Early Broadway Sheet Music Hal Leonard Corporation

Although many opera dictionaries and encyclopedias are available, very few are devoted exclusively to operas in a single language. In this revised and expanded edition of *Operas in English: A Dictionary*, Margaret Ross Griffel brings up to date her original work on operas written specifically to an English text (including works both

originally prepared in English, as well as English translations). Since its original publication in 1999, Griffel has added nearly 800 entries to the 4,300 from the original volume, covering the world of opera in the English language from 1634 through 2011. Listed alphabetically by letter, each opera entry includes alternative titles, if any; a full, descriptive title; the number of acts; the composer's name; the librettist's name, the original language of the libretto, and the original source of the text, with the source title; the date, place, and cast of the first performance; the date of composition, if it

occurred substantially earlier than the premiere date; similar information for the first U.S. (including colonial) and British (i.e., in England, Scotland, or Wales) performances, where applicable; a brief plot summary; the main characters (names and vocal ranges, where known); some of the especially noteworthy numbers cited by name; comments on special musical problems, techniques, or other significant aspects; and other settings of the text, including non-English ones, and/or other operas involving the same story or characters (cross references are indicated by asterisks). Entries also

include such information as first and critical editions of the score and libretto; a bibliography, ranging from scholarly studies to more informal journal articles and reviews; a discography; and information on video recordings. Griffel also includes four appendixes, a selective bibliography, and two indexes. The first appendix lists composers, their places and years of birth and death, and their operas included in the text as entries; the second does the same for librettists; the third records authors whose works inspired or were adapted for the librettos; and the fourth comprises a chronological listing of the A-Z entries, including as well as the date of first performance, the city of the premiere, the short title of the opera, and the composer. Griffel also include a main character index and an index of singers, conductors, producers, and other key figures.

Queen of Republics Scarecrow Press

This book seeks to add a needed introduction to a way of meditation used among early modern English Protestants, influenced by Bishop Joseph Hall. Furthermore, the major role that Hall had in his *Arte of Divine Mediation* on late-

seventeenth-century Protestant spirituality went beyond the practice of meditation and established a positive claim on the role of the imagination in shaping souls, well into the modern period. Within this context, the questions related to ancient understandings of faith and the interrelationship of divine revelation are discussed with fresh insights for our own times. If a revival of interest emerges again in Hall's work, it would be a compelling and fresh impetus to reclaim the broken imagination evident in many parts of the Western Church.

The Puritan Imagination Yale University Press

The 1910s shaped the future of the American musical. While many shows of the decade were imports of European operettas, and even original Broadway musicals were influenced by continental productions, the musicals of the 1910s found their own American voice. In *The Complete Book of 1910s Broadway Musicals*, Dan Dietz covers all 312 musicals that opened on Broadway during this decade. Among the shows discussed are *The Balkan Princess*, *The Kiss Waltz*, *Naughty Marietta*, *The Firefly*, *Very Good*

Eddie, *Leave It to Jane*, *Watch Your Step*, *See America First*, and *La-La-Lucille*. Dietz places each musical in its historical context, including the women's suffrage movement and the decade's defining historical event, World War I. Each entry features the following: Plot summary Cast members Creative team, including writers, lyricists, composers, directors, choreographers, and producers Opening and closing dates Number of performances Critical commentary Musical numbers and the performers who introduced the songs Numerous appendixes include a chronology, discography, filmography, Gilbert and Sullivan productions, Princess Theatre musicals, musicals with World War I themes, and published scripts, making this book a comprehensive and significant resource. *The Complete Book of 1910s Broadway Musicals* will captivate and inform scholars, historians, and casual fans about this influential decade in musical theatre history.

The Words and Music of Sting BoD – Books on Demand

New York magazine was born in 1968 after a run as an insert of the New York Herald

Tribune and quickly made a place for itself as the trusted resource for readers across the country. With award-winning writing and photography covering everything from politics and food to theater and fashion, the magazine's consistent mission has been to reflect back to its audience the energy and excitement of the city itself, while celebrating New York as both a place and an idea.

The Complete Book of 1940s Broadway Musicals Rowman & Littlefield (Amadeus). The New York Philharmonic, from Bernstein to Maazel continues the story of America's oldest orchestra as told in Howard Shanet's *Philharmonic: A History of New York's Orchestra*. That volume ended with the 1970-71 season, just before the arrival of Pierre Boulez as music director. Obviously, much has happened since. This book begins, however, with a retrospective account of the controversial last years of the tenure of Dimitri Mitropoulos and the ascendancy of Leonard Bernstein to the music directorship. Having been a Philharmonic assistant conductor during Bernstein's tenure, and an inveterate Philharmonic watcher ever since, the author brings

some personal insights to the story as well as moments of humor. A sub-theme of the book concerns the way the Philharmonic and its music directors have been treated by the New York press, the Times in particular. Howard Taubman's attacks on Mitropoulos, Harold Schonberg's on Bernstein, and Donal Henahan's on Zubin Mehta are all covered here, as are the writings of various critics on those and other conductors, and on the orchestra itself. The New York Philharmonic is the only orchestra ever to undertake a foreign tour solely on the initiative of its musicians, without benefit or support from management. How this came about is chronicled, as are the opening of Lincoln Center, the Parks Concerts, Promenades, Prospective Encounters, Rug Concerts, tours, and, of course, the subscription seasons. John Canarina shows how the New York Philharmonic weathered extraordinary ups and downs during this period, while remaining a vital component of New York's cultural life.

New York Weekly Review Farrar, Straus and Giroux

For more than a century, original music has been composed for the cinema. From the early days when live music accompanied silent films to the present in which a composer can draw upon a full orchestra or a lone synthesizer to embody a composition, music has been an integral element of most films. By the late 1930s, movie studios had established music departments, and some of the greatest names in film music emerged during Hollywood's Golden Age, including Alfred Newman, Max Steiner, Dimitri Tiomkin, and Bernard Herrmann. Over the decades, other creators of screen music offered additional memorable scores, and some composers—such as Henry Mancini, Randy

Newman, and John Williams—have become household names. The Encyclopedia of Film Composers features entries on more than 250 movie composers from around the world. It not only provides facts about these artists but also explains what makes each composer notable and discusses his or her music in detail. Each entry includes Biographical material Important dates Career highlights Analysis of the composer's musical style Complete list of movie credits This book brings recognition to the many men and women who have written music for movies over the past one hundred years. In addition to composers from the United States and Great Britain, artists from dozens of other countries are also represented. A rich resource of movie music history, The Encyclopedia of Film Composers will be of interest to fans of cinema in general as well as those who want to learn more about the many talented individuals who have created memorable scores.

Outing Magazine Sports Publishing LLC For well over a century, New York has been a microcosm of the art and craft of American printmaking. Until 1825,

printmaking in America was almost entirely an artisan's craft. Then, with the arrival of lithography, the realization arose that printmaking could also be a fine art. The essays published in this collection contribute to the body of scholarship by identifying important but hitherto insufficiently studied aspects of the graphic arts and treating them authoritatively. Their subjects concern prints in New York State, whose great metropolitan city was, after 1825, the acknowledged center of nearly everything important in the graphic arts in the U.S. The history of American prints from 1825 on is enormously rich, yet until the 1970s it was the least studied and understood aspect of the history of art in North America. It is a history more deeply rooted in popular culture and more closely tied, for a long time, to the world of commerce than the other arts. The usually small-scale, sometimes ephemeral, and often highly subtle (or highly unsubtle) nature of prints makes it easy to overlook them. The collection of essays included here were originally presented at the Twelfth Annual North American Print Conference, held in 1981 in Syracuse, New York. Locally

organized, these conferences have been held during the last decade throughout the U.S. and Canada to further the study of the history of the pictorial graphic arts in North America. Contributors include several leading historians of the graphic arts of nineteenth-century America. Their chapters bring to life and flesh out figures who were previously little more than names, establish facts that correct long-held erroneous assumptions, introduce many prints of exceptional interest that have remained out of the public view for generations, and provide a rich, new context for many familiar images.

Outing Rowman & Littlefield

In 1996 Evander Holyfield; the 34-year-old, undersized, overachieving, polite, humble, and religious former Heavyweight Champion of the World; symbolized all that is honorable and admirable in professional sports. At the other end of the spectrum was the reigning champion, "Iron Mike" Tyson, the vicious self-proclaimed "baddest man on the planet," who had emerged from a prison sentence for rape to recapture the heavyweight crown. Virtually every boxing expert in the world had declared Holyfield a "shot"

fighter whose career was over. When the surprise announcement was made that Holyfield would fight Tyson in November 1996, there was universal agreement that Holyfield had no chance to win, and the odds were set at 24-1 against him. But on November 9, 1996, Holyfield emerged from his locker room with a euphoric smile on his face and walked to the ring to the sounds of the gospel hymn "The Spirit of David," as song inspired by the story of David and Goliath. An hour later, Holyfield shocked the world by knocking out Tyson, and, for one shining moment, good had triumphed over evil. Holyfield's victory over Tyson and his subsequent triumph over Tyson in a rematch in which Tyson savagely bit off a piece of Holyfield's ear in one of the most infamous events in sports history, marked an incredible comeback for a man whose career had been written off, but this was only one of many comebacks in his life and by no means the last. Holyfield is one of the most famous, popular, and financially successful athletes ever. He is the only man to have won the Heavyweight Championship of the World four times, and he has won more than \$200 million in the ring, more than any

other boxer and almost any other athlete in history. Now at age 42, having lost his last three fights, Holyfield refuses to retire until he has recaptured all three of the major heavyweight championships one more time, no matter how long it takes. For 13 years, Jim Thomas was at Holyfield's side on a daily basis as his attorney, adviser, close friend, and confidant. *The Holyfield Way* is an eyewitness account, along with Holyfield's own personal reflections, of one of the most successful, relentless, and sometimes controversial athletes of his era. Experience life behind the scenes of boxing as a firsthand observer inside the Holyfield camp and watch the story of Holyfield's perseverance unfold as the "Humble Warrior" fights on.

The Pictorial History of the United States
Rowman & Littlefield

Sting has successfully established himself as one of the most important singer-songwriters in Western popular music over the past twenty years. His affinity for collaborative work and disparate musical styles has pushed his music into an astonishing array of contexts, but no matter what the style or who the

collaborator, Sting's voice always remains distinct, and this fact has earned him success amongst a correspondingly broad audience. *The Words and Music of Sting* subdivides Sting's life and works into rough periods of creative activity and offers a fantastic opportunity to view Sting's many stylistic changes within a coherent general framework. After analyzing Sting's musical output album by album and song by song, author Christopher Gable sums up Sting's accomplishments and places him on the continuum of influential singer-songwriters, showing how he differs and relates to other artists of the same period. Aside from his commercial success, Sting is also interesting for the use of recurring themes in his lyrics (such as family relationships, love, war, spirituality, and work) and for his use of jazz and world music to illustrate or work against the meaning of a song. Sting's life also sheds light on his music, as his working-class roots in Newcastle, England are never far removed from his international superstardom. Throughout his life, he has been musically open-minded and inquisitive, always seeking out new styles

and often incorporating them into his compositions.

The Summary Wipf and Stock Publishers

This work, a companion to the author's *Broadway Sheet Music: A Comprehensive Listing of Published Music from Broadway and Other Stage Shows, 1918 through 1993* (McFarland 1996), provides information about all sheet music published (1843-1918) from all Broadway productions--plus music from local shows, minstrel shows, night club acts, vaudeville acts, touring companies, and shows on the road that never made it to Broadway--and all the major musicals from Chicago.

Bloomsbury Publishing USA

Operetta; music by Sullivan, words by Gilbert.

The Centennial History of the United States

Syracuse University Press
This lively book takes us back to the first performances of five famous musical compositions: Monteverdi's *Orfeo* in 1607, Handel's *Messiah* in 1742, Beethoven's *Ninth Symphony* in 1824, Berlioz's

Symphonie fantastique in 1830, and Stravinsky's *Sacre du printemps* in 1913. Thomas Forrest Kelly sets the scene for each of these premieres, describing the cities in which they took place, the concert halls, audiences, conductors, and musicians, the sound of the music when it was first performed (often with instruments now extinct), and the popular and critical responses. He explores how performance styles and conditions have changed over the centuries and what music can reveal about the societies that produce it. Kelly tells us, for example, that Handel recruited musicians he didn't know to perform *Messiah* in a newly built hall in Dublin; that Beethoven's *Ninth Symphony* was performed with a mixture of professional and amateur musicians after only three rehearsals; and that Berlioz was still buying strings for the violas and mutes for the violins on the day his symphony was first played. Kelly's narrative, which is enhanced by extracts from contemporary letters, press reports, account books, and other sources, as well as by a rich selection of illustrations, gives us a fresh appreciation of these five masterworks, encouraging us to sort out

our own late twentieth-century expectations from what is inherent in the music.

The Complete Book of 1910s Broadway Musicals

Reprint of the original, first published in 1877.

Prints and Printmakers of New York State, 1825-1940

A page-turning novel that is also an exploration of the great philosophical concepts of Western thought, Jostein Gaarder's *Sophie's World* has fired the imagination of readers all over the world, with more than twenty million copies in print. One day fourteen-year-old Sophie Amundsen comes home from school to find in her mailbox two notes, with one question on each: "Who are you?" and "Where does the world come from?" From that irresistible beginning, Sophie becomes obsessed with questions that take her far beyond what she knows of her Norwegian village. Through those letters, she enrolls in a kind of correspondence course, covering Socrates to Sartre, with a mysterious philosopher, while receiving letters addressed to another girl. Who is Hilde? And why does her mail keep turning

up? To unravel this riddle, Sophie must use the philosophy she is learning—but the truth turns out to be far more complicated than she could have imagined.

The Encyclopedia of Film Composers

The debut of *Oklahoma!* in 1943 ushered in the modern era of Broadway musicals and was followed by a number of successes that have become beloved classics. Shows produced on Broadway during this decade include *Annie Get Your Gun*, *Brigadoon*, *Carousel*, *Finian's Rainbow*, *Pal Joey*, *On the Town*, and *South Pacific*. Among the major performers of the decade were Alfred Drake, Gene Kelly, Mary Martin, and Ethel Merman, while other talents who contributed to shows include Irving Berlin, Gower Champion, Betty Comden, Adolph Green, Agnes de Mille, Lorenz Hart, Alan Jay Lerner, Frederick Loewe, Cole Porter, Jerome Robbins, Richard Rodgers, and Oscar Hammerstein II. In *The Complete Book of 1940s Broadway Musicals*, Dan Dietz examines every musical and revue that opened on Broadway during the 1940s. In addition to providing details on every hit

and flop, this book includes revivals and one-man and one-woman shows. Each entry contains the following information: Opening and closing dates Plot summary Cast members Number of performances Names of all important personnel, including writers, composers, directors, choreographers, producers, and musical directors Musical numbers and the names of performers who introduced the songs Production data, including information about tryouts Source material Critical commentary Details about London and other foreign productions Besides separate entries for each production, the book offers numerous appendixes, such as a discography, film versions, published scripts, Gilbert and Sullivan operettas, and non-musical productions that utilized songs, dances, or background music. A treasure trove of information, *The Complete Book of 1940s Broadway Musicals* provides readers with a complete view of each show. This significant resource will be of use to scholars, historians, and casual fans of one of the greatest decades in musical theatre history.
