The power and soul of true education is a knowledge of God, and of Jesus Christ whom he hath sent. "The fear of the Lord is the beginning of wisdom." From the

original publisher: Special Testimonies on Education brings together many previously unpublished letters and manuscripts written to parents, teachers, and school workers. Counsel is given on every facet of child guidance- from practical work and academics, to character growth and spirituality. As this publication proves, education entails much more than just a classroom lesson.

Thank you for reading our PRINCE2 Foundation Training Manual. The main objective of this book is to provide an

easy-to-read and easy-to-understand PRINCE2(R) Foundation training manual. The official PRINCE2 manual, "Managing Successful Projects with PRINCE2," is an excellent reference manual, but it is not a training manual and should not be used as one, as it is very difficult to comprehend and understand if you are new to project management. The official PRINCE2 manual also covers the complete Practitioner Syllabus, and it's impossible to know which parts are just focused on the PRINCE2 Foundation syllabus, so you have to read everything, which is not good if you are just studying for the foundation exam. Henceforth,

this book is meant to be (and is) an easy introduction to PRINCE2 based on the Foundation syllabus, and it's quickly becoming the most read book for people wishing to learn about PRINCE2 and prepare for the foundation exam.
