The Sociology of Consumption: A Global Approach | Social ... This article examines the development of the sociology of consumption. It identifies three periods in its evolution: origins prior to the 1980s; the years between the 1980s and the mid-2000s under the influence of the cultural turn; and the subsequent decade, when new theoretical perspectives and political issues have emerged. Achievements of the second period are reviewed and three areas of ... The Sociology of

Consumption: Its Recent Development ...The Section on the Sociology of Consumers and Consumption seeks to promote research, dialog and teaching about the multi-faceted ways in which consumers, commodities, consumption and market logics have come to inform virtually all aspects of social life and social interaction. Sociology of Consumers and Consumption | American ...The sociology of consumption in Europe emerged in response to acrimonious disputes about welfare provision, conceptualized as a shift from collective to private consumption (Castells 1977, Saunders 1978), whereupon it began to be isolated as a relatively autonomous domain of activity, a tendency accentuated by the diffusion of postmodern thought and cultural theory. The Sociology of Consumption: Its Recent Development ...This chapter draws on my previous surveys of the literature in the sociology of consumption, including short passages from A. Warde (2015) 'The Sociology of Consumption: Its Recent Development', *Annual Review of Sociology*, 41, 117–34; A. Warde (2014) 'After Taste: Culture, Consumption and Theories of Practice', *Journal of Consumer Culture*, 14:3, 279–303. The Development of the Sociology of Consumption | SpringerLink Yet, in my view, sociology of consumption is the marriage of economic sociology and sociology of culture. This volume does service to economic sociology, but somewhat shorts sociology of culture. To answer a question like “where do needs come from?” one needs a theory that links the socialization of identity—which is inevitably discursive—with certain consumption practices. Consumption became privatized, a range of activities under the purview of women consigned to the domestic arena. Although the separation of spheres was more cultural ideal than historical

practice for many marginalized social groups (African Americans, the poor, immigrants), the association of women with consumption, and men with production, prevails today and shapes research and theory on ...
