The Case of Problem-Based Learning American Academic Press

During the last few years economics and business education have emerged as one of the largest fields of study in higher education. At the same time, the pressing concern for improving the quality of higher education has led to a definite need for more knowledge about effective instruction and innovation in economics and business education. The book brings together many examples of reform in economics and business education. Special attention is paid to the problem-based learning approach, which over the past ten years, has developed as a very important innovation in higher education. The book contains contributions from a variety of institutions on the necessity of curriculum reform, the choice of instructional methods, assessment and testing, and management of change. It is of interest for teachers in higher education, educational psychologists, and any person interested in educational innovation in economics and business administration.

Abby Thornton is not cut out to be a celebrity. She falls over too much, can't hold her drink, says stupid things and always goes for the wrong men. Oh, hang on...From school detention to press attention. From family hell to holiday heaven. Being in the limelight isn't always all it's cracked up to be. Sometimes a little anonymity is all a girl really needs.
