work that will enhance their personal growth, and shows how burnout can actually be beneficial and used to renew professional interest. He asserts that too many people blindly trudge through a mediocre work life because so many “busy” tasks prevent significant reflection and analysis of job satisfaction. People often turn to spiritual practice or religion to nurture their souls, but overlook how

work can actually be our greatest opportunity for discovery and growth. *Crossing the Unknown Sea* combines poetry, gifted storytelling and Whyte's personal experience to reveal work's potential to fulfill us and bring us closer to ultimate freedom and happiness.

**Tarot - Crossing Worlds** Oxford University Press

Single mother Jenny Lucas must find caregivers who will raise her five-year-old daughter when she's gone. Returning to her hometown in North Carolina, she's forced to mend relations with two possible

custodians: the baby's father, who doesn't know he has a child, and her own cold-hearted father.

Crossing the Rapido University Press of Kansas

In this examination of landscape and memory, four sites of American history are revealed as places where historical truth was written over by oppressive fiction—with profound repercussions for politics past and present. Popular narratives of American history conceal as much as they reveal. They present a national identity based on harvesting the treasures that lay in wait for European colonization. In *Whose Ruins* tells another story: winding through the US landscape, from Native American earthworks in West Virginia to the Manhattan Project in New Mexico, this history is a tour of sites that were mined for an empire's power. Showing the hidden costs of ruthless economic growth, particularly to Indigenous people and ways of understanding, this book illuminates the myth-making intimately tied to place. From the ground up, the project of settlement, expansion, and extraction became entwined with the spiritual values

of those who hoped to gain from it. Every nation tells some stories and suppresses others, and *In Whose Ruins* illustrates the way American myths have been inscribed on the earth itself, overwriting Indigenous histories and binding us into an unsustainable future. In these pages, historian Alicia Puglionesi illuminates the story of the Grave Creek Stone, “discovered” in an ancient Indigenous burial mound, and used to promote the theory that a lost white race predated Native people in North America—part of a wider effort to justify European conquest with alternative histories. When oil was discovered in the corner of western Pennsylvania soon known as Petrolia, prospectors framed that treasure, too, as a birthright passed to them, through Native guides, from a lost race. Puglionesi traces the fate of ancient petroglyphs that once adorned rock faces on the Susquehanna River, dynamited into pieces to make way for a hydroelectric dam. This act foreshadowed the flooding of Native lands around the country; over the course of the 20th century, almost every major river was dammed for economic purposes. And she explores the effects of the US nuclear

program in the Southwest, which contaminated vast regions in the name of eternal wealth and security through atomic power. This promise rang hollow for the surrounding Native, Hispanic, and white communities that were harmed, and even for some scientists. It also inspired nationwide resistance, uniting diverse groups behind a different vision of the future—one not driven by greed and haunted by ruin. This deeply researched work of narrative history traces the roots of American fantasies and fears in a national tradition of selective forgetting. Connecting the power of myths with the extraction of power from the land itself reveals the truths that have been left out and is an invaluable torch in the search for a way forward.

NATIONAL BOOK AWARD WINNER • NEW

YORK TIMES BESTSELLER • A renowned

historian traces the life of a single object

handed down through three generations of

Black women to craft a “deeply layered

and insightful” (The Washington Post)

testament to people who are left out of the

archives. WINNER: Frederick Douglass

Book Prize, Harriet Tubman Prize, PEN/John Kenneth Galbraith Award, Anisfield-Wolf Book Award, Ralph Waldo Emerson Prize, Lawrence W. Levine Award, Darlene Clark Hine Award, Cundill History Prize, Joan Kelly Memorial Prize, Massachusetts Book Award ONE OF THE TEN BEST BOOKS OF THE YEAR: The Washington Post, Slate, Vulture, Publishers Weekly "A history told with brilliance and tenderness and fearlessness."—Jill Lepore, author of *These Truths: A History of the United States In 1850s South Carolina*, an enslaved woman named Rose faced a crisis: the imminent sale of her daughter Ashley. Thinking quickly, she packed a cotton bag for her with a few items, and, soon after, the nine-year-old girl was separated from her mother and sold. Decades later, Ashley's granddaughter Ruth embroidered this family history on the sack in spare, haunting language. Historian Tiya Miles carefully traces these women's faint presence in archival records, and, where archives fall short, she turns to objects, art, and the environment to write a singular history of the experience of slavery, and the uncertain freedom afterward, in the United States. All That

*She Carried* is a poignant story of resilience and love passed down against steep odds. It honors the creativity and resourcefulness of people who preserved family ties when official systems refused to do so, and it serves as a visionary illustration of how to reconstruct and recount their stories today FINALIST: MAAH Stone Book Award, Kirkus Prize, Mark Lynton History Prize, Chataqua Prize ONE OF THE BEST BOOKS OF THE YEAR: The New York Times, NPR, Time, The Boston Globe, The Atlantic, The Atlanta Journal-Constitution, Smithsonian Magazine, St. Louis Post-Dispatch, Ms. magazine, Book Riot, Library Journal, Kirkus Reviews, Booklist *Crossing the River* Random House Off the coast of Cape Cod lies a small windswept island called Penikese. Alone on the island is a school for juvenile delinquents, the Penikese Island School, where Daniel Robb lived and worked for three years as a teacher. By turns harsh, desolate, and starkly beautiful, the island offers its temporary residents respite from lives filled with abuse, violence, and chaos. But as Robb discovers, peace, solitude, and a structured lifestyle can go

only so far toward healing the anger and hurt he finds not only in his students but within himself. Lyrical and heartfelt, *Crossing the Water* is the memoir of his first eighteen months on Penikese, and a poignant meditation on the many ways that young men can become lost.

**Crossing Boundaries** Univ of North Carolina Press

Gustav Rubin, a fur dealer in Vienna, flies to New York to spend the summer with his wife and two young children in a lake house north of the city. When he arrives late at JFK, he is met by his opinionated, unrelenting mother, Rosa. They rent a car and set out for Lake Gilead. But Gustav loses his way, and son and mother end up on the wrong side of the river. Trying to find the right route north, they become trapped on the Tappan Zee Bridge in the traffic jam of all traffic jams— a truck transporting toxic chemicals has turned over—and Gustav and Mother remain gridlocked high above the Hudson River. Gustav begins to think of his beloved father, a renowned intellectual, now eleven months dead. Then, in a surprising, highly original twist worthy of Kafka, both Gustav and Mother see the body—"the

colossal, golem-like fatherbody" – of Ludwig David Rubin floating naked in the waters below. Jungk gives a profound meditation on a Jewish family and its past, especially the lasting distorting effects on a son of a famous, vital father and a clinging, overwhelming mother, and of the differences between the generation of European intellectual refugees who arrived in the United States during the Second World War and the children of that generation.

"Khepri, who lives in ancient Egypt, begins

to feel nervous as he and his father travel to Thebes for Khepri's first day of scribe school"--

*Ties That Bind* Simon and Schuster  
CROSSING WATERS is set in the late colonial and early US Independence period, roughly 1760-1820, and transitioning from Barbados to New York.  
*Crossing the Waters* University of Washington Press

2023 Honorable Mention, Isis Duarte Book Prize, Haiti/ Dominican Republic section (LASA) 2023 Winner, Gordon K. and Sybil Lewis Book Award, Caribbean Studies Association An innovative study of the artistic representations of undocumented migration within the Hispanophone Caribbean Debates over the undocumented migration of Latin Americans invariably focus on the southern US border, but most migrants never cross that arbitrary line. Instead, many travel, via water, among the Caribbean islands. The first study to examine literary and artistic representations of undocumented migration within the Hispanophone Caribbean, *Crossing Waters* relates a journey that remains silenced and largely

unknown. Analyzing works by novelists, short-story writers, poets, and visual artists replete with references to drowning and echoes of the Middle Passage, Marisel Moreno shines a spotlight on the plight that these migrants face. In some cases, Puerto Rico takes on a new role as a stepping-stone to the continental United States and the society migrants will join there. Meanwhile the land border between Haiti and the Dominican Republic, the only terrestrial border in the Hispanophone Caribbean, emerges as a complex space within this cartography of borders. And while the Border Patrol occupies US headlines, the Coast Guard occupies the nightmares of refugees. An untold story filled with beauty, possibility, and sorrow, *Crossing Waters* encourages us to rethink the geography and experience of undocumented migration and the role that the Caribbean archipelago plays as a border zone.

*Crossing Oceans* Univ of California Press

In a world just a portal away from ours lives Evie, a sweet and timid princess who is struggling to cope with the king's failing health, the cruel queen's increasingly sour mood, and ten years of lost memories.

News from a messenger brings her even more confusion and causes her to wonder is the queen even worse than she thought? When Evie discovers what the first ten years of her life held, she sets out on the adventure of a lifetime to set her world and ours right.

**Across the Black Waters** Smithsonian The story of three friends journeying across 2,500 miles of the toughest terrain on the planet in a very old Land Rover called 9Bob. Over two months in 2013, they completed the only north-south crossing of the Congo River Basin in decades, travelling from Kinshasa, in the Democratic Republic of Congo, to Juba, in South Sudan, a journey they had been told repeatedly was 'impossible'. On the way, they faced fierce challenges, ranging from jungle terrain, kleptocracy, fire ants, illegal mining and burrowing parasites, to factional disputes, destroyed bridges, non-existent roads and intense suspicion from local people. These difficulties, and others, found them building rafts and bridges to cross rivers, playing tribal politics, bargaining for Land Rover parts in scrapyards, and conducting makeshift surgery in the jungle--both on 9Bob and on

one another. Conjuring all their combined ingenuity and resolve, they got through. But the Congo is raw, and the journey took its toll, exerting a psychological pressure on them that they hadn't expected. And although they all lost something in the Congo, this book is ultimately about the power of teamwork to overcome tremendous odds.

*Crossing Worlds* Simon and Schuster Six months after the Declaration of Independence, the American Revolution was all but lost. A powerful British force had routed the Americans at New York, occupied three colonies, and advanced within sight of Philadelphia. Yet, as David Hackett Fischer recounts in this riveting history, George Washington--and many other Americans--refused to let the Revolution die. On Christmas night, as a howling nor'easter struck the Delaware Valley, he led his men across the river and attacked the exhausted Hessian garrison at Trenton, killing or capturing nearly a thousand men. A second battle of Trenton followed within days. The Americans held off a counterattack by Lord Cornwallis's best troops, then were almost trapped by the British force. Under cover of night,

Washington's men stole behind the enemy and struck them again, defeating a brigade at Princeton. The British were badly shaken. In twelve weeks of winter fighting, their army suffered severe damage, their hold on New Jersey was broken, and their strategy was ruined. Fischer's richly textured narrative reveals the crucial role of contingency in these events. We see how the campaign unfolded in a sequence of difficult choices by many actors, from generals to civilians, on both sides. While British and German forces remained rigid and hierarchical, Americans evolved an open and flexible system that was fundamental to their success. The startling success of Washington and his compatriots not only saved the faltering American Revolution, but helped to give it new meaning.

**Woman at Otowi Crossing** Random House

On a medieval world called Wayan, where wondrous beings unravel their destiny through Tarot reading, a powerful sorceress commits a shocking act by abducting the queen's young children and spiriting them away through enchanted portals. Their memories erased, the

children grow up on Earth, oblivious to their heritage. Now, after twenty-one years of searching, opposing magical forces are racing to lay claim to Andrew and Amy. In a race against time, the siblings must embark on a perilous journey to rediscover their past and save their birth mother, Queen Lillian, from the grip of a malevolent star. A captivating tale of love and bravery, *Tarot - Crossing Worlds* explores the unbreakable bonds of family and the extraordinary lengths we are willing to go to for the ones we love.

**Crossing the Tracks** Random House Trade Paperbacks

"Crossing the Pond also chronicles the unsuccessful efforts of Nazi propagandists to exploit Native Americans for the Third Reich, as well as the successful efforts of the United States government and the media to recruit Native Americans, utilize their resources, and publicize their activities for the war effort. Attention is also given to the postwar experiences of Native American men and women as they sought the franchise, educational equality, economic stability, the right to purchase alcohol, and the same amount of respect given to other American war veterans."--

BOOK JACKET.

**Crossing the Hudson** Other Press, LLC  
*Crossing Boundaries: Ethnicity, Race, and National Belonging in a Transnational World* explores ethnic and racial nationalism within a transnational and transcultural framework in the long twentieth century (late nineteenth to early twenty-first century). The contributors to this volume examine how national solidarity and identity—with their vast array of ideological, political, intellectual, social, and ethno-racial qualities—crossed juridical, territorial, and cultural boundaries to become transnational; how they altered the ethnic and racial visions of nation-states throughout the twentieth century; and how they ultimately influenced conceptions of national belonging across the globe. Human beings live in an increasingly interconnected, transnational, global world. National economies are linked worldwide, information can be transmitted around the world in seconds, and borders are more transparent and fluid. In this process of transnational expansion, the very definition of what constitutes a nation and nationalism in many parts of the world has

been expanded to include individuals from different countries, and, more importantly, members of ethno-racial communities. But crossing boundaries is not a new phenomenon. In fact, transnationalism has a long and sordid history that has not been fully appreciated. Scholars and laypeople interested in national development, ethnic nationalism, as well as world history will find *Crossing Boundaries* indispensable.

*Native Seattle* Swallow Press

A powerful exploration of grief and resilience following the death of the author's son that combines memoir, reportage, and lessons in how to heal. Everyone deals with grief in their own way. Helen Macdonald found solace in training a wild goshawk. Cheryl Strayed found strength in hiking the Pacific Crest Trail. For Carol Smith, a Pulitzer Prize nominated journalist struggling with the sudden death of her seven-year-old son, Christopher, the way to cross the river of sorrow was through work. In *Crossing the River*, Smith recounts how she faced down her crippling loss through reporting a series of profiles of people coping with their own intense challenges, whether a life-altering accident, injury, or diagnosis. These were

stories of survival and transformation, of people facing devastating situations that changed them in unexpected ways. Smith deftly mixes the stories of these individuals and their families with her own account of how they helped her heal. General John Shalikashvili, once the most powerful member of the American military, taught Carol how to face fear with discipline and endurance. Seth, a young boy with a rare and incurable illness, shed light on the totality of her son's experiences, and in turn helps readers see that the value of a life is not measured in days. *Crossing the River* is a beautiful and profoundly moving book, an unforgettable journey through grief toward hope, and a valuable, illuminating read for anyone coping with loss.

**Crossing Waters** Book Guild Publishing Three women uncover the secrets of a Georgia plantation that embodies the intertwined histories of Indigenous and enslaved Black communities—the fascinating debut novel, inspired by a true story, of the National Book Award-winning and New York Times bestselling author of *All That She Carried*, now featuring a new introduction and discussion guide. “The

Cherokee Rose is a mic drop—an instant classic. An invitation to listen to the urgent, sweet choruses of past and present.”—Honorée Fanonne Jeffers, author of *The Love Songs of W.E.B. Du Bois* LAMBDA LITERARY AWARD FINALIST Conducting research for her weekly history column, *Jinx*, a free-spirited Muscogee (Creek) historian, travels to Hold House, a Georgia plantation originally owned by Cherokee chief James Hold, to uncover the mystery of what happened to a tribal member who stayed behind after Indian removal, when Native Americans were forcibly displaced from their ancestral homelands in the nineteenth century. At Hold House, she meets Ruth, a magazine writer visiting on assignment, and Cheyenne, a Southern Black debutante seeking to purchase the estate. Hovering above them all is the spirit of Mary Ann Battis, the young Indigenous woman who remained in Georgia more than a century earlier. When they discover a diary left on the property that reveals even more about the house’s dark history, the three women’s connections to the place grow deeper. Over a long holiday weekend, Cheyenne is forced to reconsider the

property’s rightful ownership, *Jinx* reexamines assumptions about her tribe’s racial history, and Ruth confronts her own family’s past traumas before surprising herself by falling into a new romance. Imbued with a nuanced understanding of history, *The Cherokee Rose* brings the past to life as *Jinx*, Ruth, and Cheyenne unravel mysteries with powerful consequences for them all.

[Crossing the Pond](#) NavPress

Winner of the 2008 Washington State Book Award for History/Biography In traditional scholarship, Native Americans have been conspicuously absent from urban history. Indians appear at the time of contact, are involved in fighting or treaties, and then seem to vanish, usually onto reservations. In *Native Seattle*, Coll Thrush explodes the commonly accepted notion that Indians and cities—and thus Indian and urban histories—are mutually exclusive, that Indians and cities cannot coexist, and that one must necessarily be eclipsed by the other. Native people and places played a vital part in the founding of Seattle and in what the city is today, just as urban changes transformed what it meant to be Native. On the urban

indigenous frontier of the 1850s, 1860s, and 1870s, Indians were central to town life. Native Americans literally made Seattle possible through their labor and their participation, even as they were made scapegoats for urban disorder. As late as 1880, Seattle was still very much a Native place. Between the 1880s and the 1930s, however, Seattle's urban and Indian histories were transformed as the town turned into a metropolis. Massive changes in the urban environment dramatically affected indigenous people's abilities to survive in traditional places. The movement of Native people and their material culture to Seattle from all across

the region inspired new identities both for the migrants and for the city itself. As boosters, historians, and pioneers tried to explain Seattle's historical trajectory, they told stories about Indians: as hostile enemies, as exotic Others, and as noble symbols of a vanished wilderness. But by the beginning of World War II, a new multiracial urban Native community had begun to take shape in Seattle, even as it was overshadowed by the city's appropriation of Indian images to understand and sell itself. After World War II, more changes in the city, combined with the agency of Native people, led to a new visibility and authority for Indians in

Seattle. The descendants of Seattle's indigenous peoples capitalized on broader historical revisionism to claim new authority over urban places and narratives. At the beginning of the twenty-first century, Native people have returned to the center of civic life, not as contrived symbols of a whitewashed past but on their own terms. In Seattle, the strands of urban and Indian history have always been intertwined. Including an atlas of indigenous Seattle created with linguist Nile Thompson, *Native Seattle* is a new kind of urban Indian history, a book with implications that reach far beyond the region. Replaced by ISBN 9780295741345
