The foremost authority on innovation and growth presents a path-breaking book every company needs to transform innovation from a game of chance to one in which they develop products and services customers not only want to buy, but are willing to pay premium prices for. How do companies know how to grow? How can they create products that they are sure customers want to buy? Can innovation be

more than a game of hit and miss? Harvard Business School professor Clayton Christensen has the answer. A generation ago, Christensen revolutionized business with his groundbreaking theory of disruptive innovation. Now, he goes further, offering powerful new insights. After years of research, Christensen has come to one critical conclusion: our long held maxim—that understanding the customer is the crux of innovation—is wrong. Customers don't buy products or services; they "hire" them to do a job. Understanding customers does not drive innovation success, he argues. Understanding customer jobs does. The "Jobs to Be Done" approach can be

seen in some of the world’s most respected companies and fast-growing startups, including Amazon, Intuit, Uber, Airbnb, and Chobani yogurt, to name just a few. But this book is not about celebrating these successes—it’s about predicting new ones. Christensen contends that by understanding what causes customers to "hire" a product or service, any business can improve its innovation track record, creating products that customers not only want to hire, but that they’ll pay premium prices to bring into their lives. Jobs theory offers new hope for growth to companies frustrated by their hit and miss efforts. This book carefully lays down Christensen’s provocative framework, providing a comprehensive explanation of the theory and why it is predictive, how to use it in the real world—and, most importantly, how not to squander the insights it provides.

The Christian doctrines of original sin and the historical fall of Adam have been in retreat since the rise of modernity. Here leading scholars present a theological, biblical, and scientific case for the necessity of belief in original sin and the historicity of Adam and Eve in response to contemporary challenges. Representing various Christian traditions, the contributors shed light on recent debates as they present the traditional doctrine of original sin as orthodox, evangelical, and the most theologically mature and cogent synthesis of the biblical witness. This fresh look at a heated topic in evangelical circles will appeal to professors,

students, and readers interested in the creation-evolution debate.

Wisdom of the Kadam Masters is the second volume in the Tibetan Classics series, which aims to make available accessible paperback editions of key Tibetan Buddhist works drawn from Wisdom Publications' Library of Tibetan Classics. The phrase "Kadam masters" evokes for many Tibetans a sense of a spiritual golden age--the image of a community of wise yet simple monks devoted to a life of mental cultivation. These eleventh- and twelfth-century masters were particularly famed for their pithy spiritual sayings that captured essential teachings in digestible bites. In these sayings one unmistakably detects a clear understanding of what comprises a truly happy life, one that is grounded in a deep concern for the welfare of others. Like the Sayings of the Desert Fathers, Lao Tzu, or Rumi, the teachings contained in Wisdom of the Kadam Masters can be approached as a part of the wisdom heritage of mankind, representative of the long history of the long human quest to

understand our existence and its meaning. This volume offers some of the most beloved teachings of the Tibetan tradition.

This is how you find
yourself. There is a voice
of longing inside each
woman. We strive so
mightily to be good: good
partners, daughters,
mothers, employees, and
friends. We hope all this
striving will make us feel
alive. Instead, it leaves us
feeling weary, stuck,
overwhelmed, and
underwhelmed. We look
at our lives and wonder:
Wasn’t it all supposed to
be more beautiful than
this? We quickly silence
that question, telling
ourselves to be grateful,
hiding our
discontent—even from
ourselves. For many
years, Glennon Doyle
denied her own
discontent. Then, while
speaking at a conference,
she looked at a woman
across the room and fell
instantly in love. Three
words flooded her mind:
There She Is. At first,
Glennon assumed these
words came to her from
on high. But she soon

realized they had come to her from within. This was her own voice—the one she had buried beneath decades of numbing addictions, cultural conditioning, and institutional allegiances. This was the voice of the girl she had been before the world told her who to be. Glennon decided to quit abandoning herself and to instead abandon the world's expectations of her. She quit being good so she could be free. She quit pleasing and started living. Soulful and uproarious, forceful and tender, *Untamed* is both an intimate memoir and a galvanizing wake-up call. It is the story of how one woman learned that a responsible mother is not one who slowly dies for her children, but one who shows them how to fully live. It is the story of navigating divorce, forming a new blended family, and discovering that the brokenness or wholeness of a family depends not on its structure but on each member's ability to bring her full self to the table. And it is the story of how each of us can begin to trust ourselves enough to set boundaries, make peace with our bodies, honor our anger and heartbreak, and unleash

our truest, wildest instincts so that we become women who can finally look at ourselves and say: There She Is. *Untamed* shows us how to be brave. As Glennon insists: The braver we are, the luckier we get. *How to Write a Book in 8 Days Teach Yourself* "One of the great yoga figures of our time, Sri K. We are extremely excited to have partnered with Songdew to celebrate and honor the eminent Urdu poet and lyricist, Late Dr Rahat Indori. Through couplets, ghazals and poems on a range of topics and social issues such as the status of women in society, he gained an unmatched status in the world of poetry as his work resonates with each and every generation. As an ode to him, we are happy to be part of a tribute dedicated to him and his exceptional work. This initiative gives upcoming artists a chance to showcase their talent on a national platform through their compositions based on Rahat ji's work. All the nine artists are extremely talented and it is an absolute pleasure to present their songs to all the avid music admirers. Also, just like Rahat ji's words weaved our imagination with hope, laughter and love; it's also equally marveling to see artists reimagining the

lyrics and transforming his words into vivid paintings.
