The A-904 and A-727, debuting in 1960 and 1962, respectively, are 3-speed automatic Chrysler TorqueFlite Transmissions. In Mopar circles, they have become synonymous with strength, durability, and performance. In fact, 43 years after its first application, A-904s were still found in the Jeep lineup! TorqueFlites are known for their dependability, but many have endured a tremendous amount of abuse over 50-plus years when hooked up to V-8 Mopar powerplants. There is little doubt that some of these automatics could be prone to failure, or at least need a thorough rebuild. Tom Hand shares his decades of experience rebuilding TorqueFlite transmissions with chapters dedicated to troubleshooting, disassembly and reassembly, performance modifications, post-installation procedures, and the most thorough source guide offered in print, ever. The author walks you through the TorqueFlite rebuild with color photos showcasing step-by-step procedures with highly detailed, easy-to-follow text. This book will keep money in your pocket and add experience to your résumé, but more important, it will help you get your Mopar back on the road! p.p1 {margin: 0.0px 0.0px 0.0px 0.0px; font: 12.0px Arial}

Dale Earnhardt Jr.'s only authorized book revealing the inside track on his final year of racing and retirement from the driver's seat. "Time was running out on my charade... My secrets were about to be exposed to the world." It was a seemingly minor crash at Michigan International Speedway in June 2016 that ended the day early for Dale Earnhardt Jr. What he didn't know was that it would also end his driving for the year. He'd dealt with concussions before, but concussions are like snowflakes, no two are the same. And recovery can be brutal, and lengthy. When NASCAR star Dale Earnhardt Jr. retired from professional stock car racing in 2017, he walked away from his career as a healthy man. But for years, he had worried that the worsening effects of multiple racing-related concussions would end not only his time on the track but his ability to live a full and happy life. Torn between a race-at-all-costs culture and the fear that something was terribly wrong, Earnhardt tried to pretend that everything was fine, but the private notes about his escalating symptoms that he kept on his phone reveal a vicious cycle: suffering injuries on Sunday, struggling through the week, then recovering in time to race again the following weekend. For the first time, he shares these notes and fully reveals the physical and emotional struggles he faced as he fought to close out his career on his own terms. In this candid reflection, Earnhardt opens up about his frustration with the slow recovery, his admiration for the woman who stood by him through it all, and his determination to share his own experience so that others don't have to suffer in silence. Steering his way to the final checkered flag of his storied career proved to be the most challenging race and most rewarding finish of his life.
