50 Big Ideas You Really Need to Know is a concise, accessible and popular guide to the central tenets of Western thought. Every important principle of philosophy, religion, politics, economics, the arts and the sciences is profiled in a series of short illustrated essays, complemented by an informative array of timelines and box features.

[The people and ideas that changed the way we think](#) Icon Books Ltd

Keynesian Economics, Free Market Capitalism, Monetarism, Game Theory and the Invisible Hand. Sure, you know what they mean. That is, you've certainly heard of them. But do you know enough about these economic theories to join a dinner party debate or dazzle the bar with your financial knowledge? 30 Second Economics takes the top 50 economic theories, and explains them to the

general reader in half a minute, using nothing more than two pages, 300 words and one picture. Economics will suddenly seem a lot more fun than the economy, and make a lot more sense, and along the way you'll meet founding fathers of modern economics such as Adam Smith, David Ricardo and Alfred Marshall. From Marxism to Mercantilism, plus everything in between, this is the ultimate 'crash' course in economic theory.

30 Second Mythology Random House

30-Second Mythology offers the shortest path to a world of gods and monsters. So much modern culture traces its origins back to Greek and Roman mythology (witness 2010s Clash of the Titans and Percy Jackson and the Olympians). The stories provide wonderful references to make your conversation more heroic and raise your imagination closer to the gods. Sail through these fifty 30-second legends to discover what Hercules did to deserve his twelve labors, why Odysseus took ten years to travel 500 miles, and how Narcissus found the love of his life. The perfect reference book for creative writers, it covers gods and goddesses, heroes and monsters, story locations and the great storytellers. There are also condensed versions of the tragic tales alongside explanations of their modern legacies: from the Oedipus Complex to the Narcissus Syndrome.

30-Second Economics

In this fascinating book, Chris Abbott, a leading political analyst, takes a close look at 21 key speeches which have shaped the world today. He examines the power of the arguments embedded in these speeches to inspire people to achieve great things, or do great harm. Abbott draws upon his political expertise to explain how our current understanding of the world is rooted in pivotal moments of history. These moments are captured in the words of a range of influential speakers including: Emmeline Pankhurst, Martin Luther King, Jr, Enoch Powell, Napoleon Beazley, Kevin Rudd, Alexander Solzhenitsyn, Ronald Reagan, George W. Bush, Osama bin Laden, Margaret Beckett, Winston Churchill, Salvador Allende, Margaret Thatcher, Tony Blair, Tim Collins, Mohandas Gandhi, Dwight D. Eisenhower, Robin Cook and Barack Obama. The speeches in this book are arranged thematically, linked by concepts such as 'might is right', 'with us or against us' and 'give peace a chance'. Each transcript is accompanied by an insightful commentary that analyses how the words relate to our modern society. Fresh and relevant, this is a book that will make you stop in your tracks and think about what is really happening in the world today.
