The Model Rules of Professional Conduct provides an up-to-date
resource for information on legal ethics. Federal, state and local
courts in all jurisdictions look to the Rules for guidance in solving
lawyer malpractice cases, disciplinary actions, disqualification
issues, sanctions questions and much more. In this volume, black-
letter Rules of Professional Conduct are followed by numbered
Comments that explain each Rule's purpose and provide
suggestions for its practical application. The Rules will help you
identify proper conduct in a variety of given situations, review
those instances where discretionary action is possible, and define
the nature of the relationship between you and your clients,
colleagues and the courts.
