DiamecAtlas Copco Exploration Products. Diamec™ core drilling
rigs. Diamec core drilling rigs - the latest in exploration
technology. At home above or below ground. The compact size of
the Diamec rigs enables them to move in tight spaces with
minimum disturbance. This makes them ideal for underground
exploration. Atlas Copco Exploration Products Diamec™ core
drilling rigs Product description. The compact design of the
Diamec 232 underground core drilling rig makes it ideal for core
drilling in narrow tunnels or in galleries. The Diamec 232 is quick

and easy to set up. It includes mechanized rod handling, a hinge-
mounted rod holder, and a rugged rotation unit which all helps to
provide flexible and efficient drilling. Diamec 232 | Epiroc US Atlas

Copco Diamec Manual The Diamec 6 MCR (Mobile Carrier Rig) from

Epiroc combines the best of two worlds - the high productivity
and accuracy of a Diamec core drilling rig, with the mobility of a
robust carrier designed for underground use. The Diamec 6 MCR
offers unparalleled productivity in underground exploration. The
Diamec MCR makes the drilling setup process much
faster. Diamec 6 MCR | Epiroc Our Diamec Smart series brings
automation to core drilling. Rough, tough and hazardous tasks in
drilling are diminishing as technology marches on with
automation. The newcomer Diamec Smart is a good example of
today's safety innovations. Exploration | Epiroc US Atlas Copco
