Using Lady Morgan's *The Wild Irish Girl* as his point of departure, Thomas J. Tracy argues that nineteenth-century debates over what constitutes British national identity often revolved around representations of Irishness, especially Irish womanhood. He maps the genealogy of this development in fiction, political discourse, and the popular press, from Edgeworth's *Castle Rackrent* through Trollope's Irish novels, focusing on the pivotal period from 1806 through the 1870s.

Motorized Obsessions HarperCollins
Winter recreation in the mountains has increased steadily over the past few years, and so has the number of deaths and injuries caused by avalanches. *Staying Alive in Avalanche Terrain* covers everything you need to know to avoid trouble in avalanche terrain: what avalanches are and how they work, common myths, human activities that lead to avalanche trouble, what happens to victims when an avalanche occurs,

and rescue techniques. Provides step-by-step instruction for determining avalanche hazards, using safe travel technique, and making effective rescues. Decentralization and Targeted Transfers Colchis Books

Planning Instruction for Adult Learners Arcadia Publishing

Thermophilic Bacteria is a comprehensive volume that describes all major bacterial groups that can grow above 60-65°C (excluding the Archaea). Over 60 different species of aerobic and anaerobic thermophilic bacteria are covered. Isolation, growth methods, characterization and identification, ecology, metabolism, and enzymology of thermophilic bacteria are examined in detail, and an extensive compilation of recent biotechnological applications and the properties of many thermostable enzymes are also included. Major topics discussed in the book include a general review on thermophilic bacteria and archaea; heterotropic bacilli; the genus *Thermus*; new and rare genera of aerobic heterophophs, such as *Saccharococcus*, *Rhodothermus*, and *Scotohermus*; aerobic chemolithoautotrophic thermophilic bacteria; obligately anaerobic thermophilic bacteria; and

hyperthermophilic Thermotogales and thermophilic phototrophs. Extensive bibliographies are also provided for each chapter. The vast amount of information packed into this one volume makes it essential for all microbiologists, biochemists, molecular biologists, and students interested in the expanding field of thermophilicity. Biotechnologists will find the book useful as a source of information on thermophiles or thermostable enzymes of possible industrial use.

The Weekly Planner World Bank Publications

Set in the midst of modern-day Castle County, Utah, a cattle rancher and a publicist fall in love while fighting to save a family cattle ranch from a vengeful adversary bent on their destruction.

The Lakes Region of New Hampshire HarperEntertainment

Commemorating Bruce Springsteen's twenty-five years as a recording artist, here is a panoramic view of his career in a form never seen before. This is the complete collection of Bruce Springsteen's recorded lyrics, illustrated with hundreds of never-before-published images from some of rock & roll journalism's greatest photographers, including Annie Leibovitz, David Gahr, Lynn Goldsmith, Bruce Weber, and many others. From Jim Marchese's informal backstage shots during the European leg of the 1980 The River tour to Neal Preston's amazing documentation of the Born in the U.S.A. days to Pam Springsteen's portraits showing a side of the musician rarely seen by the public, this is the most intimate look at Bruce Springsteen ever published. The photos and lyrics are accompanied by original commentary by Springsteen, in which he reflects on the songs, the performances, and the quarter-century career that for

many defines the American dream. In words and in pictures, here is the one book no Bruce Springsteen fan can afford to be without.

The Complete Swap Manual Sheba Blake Publishing

Let your writing take you on a journey - relieve stress and be happier with small, easy exercises that encourage you to focus on the positive. This inviting weekly planner will make it easy to take a step back and focus on what's important in your life. Keep your life organized with a planner that will be with you every step of the way. A compact and easy to carry traveler's journal that is convenient to use with matte textured cover and sheets. The Weekly Planner is: Loosely Structured - The format is minimalist and undated so you can start writing anytime, skip between the prompts, and write exactly as often as you want. Thought-Provoking - Every prompt is simple but insightful so you can write briefly but reflect on the big picture. Inspirational - This weekly planner is designed to help bring some sunshine to your life, but also help you affect positive change and transition. A weekly planner makes the perfect gift! Easy to carry - this planner is the perfect size for traveling. Uses: Travel or Personal Diary / Food, Meal, Exercise Tracker / Bullet Notes / Daily To do Checklist / School Home work / Office Task Reminder / Scheduler, Organizer/ Recording Progress Report / Monitoring Sales Productivity / Activity Record / Holiday organizer / Hand writing material / Ledger/ Reminder

The Extensions of Man MotorBooks International

In GM LS-Series Engines: The Complete Swap Manual, expert Joseph Potak walks you through all the steps involved in installing an LS engine into any vehicle,

from concept to completion. Variants of GM's groundbreaking family of LS engines are installed in everything from the company's most mundane panel vans to its earth-shaking Corvette ZR1. First underhood in the 1997 Corvette, the LS1, and its successors have proven powerful, reliable, and amazingly fuel efficient. Since that time, more than a dozen variants have been produced, ranging from bulletproof, iron-block 4.8-liter workhorses to the supercharged 7.0-liter LS7. Performance enthusiasts have embraced this remarkable V-8, and it has quickly become a favorite for engine swaps. Why? Because the versatile engine offers fantastic power, a compact design, and light weight, and it responds very well to performance modifications. The key to this performance is a sophisticated electronics package that can intimidate even the most adventurous hot rodder. In *GM LS-Series Engines: The Complete Swap Manual*, professional LS-series engine specialist and technician Joseph Potak details all the considerations involved in performing this swap into any vehicle. With clear instructions, color photos, diagrams, and specification tables, Potak guides you through: Mounting your new engine Configuring the EFI system Designing fuel and exhaust systems Sourcing the correct accessories for your application Transmission, torque converters, and clutches Performance upgrades and power-adders Troubleshooting, should problems arise This is the ultimate guide to installing an LS in your project car.

your essential desktop companion. This thorough guidebook is essential reading for the CFO requiring an overview of strategies, measurement and control systems, financial analysis tools, funding sources, and management improvement tips.

Loving the Heartland Motorbooks

When the first Disneyland opened its doors in 1955, it reinvented the American amusement park and transformed the travel, tourism and entertainment industries forever. Now a global vacation empire, the original park in Anaheim, California, has been joined by massive complexes in Florida, Tokyo, Paris, Hong Kong and Shanghai. Spanning six decades, three continents and five distinct cultures, Sabrina Mittermeier presents an interdisciplinary examination of the parks, situating them in their proper historical context and exploring the distinct cultural, social and economic landscapes that defined each one at the time of its construction. She then spotlights the central role of class in the subsequent success or failure of each venture. The first comparative study of the Disney theme parks, this book closes a significant gap in existing research and is an important new contribution to the field, providing the first discussion of the Disney parks and what they reveal about the cultures they are set in. There has been a lack of focus on cross- and trans-cultural analyses of theme parks generally and Disney theme parks specifically, until now. It is also particularly interesting – and will be welcomed for it – for the non-United States context of the study. This is a thorough examination of all of the existing Disney Parks and how they function within their respective cultures. While Disney themes and characters attempt to be universal, the author does

a good job of arguing for where this is not possible and how glocalization is crucial to the parks' successes. The writing is academic, but it is not inaccessible. It will have wide disciplinary appeal within academia, as tourism studies cross into a variety of fields including history, American studies, fandom studies, performance studies and cultural studies. It will be invaluable to those working in the field of theme park scholarship and the study of Disney theme parks, theme parks in general and related areas like world's expositions and spaces of the consumer and lifestyle worlds. It will also be of interest to Disney fans, those who have visited any of the parks or are interested to know more about the parks and their cultural situation and context.

Irishness and Womanhood in Nineteenth-century British Writing

The Mountaineers Books

Albania provides a small amount of social assistance to nearly 20% of its population through a system which allows a degree of community discretion in determining distribution. This study investigates the poverty targeting of this program. It indicates that relative to other safety net programs in low income countries, social assistance in Albania is fairly well targeted to the poor.

Bruce Springsteen: Songs Amer Alpine Club

With more than 200 rare images spanning a century of memories, *The Lakes Region of New Hampshire, Volume II* explores central New Hampshire's resort communities, its early rail service, and the recreation of the area. Author and historian Bruce D. Heald, Ph.D., has combined an exciting collection of images with a thoroughly researched text to continue the story of these unique communities. Discover the

fascinating history of the region around Lake Winnepesaukee, Squam, Newfound, and Lake Wentworth. Visit the villages of Wolfeboro, Sandwich, Laconia, Franklin, the Ossipees, and Plymouth. Dr. Heald's experiences as an author, professor, and as Chief Purser aboard the MS Mount Washington for more than 30 years contribute greatly to this impressive pictorial collection.

The Shepherd of the Hills is the classic story of the stranger who takes the Old Trail deep into the Ozark Mountains, many miles from civilization. His appearance signals intellect and culture, yet his countenance is marked by grief and disappointment. What is his purpose in taking on the lowly work of tending local sheep? And how is it that he befriends these simple hill folk, despite his coming from the world beyond the ridges? Mystery and romance envelop this gentle yet compelling story as the identity and purpose of the stranger-turned-shepherd is gradually unveiled.
Emily Post's Etiquette, 19th Edition
 Ashgate Publishing, Ltd.

From dirt bikes and jet skis to weed wackers and snowblowers, machines powered by small gas engines have become a permanent—and loud—fixture in American culture. But fifty years of high-speed fun and pristine lawns have not come without cost. In the first comprehensive history of the small-bore engine and the technology it powers, Paul R. Josephson explores the political, environmental, and public health issues surrounding one of America's most dangerous pastimes. Each chapter tells the story of an ecosystem within the United States and the devices that wreak havoc on it—personal watercraft (PWCs) on inland lakes and rivers; all-terrain vehicles (ATVs) in deserts and forests; lawn mowers and leaf blowers in suburbia. In addition to environmental impacts, Josephson discusses the development and promotion of these technologies, the legal and regulatory efforts made to improve their safety and environmental soundness, and the role

of owners' clubs in encouraging responsible operation. Synthesizing information from medical journals, recent environmental research, nongovernmental organizations, and manufacturers, Josephson's compelling history leads to one irrefutable conclusion: these machines cannot be operated without loss of life and loss of habitat.

Michigan Out-of-doors Intellect Books
 The Emily Post Institute, the most trusted brand in etiquette, tackles the latest issues regarding how we interact along with classic etiquette and manners advice in this updated and gorgeously packaged edition. Today's world is in a state of constant change. But one thing remains year after year: the necessity for good etiquette. This 19th edition of Emily Post's Etiquette offers insight and wisdom on a variety of new topics and fresh advice on classic conundrums, including: Social media Living with neighbors Networking and job seeking Office issues Sports and recreation Entertaining at home and celebrations Weddings Invitations Loss, grieving, and condolences Table manners While they offer useful information on the practical—from table settings and introductions to thank-you notes and condolences—the Posts make it clear why good etiquette matters. Etiquette is a sensitive awareness of the feelings of others, they remind us. Ultimately, being considerate, respectful, and honest is what's really important in building positive relationships. "Please" and "thank you" do go a long way, and whether it's a handshake, a hug, or a friend request, it's the underlying sincerity and good intentions behind any action that matter most.

Academy Award-winning director of *Free Solo* and National Geographic photographer presents the first collection of his iconic adventure photography, featuring some of the greatest moments of the most accomplished climbers and outdoor athletes in the world, and including more than 200 extraordinary photographs. "An extraordinary work of art."—Jon Krakauer

Filmmaker, photographer, and world-class mountaineer Jimmy Chin goes where few can follow to capture stunning images in death-defying situations. *There and Back* draws from his breathtaking portfolio of photographs, captured over twenty years during cutting-edge expeditions on all seven continents—from skiing Mount Everest, to an unsupported traverse of Tibet's Chang Tang Plateau on foot, to first ascents in Chad's Ennedi Desert and Antarctica's Queen Maud Land. Along the way, Chin shares behind-the-scenes details about how he captured such astounding images in impossible conditions, and tells the stories of the legendary adventurers and remarkable athletes he has photographed, including Alex Honnold, the star of his Academy Award-winning documentary film *Free*

Solo; ski mountaineer Kit DesLauriers; snowboarder Travis Rice; and mountaineers Conrad Anker and Yvon Chouinard. These larger-than-life images, coupled with stories of outsized drive and passion, of impossible goals with life or death stakes, of partnerships forged through incredible hardship, are sure to inspire wonder and awe.

The idea of "The Green Book" is to give the Motorist and Tourist a Guide not only of the Hotels and Tourist Homes in all of the large cities, but other classifications that will be found useful wherever he may be. Also facts and information that the Negro Motorist can use and depend upon. There are thousands of places that the public doesn't know about and aren't listed. Perhaps you know of some? If so send in their names and addresses and the kind of business, so that we might pass it along to the rest of your fellow Motorists. You will find it handy on your travels, whether at home or in some other state, and is up to date. Each year we are compiling new lists as some of these places move, or go out of business and new business places are started giving added employment to members of our race.
