The Power of Project-Based Learning Disha Publications

Engineering education intends to prepare engineering undergraduates for their future professional journey where they will be called to solve challenges afflicting individuals, companies, and society. The European Project Semester (EPS) exposes students to project and challenge-based learning with special attention to international multidisciplinary teamwork, design, innovation thinking, and project management to develop a set of desired skills. The *Handbook of Research on Improving Engineering Education with the European Project Semester* shares the best practices in engineering education through close examination of the EPS. It describes the adopted learning framework, analyzes how it contributes to the development of skills, reports on the type of challenges proposed to teams, and delivers a set of team-project cases from the network of providers. Covering topics such as engineering ethics, project management, and sustainable behavior, this book is essential to students in engineering, engineers, engineering educators, educational researchers, academic administration and faculty, and academicians.

Are you and your messages often misunderstood? Do your messages inspire action or add confusion? Although technology now provides multiple channels to communicate on, getting your message understood and acted upon still depends upon your proficiency using the most important communication tools available, your body and emotions. Kurt Larsson's *Sensational Presentation Skills* is a powerful guide for your journey toward communication mastery. The first in a series of *Sensational Soft Skills Toolbox* handbooks by Larsson, this practical how-to guide offers twenty steps that highlight the importance of being fully engaged—mind and body—when you communicate. Larsson emphasizes it's equally about the words used and what your body language demonstrates. As more people turn to technology to mediate their human interactions, your ability to engage listeners in person will increase in value. Learn to powerfully handle your fears while expressing yourself fully to “move” others into action. Take a conscious step forward with this toolbox of soft skills and set yourself ahead of the curve, in both your work and your personal life. As your skills increase, you'll appreciate the layers of wisdom Larsson has packed into this guide, and you'll find yourself returning to it again and again.

The total number of searches conducted across all search engines, in 2011 will exceed 300 Billion and cost companies competing for these page-one listings in excess of 50 Billion Dollars. DNO the SEO Revolution is a how-to-guide for achieving permanent page-one rankings for under \$100. This one extraordinarily simple idea will shatter traditional SEO concepts allowing everyone the opportunity to gain multiple Page One Rankings for their business. Even more impressive is the fact these rankings are permanent and will never be under threat from competitive SEO programs. When you consider SEO and SEM programs only deliver temporary results, establish a total dependency on the technology and force you to pay up to 20% more each year for an ever-diminishing return, why continue using them? Now is the time to break the cycle of dependency on SEO and SEM programs-try something different, achieve permanent search engine rankings, own what you have been paying rent on for years. Act now before your competitor does or face the consequences of them dominating critical keyword rankings, permanently.

Communication is the basis of so much of what happens in the workplace and indeed in our private lives. Without effective communication our lives are so much the poorer and with so many more problems. This book, now in an updated third edition, is therefore an important and valuable resource for anyone where success in their work depends on the quality of their interactions, whether face to face, in writing or electronically. Divided into two parts, the book focuses first on theoretical insights to provide a firm basis of understanding and then on practice issues. Written in Neil Thompson's characteristically clear and accessible style, this important book provides an essential foundation for making sure that we are communicating with one another as effectively as possible.
