Managerial Accounting (16th Edition) Wiley
Silicate Glasses and Melts, Second Edition describes the structure-property-composition relationships for silicate glasses and melts from a geological and industrial perspective. Updated sections include (i) characterization of silicate melt and COHN fluid structure (with and without dissolved silicate components) with pressure, temperature, and redox conditions and responses of structural variables to chemical composition, (ii)

determination of solubility and solution mechanisms of COHN volatiles in silicate melts and minerals and of solubility and solution mechanisms of silicate components in COHN fluids, and (iii) effects of very high pressure on structure and properties of melts and glasses. This new book is an essential resource for researchers in a number of fields, including geology, geophysics, geoscience, volcanology, material science, glass science, petrology and mineralogy. Brings together multidisciplinary research scattered across the scientific literature into one reference, with a focus on silicate melts and their application to

natural systems
Emphasizes linking melt properties to melt structure Includes a discussion of the pros and cons of the use of glass as a proxy for melt structure and properties Written by highly regarded experts in the field who, among other honors, were the 2006 recipients of the prestigious G.W. Rated the most satisfying

textbook by students in independent research, Spiceland/Sepe/Nelson's Intermediate Accounting, 6th Edition, has the quality, flexibility, and attention to detail students need to master a challenging subject. It's your Vehicle to Success in the Intermediate Accounting course and beyond!

Spiceland/Sepe/Nelson provides a decision maker's perspective to emphasize the professional judgment and critical thinking skills required of accountants today. Reviewers, instructors, and student users of Spiceland have enthusiastically embraced the relaxed, conversational writing style that engages students in an enjoyable and effective learning experience. In addition, accounting's preeminent textbook website provides students a wide variety of electronic learning resources, including iPod content. Study Guide, Instructor's Manual, Solutions Manual, Testbank, and Website content are all created by authors, ensuring seamless compatibility throughout the Spiceland learning package. The end-of-chapter material is also written by the author

team and tested in their own classes before being included in Intermediate Accounting. Few areas see the kind of rapid change that accounting does, and the Spiceland team is committed to staying current. The sixth edition fully integrates all the latest FASB Standards, and the authors are committed to keeping you updated with all relevant content changes throughout the edition.

Chapters 15 - 24 Wiley Intermediate Accounting, 3e, by Spiceland/Sepe/Tomassini will gain support in traditional and technology-driven accounting departments, especially those looking for a more concise, decision-making text that reinforces challenging concepts via CD-ROM. The revision of this text is based around a "Learning System." The revision of this "Learning System" was built on improving the clarity of the chapters, emphasizing more decision-making in order to prepare students for the changes taking place on the CPA exam, acknowledging the diversity of students and their learning styles by creating supplemental materials to assure the

success of every student, and creating a consistent text and supplemental package for both students and instructor's giving us the best possible intermediate text on the market. Returning to the Third edition is the award winning "Coach" CD-ROM. The Coach CD-ROM is a multimedia product integrating audio and video clips, animated illustrations, cases, and alternative reading material that helps students comprehend some of the more difficult topics associated with intermediate accounting. Designed specifically for the Spiceland text, instructors and students will find these learning tools placed strategically throughout the text. This is the most comprehensive Learning System in Intermediate Accounting. At only 1120 pages (300 pages less than the average intermediate accounting text), Spiceland/S/T has not sacrificed content for pages. Instead, the authors have created a very flexible text with a student friendly writing style that focuses on explaining not just how to apply a procedure, but why it's applied.
