“Alif had never set foot outside of West Sumatra. He passed his childhood days searching for fallen durian fruit in the jungle, playing soccer on rice paddies, and swimming in the blue waters of Lake Maninjau. His mother

wants him to attend an Islamic boarding school, a pesantren, while he dreams of public high school. Halfheartedly, he follows his mother's wishes. He finds himself on a grueling three-day bus ride from Sumatra to Madani Pesantren (MP) in a remote village on Java. On his first day at MP, Alif is captivated by the powerful phrase *man jadda wajada*. He who gives his all will surely succeed. United by punishment, he quickly becomes friends with five boys from across the

archipelago, and together they become known as the Fellowship of the Manara. Beneath the mosque's minaret, the boys gaze at the clouds on the horizon, seeing in them their individual dreams of far-away lands, like America and Europe. Where would these dreams take them? They didn't know. What they did know was: never underestimate dreams, no matter how high they may be. "Earth Dance," the story of four generations of Balinese women, centers on conflicts that arise between the demands of caste and personal desires. Narrated by Ida Ayu Telaga, a Balinese woman in her thirties, the novel shows Balinese women-as depicted by her

mother, grandmother and female peers-to be motivated by two factors: the yearning to be beautiful, and the desire for a high-caste husband. Headstrong Telaga defies her mother's wishes and marries the man of her dreams, who is a commoner. Thus, in a reversal of societal expectations, as shown in the novel by images of women who aspire to "liberation" through "marrying up," Telaga's emancipation is implicitly characterized as a move downwards, through

transformation to the status of a commoner. "Earth Dance" also reveals that-like high-caste status-beauty, too, has a price. Behind the thick, glossy hair and golden complexion, lies a web of jealousy, derision and intrigue. Telaga, whose life is controlled by her mother's avarice, her mother-in-law's bitterness and the greed of her sister-in-law, has frequent cause to wonder: "Is this what it means to be a woman?"

 Published in Indonesia in 2005, *The Rainbow Troops*, Andrea Hirata's closely autobiographical debut novel, sold more than five million copies, shattering records. Now it promises to captivate audiences around the globe. Ikal is a student at the poorest village school

on the Indonesian island of Belitong, where graduating from sixth grade is considered a remarkable achievement. His school is under constant threat of closure. In fact, Ikal and his friends—a group nicknamed the Rainbow Troops—face threats from every angle: skeptical government officials, greedy corporations hardly distinguishable from the colonialism they've replaced, deepening poverty and crumbling infrastructure, and their own low self-

confidence. But the students also have hope, which comes in the form of two extraordinary teachers, and Ikal's education in and out of the classroom is an uplifting one. We root for him and his friends as they defy the island's powerful tin mine officials. We meet his first love, the unseen girl who sells chalk from behind a shop screen, whose pretty hands capture Ikal's heart. We cheer for Lintang, the class's barefoot math genius, as he bests the students of

the mining corporation's school in an academic challenge. Above all, we gain an intimate acquaintance with the customs and people of the world's largest Muslim society. This is classic storytelling in the spirit of Khaled Hosseini's *The Kite Runner*: an engrossing depiction of a milieu we have never encountered before, bursting with charm and verve.

The kamikaze pilots or "Winds of God" were created in 1945, during

Japan's twilight year of the Second World War. The world looked upon this monstrous creation of "human bombs" with disbelief but the young patriotic men of Japan who signed up for the terrifying attack missions of the kamikaze program were unstoppable.

Women looked on with envy and frustration at their own inadequacies which allowed only men into the program, but did anyone of them really take the daring step of breaking this rule? "Japanese Rose" is a

haunting story of the secret life and love of Sayuri Miyamoto, the woman who DID dare to take on the whole Japanese military to follow her dream of becoming a kamikaze pilot and paid dearly for that dream. "No one must ever know there was a female kamikaze pilot to dishonor and disgrace the discipline of the Japanese military so from today, you Sayuri Miyamoto are officially dead!" This book also takes readers on a sad journey through the ravages of war torn Japan

seen from the eyes of a young woman who cherished the impossible and forbidden dream of becoming a female kamikaze pilot. "Who is this? And why do you call me by this name? It hasn't been used for 60 years!" the crisp irritable voice had changed to a soft, quivering whisper like the moaning of an injured animal and it made Mayumi uncomfortable at her intrusion into someone's obviously painful past. With these words, Sayuri Miyamoto finally broke the silence

that had been imposed on her for decades. But History will never admit or accept her existence so was she real or a myth born of the feverish imagination of one woman with an unfulfilled dream?
