## STEPHENSON LIVINGSTON

### The Ethical Carnivore Square Enix Manga

Eleanor of Aquitaine has been waiting in Heaven for a long time to be reunited with her second husband, Henry II of England. Finally, the day has come when Henry will be judged for admission--and while Eleanor waits, three people close to her during various times of her life join her, helping to distract her and providing a rich portrait of a remarkable woman in history. Current Perspectives in Cognitive Processing by Domesticated Animals Wildside Press LLC

From the website: Although the IUCN has previously established working protocols for plant and animal re-introduction, the great apes present unique challenges and concerns owing to their singular cognitive development. This prompted the Primate Specialist Group to reconsider the existing guidelines in terms of the specific needs of great apes. The resulting synthesis, representing the expert opinion of primatologists and re-introduction practitioners, is presented here as part of the series of best-practices documents. Specifically designed for rehabilitators and specialists in re-introduction, these guidelines start from the fundamental assumption that re-introductions should not endanger wild populations of great apes or the ecosystems they inhabit. Equally important is the health and welfare of the individual great apes being re-introduced, as well as the caretaker staff and the residents of the surrounding areas. The re-introduction guidelines also require that the factors which first threatened great apes in the proposed site of release have been addressed and resolved.

Perfect for fans of Raina Telgemeier, Awkward, and All's Faire in Middle School, this graphic novel follows a neighborhood of kids who transform ordinary cardboard into fantastical homemade costumes as they explore conflicts with friends, family, and their own identity. "A breath of fresh air, this tender and dynamic collection is a must-have." --Kirkus, Starred Welcome to a neighborhood of kids who transform ordinary boxes into colorful costumes, and their ordinary block into cardboard kingdom. This is the summer when sixteen kids encounter knights and rogues, robots and monsters--and their own inner demons--on one last quest before school starts again. In the Cardboard Kingdom, you can be anything you want to be--imagine that! The Cardboard Kingdom was created, organized, and drawn by Chad Sell with writing from ten other authors: Jay Fuller, David DeMeo, Katie Schenkel, Kris Moore, Molly Muldoon, Vid Alliger, Manuel Betancourt, Michael Cole, Cloud Jacobs, and Barbara Perez Marquez. The Cardboard Kingdom affirms the power of imagination and play during the most important years of adolescent identity-searching and emotional growth. NAMED ONE OF THE BEST BOOKS OF THE YEAR BY KIRKUS REVIEWS \* THE NEW YORK PUBLIC LIBRARY \* SCHOOL LIBRARY JOURNAL \* A TEXAS BLUEBONNET 2019-20 MASTER LIST SELECTION "There's room for everyone inside The Cardboard Kingdom, where friendship and imagination reign supreme." --Ingrid Law, New York Times bestselling author of Savvy "A timely and colorful

graphic novel debut that, like its many offbeat but on-point characters, marches to the beat of its own cardboard drum." --Tim Federle, award-winning author of Better Nate Than Ever

Renowned ponymistress Rebecca Wilcox distills her decades of experience owning and training bio-horses, plus her fiendishly kinky imagination, into a comprehensive, photographically illustrated introduction to outfitting and training the human pony. *Dvd Savant* North-Holland

From Susan Casey, the New York Times bestselling author of *The Wave* and *The Devil's Teeth*, a breathtaking journey through the extraordinary world of dolphins Since the dawn of recorded history, humans have felt a kinship with the sleek and beautiful dolphin, an animal whose playfulness, sociability, and intelligence seem like an aquatic mirror of mankind. In recent decades, we have learned that dolphins recognize themselves in reflections, count, grieve, adorn themselves, feel despondent, rescue one another (and humans), deduce, infer, seduce, form cliques, throw tantrums, and call themselves by name. Scientists still don't completely understand their incredibly sophisticated navigation and communication abilities, or their immensely complicated brains. While swimming off the coast of Maui, Susan Casey was surrounded by a pod of spinner dolphins. It was a profoundly transporting experience, and it inspired her to embark on a two-year global adventure to explore the nature of these remarkable beings and their complex relationship to humanity. Casey examines the career of the controversial John Lilly, the pioneer of modern dolphin studies whose work eventually led him down some very strange paths. She visits a community in Hawaii whose adherents believe dolphins are the key to spiritual enlightenment, travels to Ireland, where a dolphin named as "the world's most loyal animal" has delighted tourists and locals for decades with

his friendly antics, and consults with the world's leading marine researchers, whose sense of wonder inspired by the dolphins they study increases the more they discover. Yet there is a dark side to our relationship with dolphins. They are the stars of a global multibillion-dollar captivity industry, whose money has fueled a sinister and lucrative trade in which dolphins are captured violently, then shipped and kept in brutal conditions. Casey's investigation into this cruel underground takes her to the harrowing epicenter of the trade in the Solomon Islands, and to the Japanese town of Taiji, made famous by the Oscar-winning documentary *The Cove*, where she chronicles the annual slaughter and sale of dolphins in its narrow bay. Casey ends her narrative on the island of Crete, where millennia-old frescoes and artwork document the great Minoan civilization, a culture which lived in harmony with dolphins, and whose example shows the way to a more enlightened coexistence with the natural world. No writer is better positioned to portray these magical creatures than Susan Casey, whose combination of personal reporting, intense scientific research, and evocative prose made *The Wave* and *The Devil's Teeth* contemporary classics of writing about the sea. In *Voices in the Ocean*, she has written a thrilling book about the other intelligent life on the planet.

This study examines prison sexual violence in adult and juvenile New York State prisons. To an inmate, the formal structure of a prison - its planned work, recreation, and rehabilitation - may be a thin veneer. The 'real' world is the social environment, created by the convict community, and sexual violence is a traditional part of that environment. A range of sexual behaviors, all perceived as threatening and offensive by the targets of aggressors were examined, with discussion on the nature of the overture, the physical and verbal response of the target, his thoughts and feelings, the living patterns resulting from sexual pressure, and how peers and staff react. In this population, sexual aggression is shown to be racially-based: most aggressors were black, and most victims were white, of a slighter build than the aggressor, and perceived as having feminine physical and personality characteristics. About half of the 152 incidents examined involved physical violence, half initiated by aggressors coercing targets; the rest from targets reacting to threats. Both aggressors and targets tended to come from outside and prison

social subcultures which used aggression as a primary means of relieving frustration and irritation. After fights, targets reported that aggressors left them alone, that they moved around the prison with less fear, felt better about themselves, and had a higher status among other prisoners. Sexual attacks increased fear, and victims continued to be affected emotionally months after the event. Prison staff did not usually intervene directly in the incidents, nor is there evidence that such intervention would be effective in reducing the problem. The author recommends the provision of program alternatives such as the Alternatives to Violence (AVP) and other conflict resolutions programs. (NCJRS, modified).

*Bestiality and Zoophilia: Sexual Relations with Animals* is a special issue of *Anthrozoös*, the journal of the International Society for Anthrozoology -- a multi-disciplinary journal of the interactions of people and animals.

*Tru Tiên* Harvard University Press

Conducting a thorough examination of sexual ethics in the New Testament, this work argues that the New Testament writers did not construct a new sexual ethic from the ground up, but took over existing cultural patterns and refocused them, pushing some elements from the centre to the periphery. This suggests a pattern of ethics for contemporary life. Discussing biblical notions of purity and property, which dominate ethical ideas in the New Testament, the author characterizes sex as one of the rich blessings of creation, "to be received with delight and thanksgiving". Countryman's generous and eirenic views on sexual matters, based as they are on solid biblical research, are a welcome intervention in an area which unfortunately, in Christian circles, tends still to be dominated by conservatism and misinformation, rather than by liberal principle.

"Has all the lush world-building and intoxicating magic of the Harry Potter universe" — Entertainment Weekly "Lush and sweeping swords-and-sorcery romance" — The New York Times *Assassin's Creed* meets *Fantastic Beasts* and *Where to Find Them* in this gripping, epic fantasy romance trilogy. My heart wasn't part of the deal when I bargained for my life, But assassins so rarely keep their word. Exiled Charmer Leena Edenfrell is running

out of time. Empty pockets forced her to sell her beloved magical beasts—an offense punishable by death—and now there's a price on her head. With the realm's most talented murderer-for-hire nipping at her heels, Leena makes Noc an offer he can't refuse: powerful mythical creatures in exchange for her life. Plagued by a curse that kills everyone he loves, Noc agrees to Leena's terms in hopes of finding a cure. Never mind that the dark magic binding the assassin's oath will eventually force him to choose between Leena's continued survival...and his own. *The Beast Charmer Series: Kingdom of Exiles The Frozen Prince* (coming early 2020) *The Shattered Crown* (coming late 2020)

With a nod to Richard Scarry, this inventive picture book surprises readers with every turn of the page! Hiss! Screech! Roar! It's a noisy day in Bumperville! But are the sounds what you think they are? That Honk! must surely be a goose. But turn the page and it's the taxi that a goose is driving! Using cleverly placed die-cuts, this inventive book hints at what is making the sound, but with each turn of the page, it's an eye-opening surprise and part of an unfolding story that is part guessing game and part giggle-inducing caper. Abi Cushman is the master of surprise and silliness in this absolutely delightful picture book.

*A Biblical Theology Of Idolatry* Simon and Schuster

With its unparalleled coverage of English slang of all types (from 18th-century cant to contemporary gay slang), and its uncluttered editorial apparatus, Cassell's *Dictionary of Slang* was warmly received when its first edition appeared in 1998. 'Brilliant.' said Mark Lawson on BBC2's *The Late Review*; 'This is a terrific piece of work - learned, entertaining, funny, stimulating' said Jonathan Meades in *The Evening Standard*. But now the world's best single-volume dictionary of English slang is about to get even better. Jonathon Green has spent the last seven years on a vast project: to research in depth the English slang vocabulary and to hunt down and record written instances of the use of as many slang words as possible. This has entailed trawling through more than 4000 books - plus song lyrics, TV and movie scripts, and many newspapers and magazines - for relevant material. The research

has thrown up some fascinating results

The Cardboard Kingdom The Ultimate Guide to Fighting Animal Abuse on the WebThe Book that Saves Lives!

"Ross Gay's eye lands upon wonder at every turn, bolstering my belief in the countless small miracles that surround us." —Tracy K. Smith, Pulitzer Prize winner and U.S. Poet Laureate The winner of the NBCC Award for Poetry offers up a spirited collection of short lyric essays, written daily over a tumultuous year, reminding us of the purpose and pleasure of praising, extolling, and

celebrating ordinary wonders. Ross Gay's *The Book of Delights* is a genre-defying book of essays—some as short as a paragraph; some as long as five pages—that record the small joys that occurred in one year, from birthday to birthday, and that we often overlook in our busy lives. His is a meditation on delight that takes a clear-eyed view of the complexities, even the terrors, in his life, including living in America as a black man; the ecological and psychic violence of our consumer culture; the loss of those he loves. Among Gay's funny, poetic, philosophical delights: the way Botan Rice Candy wrappers melt in your mouth, the volunteer crossing guard with a pronounced tremor whom he imagines as a kind of boat-woman escorting pedestrians across the River Styx, a friend's unabashed use of air quotes, pickup basketball games, the silent nod of acknowledgment between black people. And more than any other subject, Gay celebrates the beauty of the natural world—his garden, the flowers in the sidewalk, the birds, the bees, the mushrooms, the trees. This is not a book of how-to or inspiration, though it could be read that way. Fans of Roxane Gay, Maggie Nelson, and Kiese Laymon will revel in Gay's voice, and his insights. *The Book of Delights* is about our connection to the world, to each other, and the rewards that come from a life closely observed. Gay's pieces serve as a powerful and necessary reminder that we can, and should, stake out a space in our lives for delight.
