Walter Dean Myers brilliantly renders the realities of World War II. Josiah Wedgewood and Marcus Perry are on their way to an uncertain future. Their whole lives are ahead of them, yet at the same time, death's whisper is everywhere. One white, one black, these young men have nothing in common and everything in common as they approach an experience that will change them forever. It's May 1944. World War II is ramping up, and so are these young recruits, ready and eager. In small towns and big cities all over the globe, people are filled with fear. When Josiah and Marcus come together in what will be the greatest test of their lives, they learn hard lessons about race, friendship, and what it really means to fight. Set on the front lines of the Normandy invasion, this novel, rendered with heart-in-the-throat precision, is a cinematic masterpiece. Here we see the bold terror of war, and also the nuanced havoc that affects a young person's psyche while living in a barrack, not knowing if today he will end up dead or alive.

James Paul Gee begins his classic book with "I want to talk about video games--yes, even violent video games--and say some positive things about them." With this simple but explosive statement, one of America's most well-respected educators looks seriously at the good that can come from playing video games. In this revised edition of What Video Games Have to Teach Us About Learning and Literacy, new games like World of Warcraft and Half Life 2 are evaluated and theories of cognitive development are expanded. Gee looks at major cognitive activities including how individuals develop a sense of identity, how we grasp meaning, how we evaluate and follow a command, pick a role model, and perceive the world.

Gone With The Wolf Macmillan

FREEDOM Kareena Smith, leader of the unregistered telepaths of Earth, waged a secret war against the Tel Group and her government as long as she could remember. Until Tel captured her, her second in command, and one of their own, a defector. After months of captivity and several failed escape attempts, the three women are rescued by a group of Delroi warriors. There's a price on her head and nothing left for her at home. Delroi offers sanctuary she can't refuse. As soon as she's rescued, she's pursued relentlessly by sexy clan chief, Roarr Idis. She might find the kind of ecstasy in his arms she's only dreamed of, but he wants the one thing she will never give up. Her freedom.

IRRESISTIBLE After six months captivity, Parker Reed is thrilled to be free and offered asylum on Delroi, joining her fellow prisoners Kareena and Zola. It's not long before she realizes that could have been a huge mistake. She's a woman used to being in control and she devoted her life to one purpose: bringing down the corrupt. That identity is gone now but she hasn't changed. She doesn't play, goof off, or involve herself with men who think they should be the center of her life. Kaje Stian is a constant presence, however. He's the exact opposite of the kind of men Parker usually dates, and he's determined to have her. What's a girl to do? He's overbearing, demanding, and ultimately, irresistible. REDEMPTION Zola Gray is a woman on a mission. After escaping a year's imprisonment, she was grateful to take asylum on Delroi and recover from her long captivity. But she isn't like the company she suddenly finds herself in. She was a willing member of the Tel Group until one assassination too many made her rebel. Now Tel is coming after her and her friends, and she'll do whatever it takes to end them once and for all. Jarek Idis was born, raised, and trained a warrior. Then he followed his true passion, healing. He knows Zola wants to confront the assassins coming after her in a misguided attempt at redemption, but he has other ideas. He's supposed to be healing her body, but he's going straight for her heart and soul. He sees what's hidden under her bad ass veneer and he intends to keep the woman he knows she truly is. ABSOLUTION Anna Leigh Gray set out to save her daughter. While her former allies, the evil and malicious Tel Group has been dealt a major blow, they haven't been destroyed and their sights are focused on one thing. Killing her daughter. To protect her Anna Leigh has to get to Delroi. The last thing she expects is being claimed by the dangerous, sexy Xan Bana. His telepathy is as strong as hers, his mind is fascinating, and he has moves in the bedroom she'd never been aware she missing. But he's an enigmatic warrior and she's not convinced his motives are pure. Xan Bana never expected to find a mate or take over leadership of his clan. Both are a challenge he's looking forward to. Dealing with a clan that is in disarray is easier than getting to know the woman who now stands at his side, however. But when they arrive on Delroi, they help Zola all they can but when a ghost from the past almost kills her, his primitive dominant instincts threaten the fragile bond he's forging with his mate. Now he's in a race against time to keep his mate, protect her daughter, and save the son she'd thought lost long ago.
