Black Looks Routledge

In this provocative and captivating dialogue, bell hooks and Cornel West come together to discuss the dilemmas, contradictions, and joys of Black intellectual life. The two friends and comrades in struggle talk, argue, and disagree about everything from community to capitalism in a series of intimate conversations that range from playful to probing to revelatory. In evoking the act of breaking bread, the book calls upon the various traditions of sharing that take place in domestic, secular, and sacred life where people come together to give themselves, to nurture life, to renew their spirits, sustain their hopes, and to make a lived politics of revolutionary struggle an ongoing practice. This 25th anniversary edition continues the dialogue with "In Solidarity," their 2016 conversation at the bell hooks Institute on racism, politics, popular culture and the contemporary Black experience.

Belonging Routledge

One of bell hooks' foundational works introduced to the UK for the first time. 'With the emotion of poetry, the narrative of a novel, and the truth of experience, bell hooks weaves a girlhood memoir you won't be able to put down—or forget. Bone Black takes us

into the cave of self-creation.' Gloria Steinem Stitching together the threads of her girlhood memories, bell hooks shows us one strong-spirited child's journey toward becoming the pioneering writer we know. Along the way, hooks sheds light on the vulnerability of children, the special unfurling of female creativity and the imbalance of a society that confers marriage's joys upon men and its silences on women. In a world where daughters and fathers are strangers under the same roof, and crying children are often given something to cry about, hooks uncovers the solace to be found in solitude, the comfort to be had in the good company of books. Bone Black allows us to bear witness to the awakening of a legendary author's awareness that writing is her most vital breath.

In the critical essays collected in *Black Looks*, bell hooks interrogates old narratives and argues for alternative ways to look at blackness, black subjectivity, and whiteness. Her focus is on spectatorship—in particular, the way blackness and black people are experienced in literature, music, television, and especially film—and her aim is to create a radical intervention into the way we talk about race and representation. As she describes: "the essays in *Black Looks* are meant to challenge and unsettle, to disrupt and subvert." As students, scholars, activists, intellectuals, and any other readers who have engaged with the book since its original release in 1992 can attest, that's exactly what these pieces do.

"Jonah Lehrer has a lot to offer the world....The book is interesting on nearly every page....Good writers make writing look easy, but what people like Lehrer do is not easy at all." —David Brooks, *The New York Times Book Review* Science writer Jonah Lehrer

explores the mysterious subject of love. Weaving together scientific studies from clinical psychologists, longitudinal studies of health and happiness, historical accounts and literary depictions, child-rearing manuals, and the language of online dating sites, Jonah Lehrer's *A Book About Love* plumbs the most mysterious, most formative, most important impulse governing our lives. Love confuses and compels us—and it can destroy and define us. It has inspired our greatest poetry, defined our societies and our beliefs, and governs our biology. From the way infants attach to their parents, to the way we fall in love with another person, to the way some find a love for God or their pets, to the way we remember and mourn love after it ends, this book focuses on research that attempts, even in glancing ways, to deal with the long-term and the everyday. The most dangerous myth of love is that it's easy, that we fall into the feeling and then the feeling takes care of itself. While we can easily measure the dopamine that causes the initial feelings of "falling" in love, the partnerships and devotions that last decades or longer remain a mystery. This book is about that mystery. Love, Lehrer argues, is not built solely on overwhelming passion, but, fascinatingly, on a set of skills to be cultivated over a lifetime.

The Book that Made Me Routledge

From the *New York Times* bestselling author of *All About Love*, a brave and astonishing work that challenges patriarchal culture and encourages men to reclaim the best part of themselves. Everyone needs to love and be loved—even men. But to know love, men must be able to look at the ways that patriarchal culture keeps them from knowing themselves, from being in touch with their feelings, from loving. In *The Will to Change*, bell hooks gets to the heart of the matter and shows men how to express the emotions that are a fundamental part of who they

are—whatever their age, marital status, ethnicity, or sexual orientation. But toxic masculinity punishes those fundamental emotions, and it's so deeply ingrained in our society that it's hard for men to not comply—but hooks wants to help change that. With trademark candor and fierce intelligence, hooks addresses the most common concerns of men, such as fear of intimacy and loss of their patriarchal place in society, in new and challenging ways. She believes men can find the way to spiritual unity by getting back in touch with the emotionally open part of themselves—and lay claim to the rich and rewarding inner lives that have historically been the exclusive province of women.

A Death in Harlem Flatiron Books

"I had a real romance with this book." —Miranda July A highly

anticipated collection, from the writer Maggie Nelson has called, “bracingly good...refreshing and welcome,” that explores the myriad ways in which desire and commodification intersect. From graffiti gangs and Grand Theft Auto to sugar daddies, Schopenhauer, and a deadly game of Russian roulette, in these essays, Chelsea Hodson probes her own desires to examine where the physical and the proprietary collide. She asks what our privacy, our intimacy, and our own bodies are worth in the increasingly digital world of liking, linking, and sharing. Starting with Hodson's own work experience, which ranges from the mundane to the bizarre—including modeling and working on a NASA Mars mission— Hodson expands outward, looking at the ways in which the human will submits, whether in the marketplace or in a relationship. Both tender and jarring, this collection is relevant to anyone who's ever searched for what the self is worth. Hodson's accumulation within each piece is purposeful, and her prose vivid, clear, and sometimes even shocking, as she explores the wonderful and strange forms of desire. Tonight I'm Someone Else is a fresh, poetic debut from an exciting emerging voice, in which Hodson asks, “How much can a body endure?” And the resounding answer: “Almost everything.”

She continued her national dialogue with the bestselling *Salvation: Black People and Love*. Now hooks culminates her triumphant trilogy of love with *Communion: The Female Search for Love*. In *Teaching Critical Thinking*, renowned cultural critic and progressive educator bell hooks addresses some of the most

compelling issues facing teachers in and out of the classroom today. In a series of short, accessible, and enlightening essays, hooks explores the confounding and sometimes controversial topics that teachers and students have urged her to address since the publication of the previous best-selling volumes in her Teaching series, *Teaching to Transgress* and *Teaching Community*. The issues are varied and broad, from whether meaningful teaching can take place in a large classroom setting to confronting issues of self-esteem. One professor, for example, asked how black female professors can maintain positive authority in a classroom without being seen through the lens of negative racist, sexist stereotypes. One teacher asked how to handle tears in the classroom, while another wanted to know how to use humor as a tool for learning. Addressing questions of race, gender, and class in this work, hooks discusses the complex balance that allows us to teach, value, and learn from works written by racist and sexist authors. Highlighting the importance of reading, she insists on the primacy of free speech, a democratic education of literacy. Throughout these essays, she celebrates the transformative power of critical thinking. This is provocative, powerful, and joyful intellectual work. It is a must read for anyone who is at all interested in education today.

For bell hooks, the best cultural criticism sees no need to separate politics from the pleasure of reading. *Yearning* collects together some of hooks's classic and early pieces of cultural criticism from the '80s. Addressing topics like pedagogy, postmodernism, and politics, hooks examines a variety of cultural artifacts, from Spike Lee's film *Do the Right Thing* and Wim Wenders's film *Wings of Desire* to the writings of Zora Neale Hurston and Toni Morrison. The result is a poignant collection of essays which, like all of hooks's work, is above all else concerned with transforming oppressive structures of domination.

In their fluid and honest dialogue they push and pull each other as well as the reader, and the result is a book that speaks to the power of conversation as a place of critical pedagogy.
