Celebrating 25 Years as a New York Times Bestseller — Over 16 Million Copies Sold It's no wonder that *The Power of Now* has sold over 16 million copies worldwide and has been translated into over 30 foreign languages. Much more than simple principles and platitudes, the book takes readers on an inspiring spiritual journey to find their true and deepest self and reach the ultimate in personal growth and spirituality: the discovery of truth and light. In the first chapter, Tolle introduces readers to enlightenment and its natural enemy, the mind. He awakens readers to their role as a creator of pain and shows them how to have a pain-free identity by living fully in the present. The journey is thrilling, and along the way, the author shows how to connect to the indestructible essence of our Being, "the eternal, ever-present One Life beyond the myriad forms of life that are subject to birth and death."

Featuring a new preface by the author, this paperback shows that

only after regaining awareness of Being, liberated from Mind and intensely in the Now, is there Enlightenment.

Spiritual Disciplines for the Christian Life HarperCollins

Chilean writer Isabel Allende's classic novel is both a richly symbolic family saga and the riveting story of an unnamed Latin American country's turbulent history. In a triumph of magic realism, Allende constructs a spirit-ridden world and fills it with colorful and all-too-human inhabitants. The Trueba family's passions, struggles, and secrets span three generations and a century of violent social change, culminating in a crisis that brings the proud and tyrannical patriarch and his beloved granddaughter to opposite sides of the barricades. Against a backdrop of revolution and counterrevolution, Allende brings to life a family whose private bonds of love and hatred are more complex and enduring than the political allegiances that set them at odds. The House of the Spirits not only brings another nation's history thrillingly to life, but also makes its people's joys and anguishes wholly our own.

A young writer travels to Maine to tell the unusual story of America's longest-running camp devoted to mysticism and the world beyond. They believed they would live forever. So begins Mira Ptacin's haunting account of the women of Camp Etna—an otherworldly community in the woods of Maine that has, since 1876, played host to generations of Spiritualists and mediums dedicated to preserving the links between the mortal realm and the afterlife. Beginning her narrative in 1848 with two sisters who claimed they could speak to the dead, Ptacin reveals how Spiritualism first blossomed into a national practice during the Civil War, yet continues—even thrives—to this very day. Immersing herself in this community and its practices—from ghost hunting to releasing trapped spirits to water witching—Ptacin sheds new light on our ongoing struggle with faith, uncertainty, and mortality. Blending memoir, ethnography, and investigative reportage, *The In-Betweens* offers a vital portrait of Camp Etna and its enduring hold on a modern culture that remains as starved for a deeper sense of connection and otherworldliness as ever.

Awakening from Anxiety Ignatius Press

Now with a new afterword by Pope emeritus Benedict XVI! In a time when technology penetrates our lives in so many ways and materialism exerts such a powerful influence over us, Cardinal Robert Sarah presents a bold book about the strength of silence. The modern world generates so much noise, he says, that seeking moments of silence has become both harder and more necessary than ever before. Silence is the indispensable doorway to the

divine, explains the cardinal in this profound conversation with Nicolas Diat. Within the hushed and hallowed walls of the La Grande Chartreux, the famous Carthusian monastery in the French Alps, Cardinal Sarah addresses the following questions: Can those who do not know silence ever attain truth, beauty, or love? Do not wisdom, artistic vision, and devotion spring from silence, where the voice of God is heard in the depths of the human heart? After the international success of *God or Nothing*, Cardinal Sarah seeks to restore to silence its place of honor and importance. "Silence is more important than any other human work," he says, "for it expresses God. The true revolution comes from silence; it leads us toward God and others so as to place ourselves humbly and generously at their service."

Sand, Water, Silence--the Embodiment of Spirit FEB Editora/CEI 2024 Nautilus Book Awards Silver Winner in "Religion / Spirituality of Western Thought" Category Winner of the Living Now Book Award, Church of the Wild reminds us that once upon a time, humans lived in an intimate relationship with nature. Whether disillusioned by the dominant church or unfulfilled by traditional expressions of faith, many of us long for a deeper spirituality. Victoria Looz certainly did. Coping with an unraveling vocation, identity, and planet, Looz turned to the wanderings of spiritual leaders and the sanctuary of the natural world, eventually cofounding the Wild Church Network and Seminary of the Wild. With an ecospiritual lens on biblical narratives and a fresh look at a community larger than our own species, Church of the Wild uncovers the wild roots of faith and helps us deepen our commitment to a suffering earth by falling in love with it--and calling it church. Through mystical encounters with wild deer, whispers from a scrubby oak tree, wordless conversation with a cougar, and more, Looz helps us connect to a love that literally holds the world together--a love that calls us into communion with all creatures.

Within its haunting pages Carlos Ruiz Zafón masterfully weaves together plots and subplots in an intricate and intensely imagined homage to books, the art of storytelling and that magical bridge between literature and our lives. 'For the first time in 20 years or so as a book reviewer, I am tempted to dust off the old superlatives and event to employ some particularly vulgar clichés from the repertoire of publishers' blurbs. My colleagues may be shocked, but I don't care, I can't help myself, here goes. *The Shadow of the Wind* is a triumph of the storyteller's art. I couldn't put it down. Enchanting, hilarious and heartbreaking, this book will change your life. Carlos Ruiz Zafón has done that exceedingly rare thing - he has produced, in his first novel, a popular masterpiece, an instant classic' Daily Telegraph

An introduction to the nature and benefits of silence as a new spiritual reality that can lead to self-awareness and healing in our chaotic, fast-paced world With its beautifully rich prose, Robert Sardello's newest book invites us to experience silence as a

companion presence—a creative heart-felt experience that renews, restores, and deepens the body's response to the internal and external world. Drawing on images and ideas from the *Trials of St. Anthony*, anthroposophy, depth psychology, and phenomenology, the book delves deeply into the subtleties of silence, exploring the phenomenon as a source of wholeness and revitalization. Sharing his own insights from years of experience in spiritual psychology, Sardello takes us on an inner journey beyond the chaotic noise of the ego to a place of inner communion and self-healing. Silence opens our eyes to the importance of cultivating the nurturing aspects of silence in our personal relationships and enables us to awaken the inner currents of spirituality that ultimately lead to a path of universal compassion, service, and healing.

John Dennison says we have come into this life for a purpose. The soul knows why, and where it is going. But we are asleep, cut off from its guidance. We're left uneasy, discontent, always searching for answers but only finding more questions. We know there is something more.
