Traditions of  
asceticism,  
yoga, and  
devotion  
(bhakti),  
including  
dance and  
music,  
developed in

Hinduism over long periods of time. Some of these practices, notably those denoted by the term yoga, are orientated towards salvation from the cycle of reincarnation and go back several thousand years. These practices, borne witness to in ancient texts called Upaniṣads, as well as in other traditions, notably early Buddhism and Jainism, are the subject of this volume in the Oxford History of

Hinduism. Practices of meditation are also linked to asceticism (tapas) and its institutional articulation in renunciation (saṃnyāsa). There is a range of practices or disciplines from ascetic fasting to taking a vow (vrata) for a deity in return for a favour. There are also devotional practices that might involve ritual, making an offering to a deity and receiving a blessing, or visualization of the master

(guru). The overall theme—the history of religious practices—might even be seen as being within a broader intellectual trajectory of cultural history. In the substantial introduction by the editor this broad history is sketched, paying particular attention to what we might call the medieval period (post-Gupta) through to modernity when traditions had

significantly developed in relation to each other. The chapters in the book chart the history of Hindu practice, paying particular attention to indigenous terms and recognizing indigenous distinctions such as between the ritual life of the householder and the renouncer seeking liberation, between 'inner' practices of and 'external' practices of

ritual, and between those desirous of liberation (mumukṣu) and those desirous of pleasure and worldly success (bubhukṣu). This whole range of meditative and devotional practices that have developed in the history of Hinduism are represented in this book. From the Sunday Times bestselling author of 50 People Who Bugged Up Britain, Quentin Letts, comes his blistering new book on how Britain's out-of-touch, illiberal elite fills its boots.

'HILARIOUS' Daily Mail

'With its

<p>vicious takedowns, Quentin Letts' laugh-out-loud Patronising Bastards will have the lefty- elite running scared' The Sun Not since Marie Antoinette said 'Let them eat cake' have the peasants been so revolting. Western capitalism's elites are bemused: Brexit, Trump, and maybe more eruptions to follow. But their rulers were so good to them! Hillary Clinton called the ingrates 'a</p>	<p>basket of deplorables', Bob Geldof flicked them a V sign, Tony Blair thought voters too thick to understand the question. Wigged judges stared down their legalistic noses at a surging, pongy populous. These people who know best, these snooterati with their faux-liberal ways, are the 'Patronising Bastards'. Their downfall is largely of their own making - their Sybaritic excesses, an</p>	<p>obsession with political correctness, the prolonged rape of reason and rite. You'll find these self- indulgent show-ponys not just in politics and the cloistered old institutions but also in high fashion, football, among the clean-eating foodies and at the Baftas and Oscars, where celebritydom hires PR smoothies to massage reputations and mislead, distort, twist. Quentin Letts identifies these condescending creeps and their networks, their methods and their dubious morals. Letts kebabs them like mutton. It's baaaahd. It's juicy.
