*McGraw-Hill's
Dictionary of American
Slang 4E (PB)* Collins
Reference
With 1,500 new words
and phrases, this
abridged edition of the
Dictionary of American
Slang is the most
buzzworthy, banging
collection of colloquial
American English—no
joke This fully updated
and abridged fourth
edition of American
Slang contains more
than 1,500 new terms
representing the
variety and vigor of
American slang, from
"yada yada yada" to
"yo momma." There's
no better resource for
those who are curious
about language,

fascinated by counterculture, or just completely confused when other people talk. Like previous editions, this edition features pronunciation guides, word origins, examples of appropriate usage as well as a helpful highlighting system that lets you know which terms should be used with caution, and never in polite company. Both an important archive of the way America is really talking and a lot of fun to read, *American Slang* will prove to be an invaluable companion in keeping up with the dauntingly jargon-filled, quickly evolving language of today. *Passing English of the Victorian Era* Harper Paperbacks
An updated,

categorically arranged dictionary of American slang and popular culture features more than ten thousand entries that cover such topics as the Internet, extreme sports, the drug culture, politics, entertainment, business, and more, along with introductory narratives and sidebars that reveal how terms and phrases relate to the subcultures that spawned them. *Slang* William B. Eerdmans Publishing Company
Fully revised and updated -- the ultimate guide to black talk from all segments of the African American community. Do you want to be down with the latest hype terms from the Hip Hop world? *Black Talk* is the perfect source. "Even if you think you're hip,

you'd better look up kitchen, got her nose open, jump salty, and hundreds of other sayings, former or current, that testify to the linguistic originality of Black speakers," said Frederic G. Cassidy, chief editor of the Dictionary of American Regional English. This new edition of Black Talk includes more than 300 new words and phrases and, now more than ever, reflects the ever-changing meanings and uses of this vital and rich part of our language. In a style that is always informative and always entertaining, Geneva Smitherman takes this dictionary far beyond a list of words. Black Talk is a cultural map that charts word meanings along the highways and byways of African

American life.

Slang: A Very Short Introduction Sterling Publishing Company, Inc.

More bling for the buck! The #1 guide to American slang is now bigger, more up-to-date, and easier to use. This new edition of McGraw-Hill's Dictionary of American Slang and Colloquial Expressions offers complete definitions of more than 12,000 slang and informal expressions from various sources, ranging from golden oldies such as . . . golden oldie, to recent coinages like shizzle (gangsta), jonx (Wall Street), and ping (the Internet). Each entry is followed by examples illustrating how an expression is used in everyday conversation and, where necessary,

International Phonetic Alphabet pronunciations are given, as well as cautionary notes for crude, inflammatory, or taboo expressions. This edition also features a fascinating introduction on "What is Slang?," a Thematic Index that cross-references expressions by standard terms--such as Angry, Drunk, Food, Good-bye, Mess-up, Money, and Stupidity--and a Hidden Word Index that lets you identify and locate even partially remembered expressions and phrases.

Straight from the Fridge, Dad Harper Collins

Originally published in 1960, *The Dictionary of American Slang* is widely regarded as the standard in its field.

Expanded and completely updated, this third edition contains more than 19,000 terms of representing the variety and vigor of American slang, from the most widely acceptable to the taboo, and covering all periods of American history -- from the gypsies, soldiers, railroad workers and cowboys of the 19th century to more modern spawning grounds such as the rock 'n' roll world, the corporate sector, African-Americans, gays and lesbians and many more. Intimately connected with the fringes of our culture and responding with vigilance to new developments in technology, slang is the fastest changing part of our language.

This new edition considers the subcultures that have emerged in the wake of the past decade's technological and communication advances, including the advent of computer usage at home and in the workplace and the explosion of the Internet and the World Wide Web. With more than 2,000 new terms, the Lexicon of the '90s is recorded here in definitive detail. Like previous editions, this edition features pronunciation guides, word origins, examples of appropriate usage as well as a helpful highlighting system that lets you know which terms should be used with caution, and never in polite company. Both as important archive of the way America is

really talking and a lot of fun to read, The Dictionary of American Slang will prove to be an invaluable companion in keeping up with the dauntingly jargon-filled, quickly evolving language of today.

**Dictionary of the
Vulgar Tongue**

Oxford University
Press, USA

The Routledge Dictionary of Modern American Slang offers the ultimate record of modern, post WW2 American Slang. The 25,000 entries are accompanied by citations that authenticate the words as well as offer examples of usage from popular literature, newspapers, magazines, movies, television shows, musical lyrics, and Internet user groups.

Etymology, cultural context, country of origin and the date the word was first used are also provided. In terms of content, the cultural transformations since 1945 are astounding. Television, computers, drugs, music, unpopular wars, youth movements, changing racial sensitivities and attitudes towards sex and sexuality are all substantial factors that have shaped culture and language. This new edition includes over 500 new headwords collected with citations from the last five years, a period of immense change in the English language, as well as revised existing entries with new dating and citations. No term is excluded on the grounds that it might be considered

offensive as a racial, ethnic, religious, sexual or any kind of slur. This dictionary contains many entries and citations that will, and should, offend. Rich, scholarly and informative, The Routledge Dictionary of Modern American Slang and Unconventional English is an indispensable resource for language researchers, lexicographers and translators.

American Slang 4e
 National Geographic Books

The perfect stocking filler for anyone who imagines themselves flying a spitfire . . . Drop your visiting cards, put aside your beer-lever, stop being a half-pint hero and discover the gloriously funny slang which was part of everyday life in two world wars. Passion-killers: Airwomen's service knickers, whether twilights (the lighter, summer-weight variety) or black-outs (the navy-blue winter-weights). A wise directive has purposely made them as unromantic in colour and in design as a wise directive could imagine. Thanks to the work of Eric Partridge in 1945, the hilarious slang of the Royal Air Force during the first two World Wars has been preserved for

generations to come. While some phrases like 'chocks away!' have lasted to this day, others deserve to be rediscovered . . . Beer-lever: From pub-bars, meaning the 'Joystick' of an aircraft. Canteen cowboy: A ladies' man. Half-pint hero: A boaster. One who exemplifies the virtue of Dutch courage without having the trouble of going into action. Tin fish: A torpedo. Umbrella man: A parachutist. Visiting-card: A bomb. Wheels down: Get ready - especially to leave a bus, tram, train. From lowering the wheels, preparatory to landing. Whistled: In a state of intoxication wherein one tends to whistle cheerfully and perhaps discordantly. The Dictionary of RAF Slang

is a funny and fascinating insight into the lives of our RAF heroes, in a time gone by.

The Color of Words

GRIN Verlag

A pioneering exploration of form, meaning, theme and function in African American slang, illustrated with thousands of contextual examples.

Lexicon of Black English OUP Oxford

The fourth edition of this authoritative reference offers clear definitions for the slang words and idioms used in everyday American conversation. First published in 1960, this newly updated edition of *Dictionary of American Slang* traces the language of today back to its American roots. With thousands of entries ranging from

the widely accepted to the taboo and obscure, slang words are explained in terms of definition, usage, and historical etymology.

As language continues to evolve at an ever-increasing rate, *Dictionary of American Slang* offers an essential guide to the terms that are here to stay—as well as those that might otherwise be forgotten.

Banks' Dictionary of the Black Ghetto Language Harper Collins

Throughout history, most dictionaries have served the purpose of preserving the purity of the language, usually preferring the erudite vocabulary of the affluent upper classes to the salty, constantly evolving slang of their working-class counterparts. That

began to change in the early modern period, when several innovative lexicographers began publishing collections of slang terms used by particular subcultures, such as criminals. According to scholars, Francis Grose's *Dictionary of the Vulgar Tongue* is one of the most important and complete of these early slang dictionaries. Spend some time with this fascinating volume to learn the slang definitions of words and phrases like "poisoned" (pregnant), "shooting the cat" (vomiting after excess alcohol consumption), and "snoozing ken" (a brothel).

Offers a collection of African American slang terms with definitions.

Black Slang Burns & Oates

Seminar paper from the year 2012 in the subject Didactics for the subject English - Miscellaneous, grade: 3,0, Johannes Gutenberg University Mainz, language: English, abstract: This paper is to demonstrate the varied metaphorical meaning of the color term black. Despite the fact that colors play an important role in

everyday life and occur everywhere, they do not receive much attention. Therefore, using the example of black the author's intention is to illustrate the importance of a color and the correlations people unconsciously make. First of all, with the help of some literature and common phrases in society, positive and negative associations of black are collected. Afterwards the grouped characteristic significances of black are compared to two dictionaries, namely the Oxford English Dictionary and the Longman English Dictionary to see if there is a difference between the symbolism of black and its original denotation. Following the metaphorical meanings

of black are collocated by means of The Corpus of Contemporary American English to analyze its actual occurrences in language use. Concluding, black has a wide range of meanings, but is predominantly combined with a negative connotation. Some associations only exist in society or special literature, because the transfer to sorrow or death cannot be found in a dictionary or corpus. This is because dictionaries and the corpus cover the general and literal linguistic usage of black and not its entire symbolism, which arose over a period of years and does not explicitly contain the word black.
