<p>level and may be used to plan topics and select resources for professional development and preservice education. This document provides a link between the framework's course descriptions and teachers' lesson plans by suggesting substantive resources and instructional strategies to be used in conjunction with textbooks and supplementary materials. The resource book is divided into eight units: (1)</p>	<p>"Unresolved Problems of the Modern World"; (2) "Connecting with Past Learnings: The Rise of Democratic Ideas"; (3) "The Industrial Revolution"; (4) "The Rise of Imperialism and Colonialism: A Case Study of India"; (5) "World War I and Its Consequences"; (6) "Totalitarianism in the Modern World: Nazi Germany and Stalinist Russia"; (7) "World War II: Its Causes and Consequences"; and (8)</p>	<p>"Nationalism in the Contemporary World." Each unit contains references. (EH) <u>World History and Geography, Chapter Tests and Lesson Quizzes</u>) <u>2013 McGraw-Hill Education</u> They rowed hard, away from the battleships and the bombs. Water sprayed over them. The rowboat pitched one way and then the other. Then, before his eyes, the Arizona lifted up out of the water. That</p>
------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------	-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------	-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------

enormous battleship bounced up in the air like a rubber ball and split apart. Fire burst out of the ship. A geyser of water shot into the air and came crashing down. Adam was almost thrown out of the rowboat. He clung to the seat as it swung around. He saw blue skies and the glittering city. The boat swung back again, and he saw black clouds, and the Arizona, his father's ship, sinking

beneath the water. -- from A Boy at War "He kept looking up, afraid the planes would come back. The sky was obscured by black smoke....It was all unreal: the battleships half sunk, the bullet holes in the boat, David and Martin in the water." December 7, 1941: On a quiet Sunday morning, while Adam and his friends are fishing near Honolulu, a surprise attack by Japanese bombers

destroys the fleet at Pearl Harbor. Even as Adam struggles to survive the sudden chaos all around him, and as his friends endure the brunt of the attack, a greater concern hangs over his head: Adam's father, a navy lieutenant, was stationed on the USS Arizona when the bombs fell. During the subsequent days Adam -- not yet a man, but no longer a boy -- is caught up in the war as he

desperately tries to make sense of what happened to his friends and to find news of his father. Harry Mazer, whose autobiographical novel, *The Last Mission*, brought the European side of World War II to vivid life, now turns to the Pacific theater and how the impact of war can alter young lives forever.

Describes the dropping of the atomic bomb on Hiroshima, Japan, particularly as it affects Sachi, who becomes one of the Hiroshima Maidens. *Woods Runner* Penguin UK
This highly regarded book is a must-have resource for all graduate level students

and prospective school leaders enrolled in courses in instructional supervision. It is also a valuable guide for anyone currently in a leadership position with responsibility for supervising student teachers. Dr. Zepeda provides both practical tools and strategies needed for classroom observations and pre- and post-observation conferences, laying a strong foundation for effective

instructional supervision in preK-12 schools. The updated third edition includes... research-supported strategies to help supervisors work successfully with teachers, authentic case studies, classroom examples, and field experiences, in-depth coverage of professional development and its link to teacher evaluation, reflection prompts, pragmatic

tips, self-assessments, and suggested activities

Slaying the Dragons

Simon and Schuster

We know that those fearsome, fire-breathing creatures known as dragons do not truly exist. Yet, in the world of literacy instruction, teachers often feel as though they are battling equally severe and frightening conditions that hinder literacy success. The “dragons” in

the book serve as analogies for dyslexia problems, which often cause stumbling blocks to literacy mastery. Descriptions and ways to differentiate remediation for four types of dyslexia provide insights for veteran teachers as well as novices. **SLAYING THE DRAGONS** provides practical, down-to-earth information about researched and proven

literacy instruction by using a delivery that is both succinct and thorough. In addition to each of the five essential components of reading identified by the National Reading Counsel, other complementary topics result in a combination of “tried and true” strategies along with new possibilities for 21st century literacy instruction. **Slaying the Dragons: 21st**

Century Literacy considers several causes of literacy failure. Modifications for ELL students, gifted and talented and other exceptionalities show up adjacent to strategies. In addition, technology modifications offer methods of differentiating. Through a source in the text, teachers gain an opportunity to create their own adapted materials. The text format for **SLAYING THE**

DRAGONS accommodate a reader's eyes by providing short lines of print, bold text to indicate important vocabulary words and bullets to signify steps or sequence. An electronic option is provided for readers who prefer that system. This reader-friendly collection includes many items not commonly found such as Scotopic Sensitivity Syndrome, eye tracking,

print size, overlays, and candid reasons for literacy failure.

SLAYING THE DRAGONS will be an asset for teachers and parents seeking to increase expertise required to promote literacy success for all children.
