In today's competitive business environment, a well thought out business plan is more important than ever before. Not only can it assist you in raising the money needed to start or expand a business- by attracting the interest of potential investors-but

it can also help you keep tabs on your progress once the business is up and running. Completely revised and updated to reflect today's dynamic business environment, The Ernst & Young Business Plan Guide, Third Edition leads you carefully through every aspect involved in researching, writing, and presenting a winning business plan. Illustrating each step of this process with realistic examples, this book goes far beyond simply discussing what a business plan is. It explains why certain information is required, how it may best be presented, and what you should be aware of as both a preparer and

reviewer of such a proposal. Divided into three comprehensive parts, The Ernst & Young Business Plan Guide, Third Edition outlines the essential elements of this discipline in a straightforward and accessible manner. Whether you're considering starting, expanding, or acquiring a business, the information found within these pages will enhance your chances of success. * Advice on how to write and develop business plans * A realistic sample plan * All new sections on funding and financing methods with provisions for restructuring and bankruptcy * Tips for tailoring plans to the

decision makers

TM. Chilton Book Company

More than 100,000 entrepreneurs rely on this book for detailed, step-by-step instructions on building successful, scalable, profitable startups. The National Science Foundation pays hundreds of startup teams each year to follow the process outlined in the book, and it's taught at Stanford, Berkeley, Columbia and more than 100 other leading universities worldwide.

Why? The Startup Owner's Manual guides you, step-by-step, as you put the Customer Development process to work. This method was created by renowned Silicon Valley startup expert Steve Blank, co-creator with Eric Ries of the "Lean Startup" movement and tested and refined by him for more than a decade. This 608-page how-to guide includes over 100 charts, graphs, and diagrams, plus 77 valuable checklists that guide you as you drive your company toward profitability. It will help you: • Avoid the 9 deadly sins that destroy startups' chances for success • Use the Customer Development method to bring your business idea

to life • Incorporate the Business Model Canvas as the organizing principle for startup hypotheses • Identify your customers and determine how to "get, keep and grow" customers profitably • Compute how you'll drive your startup to repeatable, scalable profits. The Startup Owner's Manual was originally published by K&S Ranch Publishing Inc. and is now available from Wiley. The cover, design, and content are the same as the prior release and should not be considered a new or updated product.
