Using Astrology in the
Financial Markets
Nicolas-Hays, Inc.
The financial markets
are a reflection of the

psychological emotions
of traders and
investors. These
emotions ebb and flow
in harmony with the
forces of nature. In the
early years of the 20th
century the most
successful traders on
Wall Street, including

the venerable W.D. Gann and the mysterious Louise McWhirter, recognized the link between the financial markets and psychological emotion. They repeatedly used their knowledge of Astrology to profitably trade the markets at certain key dates when the shifting emotion of market participants would cause price fluctuations and trend changes. This 2016 Financial Astrology Almanac provides the reader with key astrological dates to watch for each month. These dates align to particular astrological occurrences that have been shown time and again to have a high propensity to result in short term trend changes on the Dow Jones Average and the S&P500. These key

dates have been determined using exactly the same analytical process that Gann and McWhirter would have used. This Almanac also provides the reader with key dates that align to astrological occurrences which have been shown to have a strong correlation to short term trend changes on selected Commodity Futures contracts.

An Introduction to the Role of the Sun, Moon and Planets in Financial Markets

Wood Dragon Books
"In The beginners guide to the financial universe, financial astrologer Christeen Skinner takes a step-by-step approach to understanding how the events in the solar system affect market movements. Starting

with the sunspot cycle and moving on to seasonality charts and lunar trading, she presents information in an easy-to-read style. As viewed from Earth, the planets each have periods when they appear to be retrograde, i.e., moving backward relative to Earth. These periods and their correlation with market activity are considered along with the role Mars plays as it moves through each sign of the zodiac. The phases of a recognized 20-year business cycle—the exact period between one conjunction of Jupiter and Saturn and the next—are also explored. The concluding chapter offers date, time, and place data that can be used for further

investigation" -- Amazon.com.
Forecasting Market Cycles Using Planetary and Lunar Movements
Wood Dragon Books
100 years ago the legendary trader W. D. Gann used financial astrology to pinpoint prices in his market forecasts, and reportedly made over \$55 million in his lifetime. In this book Tim Bost, the editor of FinancialCyclesWeekly newsletter, exposes the essence of Gann's work to make tools derived from the Law of Vibration accessible to traders who want a winning edge in the markets today.
Power Up Technical Indicators Including Applying Financial Astrology Trading Cycles Down to the Minute Level - Featuring Applications

of Ephemeris Alarm on Forex, Gold & Cryptocurrency (Bitcoin/ Ethereum) Market Pickle Partners Publishing

The Dragon's Debt explains how the Saturn-Pluto configuration in Capricorn of late 2019 and 2020 will have a profound effect on China and the Chinese Communist Party. At the same time, China will experience a cluster of the same influences that slammed the currencies of Southeast Asia and Russia in 1997-1998, collapsed the British pound in 1992, and deflated the currencies and economies of Brazil and Mexico in the 1980's. The Dragon's Debt pinpoints specific dates when these combined influences

are likely to affect global markets and gives scenarios of how a financial and political crisis will unfold. For those who use astrology to trade the markets, this crisis in China offers the trading opportunity of a lifetime.

 A unique new approach to trading based on financial analysis and financial astrology
 Timing Solutions for Swing Traders:
 Successful Trading Using Technical Analysis and Financial Astrology is a remarkable new book that introduces a revolutionary approach to non-day trading that combines the four basic dimensions of trend analysis—price patterns, volume, price

momentum, and price moving averages—with a little financial astrology. Focusing on the essentials of technical analysis, the book is filled with examples of reliable indicators and formulas that traders can use to help develop their own styles of trading, specially tailored to their individual needs and interests. Filled with real-life market examples to help you understand how to use the matrix of moving averages, how to apply different sets of time frame moving averages to form a trading decision, and how to determine the intermediate state of the market using the Queuing Theory (QMAC)—which dissects the interplay of long-term moving averages and helps

anticipate major support and resistance levels—this book is packed with the information you need to maximize your trading potential. A dedicated trading guide for non-day traders Incorporates examples and formulas to bring ideas to life Presents an innovative new approach to trading that draws on the four core dimensions—price patterns, volume, price momentum, and price moving averages—for analyzing trends Innovative and practical, *Timing Solutions for Swing Traders* is a hands-on guide to applying a remarkable new approach to trading. **The Cosmic Clock** Wood Dragon Books Look to the stars for a whole new approach to

market cycle forecasting A Trader's Guide to Financial Astrology is the definitive guide to trading market cycles based on astrological data. Written by a highly-respected technical analyst, this book makes the connection between the movements of planets and the volatility of the market. Readers can draw upon one hundred years of historical data as they learn how to spot correlations from the past, and refer to planetary and lunar data for the next five years as they shape their own strategy. The book covers the principles of astrological forecasting as applied to the financial markets, explaining what to watch for and how to

interpret planetary and lunar activity, plus expert insight on everyday practical application. A study by the Federal Reserve Bank of Atlanta determined that the U.S. stock markets tend to be negatively affected by geomagnetic storms, and the Royal Bank of Scotland demonstrated that a trading system based on the phases of the moon would have outperformed the market. A Trader's Guide to Financial Astrology shows traders how to tap into the planetary forces that influence market activity. Readers will: Learn how planetary and lunar movements relate to the financial markets Draw upon 100 years of historic correlations and five years of forecast data

Forecast long-term and short-term activity based on planetary relationships and lunar movement Enter the markets at key turning points, using price patterns and other tools When integrated with technical trading patterns, astrology can be an effective way of shifting perspective and approaching the market differently. For traders who have always wanted to know what to do when Mercury is in retrograde or the moon is new, A Trader's Guide to Financial Astrology provides information and insight from a leading market educator.

The Lost Science

American Federation of Astr

There is more to the financial markets than meets the eye. What

makes markets rise? What makes them suddenly sell off? Why so volatile? I am of the opinion that the ever-changing positions of the planets in our cosmos affect our emotions are thereby the markets. I am also of the opinion that the markets might sometimes be manipulated by powerful interests at certain planetary alignments and at certain astrological events like Retrogrades and Conjunctions. Financial Astrology, popular and generally accepted in the 1920s and 1930s, has since been suppressed by academics and CFA-touting money managers espousing modern portfolio theory. The mainstream media and

advertising industry have also been complicit. *Principia Astrologia de Financial* is a 3-part series of learning courses created for traders and investors who at a visceral level know there is more to the markets than meets the eye. The motivation for crafting this material is to ensure that the connection between Astrology and the financial markets does not become lost forever. The material contained herein will show you the principles behind *Financial Astrology* and provide you with the skills you need to gain an edge in today's turbulent markets. After mastering this easy-to-understand material, your paradigm view of the financial markets

will forever be altered. *Principles of Financial Astrology Course 2* John Wiley & Sons
 Written in response to the demand from clients and astrology students, this book provides an introduction to the financial universe, illustrating the role of the Sun, Moon, planets, and major planet cycles in market movements. In *The Beginners Guide to the Financial Universe*, financial astrologer Christeen Skinner takes a step-by-step approach to understanding how the events in the solar system affect market movements. Starting with the sunspot cycle and moving on to seasonality charts and lunar trading, she presents information in an easy-to-read style.

As viewed from Earth, the planets each have periods when they appear to be retrograde, i.e., moving backward relative to Earth. These periods and their correlation with market activity are considered along with the role Mars plays as it moves through each sign of the zodiac. The phases of a recognized 20-year business cycle—the exact period between one conjunction of Jupiter and Saturn and the next—are also explored. The concluding chapter offers date, time, and place data that can be used for further investigation. Chapters include the following: The Sunspot Cycle and the Markets Seasonality Charts and Key Dates Trading with

Mercury and Venus The Role of Mars in Commodity Trading The Jupiter-Saturn 20-Year Business Cycle Charts of Key Markets and Indices

Financial Astrology Almanac 2015 John

Wiley & Sons

In Navigating the Financial Universe, financial astrologer Christeen Skinner, who forecasted the global financial crisis in her original work published in 2004, builds on her reputation for successful financial forecasting. She identifies periods of challenge and suggests ways in which these might be negotiated. Using her experience working with clients, entrepreneurs, traders, and investors, she acknowledges the needs and behavioral patterns of different

generations—building financial confidence in the reader. Chapter topics include the following: Preparing and understanding your financial engine Plotting your financial course with planet cycles Identifying periods when it is wise to do nothing versus optimum times to trade Assessing the provisions needed in moving forward Guidance on avoiding financial rocks and potential shipwreck Developing your investment portfolio

Tunnel Thru The Air Or Looking Back From 1940 Llewellyn Worldwide Limited The Cosmic Clock has been written for traders and investors who are seeking to understand the cosmic forces that influence emotion and the financial markets. This

book will acquaint you with an extensive range of astrological and mathematical phenomena. From the Golden Mean and Fibonacci Sequence through planetary transit lines, quantum lines, the McWhirter method, planetary conjunctions and market cycles, the numerous illustrated examples in this book will show you how these unique phenomena can deepen your understanding of the financial markets and make you a better trader and investor. *Esoteric Math and Astrology Techniques for the Market Trader* Attri Forecast Co. "Let's face it. Traders in the stocks, futures, options, or FOREX markets are dead meat if they aren't profiting

from the astro-trading advantage!" That's what Tim Bost, editor of FinancialCyclesWeekly.com newsletter and author of *Mercury, Money and the Markets*, says it takes to survive in today's increasingly treacherous trading environment. "I've been working with planetary factors in market timing for over a quarter of a century," he says, "and I've never seen the odds stacked against individual traders more than they are now. To compete with market manipulation on a massive scale and the onslaught of high-frequency trading robots, you've got to have market timing tools that give you the agility and tactical superiority of a trading

guerrilla. "That's what astro-trading is all about, and that's the focus in Mercury, Money and the Markets. It's aimed at short-term swing traders who want to level the playing field with high-precision, back-tested timing methods that most market players haven't even heard about!" In Mercury, Money and the Markets, Bost reveals the impact of Mercury cycles on price trends and reversals in equities, precious metals, and international markets on 5 continents. He also provides detailed analysis of 30 major blue-chip stocks, showing the individual idiosyncrasies in their responses to repeating Mercury cycles. With dozens of charts and examples throughout

the book, he makes a compelling case for the importance of this often-overlooked component of financial astrology, elevating it to a new level as a powerful market timing tool that can make the difference between disaster and success in high-pressure trading. But Tim Bost doesn't stop there. He understands that effective trading involves more than just knowledge of the markets and correct analysis of trading opportunities-- it also requires sufficient self-awareness to be able to maintain emotional equanimity under fire. So he adds plenty of unique information here about how astro-traders can use Mercury to better understand their personal horoscopes,

gaining higher degrees of trading confidence. It's a perspective unavailable from any other source. Because he's a pioneering astrological researcher as well as an active trader and trading coach, Tim Bost has uncovered significant planetary dynamics to take this advanced astro-trading sourcebook far beyond the common material found in most books on stock market astrology. It includes transneptunian factors, 90-degree dial analysis, nontraditional planetary angles and a great deal more. And it features tips on deciphering the trading code in W. D. Gann's strangest book, the role of Mercury in First-Trade horoscope analysis, and the money-making truth

about the times when Mercury is retrograde. Mercury, Money and the Markets is also a book with lots of charm and intelligence. Bost is an excellent storyteller, so he makes the effects of Mercury come alive with examples from business, the markets, and personal experience. He also contributes his scholarly skill to this book, dipping back into the myths of antiquity to revive an ancient esoteric text that has surprising effectiveness in precisely timing trades today! This is a book to read and enjoy, and a valuable text filled with big payoffs for the active short-term trader. But it's also a book that you'll come back to again and again, since it features

a unique cross-indexed Mercury Station Ephemeris that spans 201 years. In other words, while it's packed with energy and information you can use today for immediate profit, it has a long shelf life, too! If you're an astrologer looking for a way to make money, this may not be the book for you, since it's loaded with brass-tacks, down-to-earth insights about what it actually takes to profit from astro-trading. It will stretch your awareness well past the limits of what you thought astrology was all about. But if you're a trader who needs an extra edge, then run, don't walk.

The Beginners Guide to the Financial Universe
Nicolas-Hays, Inc.

Market analysts and financial media

commentators have led individual investors to believe that daily news, quarterly earnings reports and corporate events drive stock prices. Nothing could be further from the truth. The reality is - there is an overwhelming connection between the ever-changing configurations of orbiting planets and other celestial bodies in our cosmos and the financial markets. Is this connection firmly based in science? Or, are powerful money managers in financial centers around the globe moving prices of equities and commodity futures in accordance with astrological aspects and patterns? Whatever the case may be, investors and traders alike ought to

be aware of the connection between astrology and the markets. The connection between astrology and the markets is not new. In the early years of the 20th century successful traders like W.D. Gann, J.P. Morgan and the mysterious Louise McWhirter recognized this connection. They repeatedly used their knowledge of astrology to profitably trade the markets at key astrological occurrences. This 2020 Almanac provides the reader with key astrological dates to watch for each month. These dates align to astrological occurrences that have been shown time and again to have a high propensity to result in price trend changes on

stocks, market indices and commodity futures. These key dates have been determined using the same analytical process that Gann and McWhirter would have used. This Almanac then goes deeper to present the reader with critical Quantum Price Lines for various market indices and commodity futures for 2020. Alternative measures of time are then discussed including the Gann Master Cycle (which starts anew in 2020), the Weston Model, the Shmitah Year, Price square Time, and Kabbalah sacred angles. It is the author's sincere hope that after applying the material presented in this Almanac, readers will begin to enjoy an increased level of

success with their trading and investing activity.

Mercer also impacted the campaign behind Brexit. *The Man Who Solved the Market* is a portrait of a modern-day Midas who remade markets in his own image, but failed to anticipate how his success would impact his firm and his country. It's also a story of what Simons's revolution means for the rest of us.

An Introduction to the Role of the Sun, Moon, and Planets in Financial Markets Wood Dragon Books

Once maligned by many, the subject of financial astrology is

now experiencing a revival as traders and investors seek deeper insight into the forces that move the financial markets. The markets are a dynamic entity fueled by many factors, some of which we can easily comprehend, some of which are esoteric. For example, astrological phenomena can influence price action and create trend changes across both short and longer term time horizons. This book introduces the reader to an extensive range of astrological phenomena. From an introduction to the historical basics behind astrology through to an examination of lunar astrology and planetary aspects, the numerous illustrated examples in this book will show the reader

how these unique phenomena impact both the equity and commodity futures markets.

Wiley & Sons
In "8 Billionaire
Strategies for
Breakthrough Stock
Market Success"
author Tim Bost
concisely explains
some of the most
powerful money-
making concepts on
the planet. The
principles outlined in
this insightful volume
give you guidelines for
effective personal
action in accumulating
great wealth, and then
for hanging onto it
once you have
acquired it. In these
pages you'll find
instructions for
spotting big profit-
making opportunities,
for improving your

market timing, and for
evaluating risks from
the perspective of
long-term market
cycles. You'll learn
about refining your
forecasting skills,
exploring new horizons
as a trader and
investor, and gaining
deeper insights into
your individual
strengths and
weaknesses as you
explore the
opportunities that the
markets provide. You'll
also gain fresh
perspectives on the
importance of effective
money management,
and you'll take a closer
look at the key role
that change plays in
creating a broader
range of possibilities
for your financial
future. Along the way,
the author provides an
additional focus on the
remarkable
relationships and

resonances between the eight core Billionaire Strategies and the powerful perspectives of financial astrology. As the pivotal components of modern astro-trading techniques, the principle of financial astrology not only offer you incredible opportunities to expand your money-making capabilities in the markets; they also provide rich insights into your own personal trading behavior. Even so, these important tools for market analysis, forecasting, and timing are overlooked or completely ignored by many traders. That's an unfortunate situation, but it's not likely to last much longer-- as soon as more traders and market gurus read

about the "8 Billionaire Strategies for Breakthrough Stock Market Success" they will begin putting these remarkable trading tools to work so they can start enjoying the money-making astro-trading advantage for themselves! One word of warning. This is a book you'll want to read right away, but it's also deceptively simple, and you might be fooled by the concise way in which it covers important information. Please don't underestimate the enormous power of this little book. It's worth reviewing several times, because each time you read it again you will find fresh meanings filtering through the words. As that happens, you will automatically begin to

assimilate the Billionaire Strategy concepts at a deeper level, and as you add personal action to those insights you will be well on your way to understanding what America's first billionaire meant when he said that "Millionaires don't use astrology. Billionaires do."

Financial Astrology A Trader's Guide to Financial Astrology Forecasting Market Cycles Using Planetary and Lunar Movements

Few of us can understand why the all important relationship between astrology and finance (financial astrology) has been so completely neglected. Despite the importance of the progress in other branches of astrology, the student and

investor has not, until now been be able to delve deeply into the roots of financial (market) astrology. The reason for this, we believe, is a lack of scientific logical or mythical information. And now it is the intention of this book to afford such knowledge. This book is in no sense of the word the complete text on the subject. It does aim to present in factual form an outstanding new theory of financial (market) astrology. It also attempts to trace the operation of this theory upon the investor's and trader's possibilities in the Indian Stock Market. The Beginner's Guide to the Financial Universe iUniverse
The financial markets are inexorably

influenced by Astrology. New Moons, Mercury Retrograde, Venus Retrograde, Planetary Declination, Superior Conjunctions, Elongations and Natal Transits all variously bear curious alignments to short term and long term trend changes on stocks, indices and commodity futures. This connection between Astrology and the markets is not new. In the early years of the 20th century the most successful traders on Wall Street, including the venerable W.D. Gann and the mysterious Louise McWhirter, recognized the link between the financial markets and Astrology. They repeatedly used their knowledge of Astrology to profitably trade the markets at certain key

astrological dates when price fluctuations and trend changes were most likely to occur. This 2019 Financial Astrology Almanac provides the reader with key astrological dates to watch for each month. These dates align to particular astrological occurrences that have been shown time and again to have a high propensity to result in trend changes on stocks, market indices and commodity futures. These key dates have been determined using exactly the same analytical process that Gann and McWhirter would have used. This Almanac then goes deeper to present the reader with critical Quantum Price Lines for various market indices and commodity

futures for 2019. Alternative measures of time are also discussed including the Gann Master Cycle, the Weston Model and the mysterious concept of the Shmitah Year. This Almanac is certain to assist the reader in taking trading and investing to a much deeper level.
