An American Jezebel Rowman & Littlefield Publishers

This Encyclopedia on American history and law is the first devoted to examining the issues of civil liberties and their relevance to major current events while providing a historical context and a philosophical discussion of the evolution of civil liberties. Coverage includes the traditional civil liberties: freedom of speech, press, religion, assembly, and petition. In addition, it also covers concerns such as privacy, the rights of the accused, and national security. Alphabetically organized for ease of access, the articles range in length from 250 words for a brief biography to 5,000 words for in-depth analyses. Entries are organized around the following themes: organizations and government bodies legislation and legislative action, statutes, and acts historical overviews biographies cases themes, issues, concepts, and events. The Encyclopedia of American Civil Liberties is an essential reference for students and researchers as well as for the general reader to help better understand the world we live in today.

Encyclopedia of American Women and Religion [2 volumes] Cambridge University Press

Examines the sins and confessions in church disciplinary records to argue that daily practices created a gendered Puritanism.

American Gospel Forgotten Books

Excerpt from *An American Jezebel: The Life of Anne Hutchinson* John Cotton's voice was beautiful. It was warm and silky. Strained through those cool Gothic spaces, it reached Anne Hutchinson as an essence too subtle to be of the senses.' Strained through her fine perceptions, the ancient cadences were rousing a sweet disturbance, the apprehension of something too profound to plumb-I Be

tween reader and listener Solomon's Song was weaving a spell that was to bind them together through every change, a spell unguessed perhaps, but going on as a force stronger than death or betrayal. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at www.forgottenbooks.com This book is a reproduction of an important historical work. We do, however, repair the vast majority of imperfections successfully; any imperfections that remain are intentionally left to preserve the state of such historical works.

American Stories Jones & Bartlett Learning "An important concept that scholars have used to help understand the relationship between religion and the American nation and polity has been 'civil religion.' A seminal article by Robert Bellah appeared just over fifty years ago. A multi-disciplinary array of scholars in this volume assess the concept's origins, history, and continued usefulness. In a period of great political polarization, considering whether there is hope for a unifying value and belief system seems more important than ever"--

An American Jezebel Macmillan

American Jezebel Bloomsbury Publishing USA

Volume III of America's Indomitable Character concerns itself with: □American character identity as represented by ten selected Colonial female authors, among them the early Colonial authors of religious freedom Anne Hutchinson and Anne Dudley Bradstreet; the Colonial adventuress Sarah Kemble Knight; Anne Cotton and her eye-witness accounts of the history of Virginia; Mercy Otis Warren, a contemporary historian of the American Revolutionary Period; Abigail Adams who gave her husband John Adams, the second President, political advice; Judith Sargent Murray, a Colonial feminist; the African-American poet Phillis Wheatley; Hannah Webster Foster, an early advocate of female education; and Susanna Haswell Rowson, America's first professional female novelist. □How the Thirteen Original Colonies became states. □The American Constitution and American character identity. □Attempts to destroy the American Constitution. □The Monroe Doctrine and American character identity. □The origin and essence of Romanticism and its importance in America. □A presentation of Nature, human nature, society, the social contract, and education in selected works of William Hill Brown, Philip Morin Freneau, Charles Brockden Brown, Washington Irving, William Cullen

Bryant, David Crockett, James Fenimore Cooper, Edgar Allan Poe. □The Bill of Rights. □David Crockett's Not Yours to Give Speech. □Why Colonists and immigrants came to America and how they became Americans. □Individualism and anti-elitism in America's character. □America as a place where individuals form and decide of their own destiny; where, as Don Fredrick says, society "means nothing more than a collection of many individual citizens in the same place; where there exist not many rules telling a person what he is permitted to do, but only a few rules telling him what he cannot do. Or, at least, that is what America was when the aforementioned authors wrote about the nation."

The American Promise, Volume I: To 1877
Rowman & Littlefield

Presents a comprehensive reference to the role of women in American politics and government, including biographies, related topics, organizations, primary documents, and significant court cases.

Religion and the Law in America [2 volumes]
Bloomsbury Publishing USA

In *People of Paradox*, Terry Givens traces the development of Mormon culture from the days of Joseph Smith in upstate New York, to the global spread of the Latter-Day Saints. Here is a religion shaped by an authoritarian hierarchy and individualism, intellectual investigation, existence in exile and a yearning for acceptance by the larger world.

This work is a comprehensive survey of one of the oldest—and hottest—debates in American history: the role of religion in the public discourse. The relationship between church and state was contentious long before the framers of the Constitution undertook the bold experiment of separating the two, sparking a debate that would rage for centuries: What is the role of religion in government—and vice versa? *Religion and the Law in America* explores the many facets of this question, from prayer in public schools to the addition of the phrase "under God" to the Pledge of Allegiance, from government investigation of religious fringe groups to federal grants for faith-based providers of social services. In more than 250 A–Z entries, along with a series of broad, thematic essays, it examines the groups, laws, and court cases that have framed this ongoing debate. Through its careful, balanced exploration of the interaction between government and religion throughout the history of the United States, the work provides all Americans—students, scholars, and lay readers alike—with a

deep understanding of one of the central, enduring issues in our history.

[Encyclopedia of Women and American Politics, Third Edition](#)
Random House

The American Promise is more teachable and memorable than any other U.S. survey text. The balanced narrative braids together political and social history so that students can discern overarching trends as well as individual stories. The voices of hundreds of Americans - from Presidents to pipe fitters, and sharecroppers to suffragettes - animate the past and make concepts memorable. The past comes alive for students through dynamic special features and a stunning and distinctive visual program. Over 775

contemporaneous illustrations - more than any competing text - draw students into the text, and more than 180 full - color maps increase students' geographic literacy. A rich array of special features complements the narrative offering more points of departure for assignments and discussion. Longstanding favorites include *Documenting the American Promise*, *Historical Questions*, *The Promise of Technology*, and *Beyond American's Borders*, representing a key part of a our effort to increase attention paid to the global context of American history.

American Religious History [3 volumes]
Bloomsbury Publishing USA

This volume offers a complete listing and description of books published on early America between 2001 and 2005. An extraordinary research tool, *Books on Early American History and Culture, 2001-2005: An Annotated Bibliography* is part of a series listing materials on the history of North America and the Caribbean from 1492 to 1815. This volume includes monographs, reference works, exhibition catalogs, and essay collections published between 2001 and 2005. Each entry provides the name of the work, its author(s) or editor(s), publisher, date of publication, ISBN and/or OCLC number(s), and the Library of Congress call number. Following each detailed citation, there is a brief summary of the work and a list of journals in which it has been reviewed. Organized thematically, the book covers, among many other topics, exploration and colonization; maritime history; environment; Native Americans; race, gender, and ethnicity; migration; labor and class; business; families; religion; material culture; science; education; politics; and military affairs.

With this guide, major help for term papers relating to Colonial American history has arrived in a volume sure to enrich and stimulate students in

challenging and enjoyable ways. Chock full of stimulating and creative term paper suggestions and vetted research resources focusing on the Colonial Era, this volume is indispensable for students, librarians, and instructors. Students from high school age to undergraduate will use it to get a jumpstart on assignments in Colonial American history with the hundreds of term paper suggestions and research information offered here in an easy-to-use format. Users can quickly choose from the 100 important events, ranging from the first attempt at colonization at the Lost Colony of Roanoke, Virginia, in 1585 to the ratification of the Constitution in 1791. With this book, the research experience is transformed and elevated. *Term Paper Resource Guide to Colonial American History* is a superb source to motivate and educate students who have a wide range of interests and talents. Coverage includes key wars and conflicts, establishment of colonies and colleges, legislation and treaties, religious events, exploration, publications, and more.

America's Indomitable Character Volume III
Zondervan

This two-volume set examines women's contributions to religious and moral development in America, covering individual women, their faith-related organizations, and women's roles and experiences in the broader social and cultural contexts of their times. This second edition of *Encyclopedia of American Women and Religion* provides updated and expanded information from historians and other scholars of religion, covering new issues in religion to better describe and document women's roles within religious groups. For instance, the term "evangelical feminism" is one newly defined aspect of women's involvement in religious activism. Changes are constantly occurring within the many religious faiths and denominations in America, particularly as women strive to gain positions within religious hierarchies that previously were exclusive to men and rise within their denominations to become theologians, church leaders, and bishops. The entries examine the roles that American women have played in mainstream religious denominations, small religious sects, and non-traditional practices such as witchcraft, as well as in groups that question religious beliefs, including agnostics and atheists. A section containing primary documents gives readers a firsthand look at matters of concern to religious women and their organizations. Many of these documents are the writings of women who merit entries within the encyclopedia. Readers

will gain an awareness of women's contributions to religious culture in America, from the colonial era to the present day, and better understand the many challenges that women have faced to achieve success in their religion-related endeavors.

Women in American History [4 volumes] Xlibris Corporation

"Peter Schrag is the model for all political writers. He is committed, passionate, and eloquent, but always stays harnessed to the facts and rooted in the realities of politics and human nature. He reports out everything, and he writes like a dream. We can be grateful that in *Not Fit for Our Society* he has turned his gifts to the seemingly intractable problem of immigration. We will have to settle this issue again, as we always manage to do despite enormous commotion and anxiety. Schrag will force everyone to think more clearly and to approach immigration with both compassion and good sense."—EJ Dionne, Jr., author of *Souled Out* "Just who is fit to be part of the society that became a nation in 1776 and who decides, and on what basis? In *Not Fit for Our Society*, Peter Schrag offers an invigorating, well-informed, carefully reasoned investigation into today's immigration debates."—David Hollinger, President of the Organization of American Historians, 2010-2011 "Peter Schrag has a unique view of the immigration debate and policies that have shaped our country since its founding. His very timely writing of *Not Fit for our Society* helps us to better understand how the immigration debate and politics have gotten us to where we are today. His insights and intellect on the subject give all of us much to think about as we move forward on this very important issue."—Doris O. Matsui, Member of Congress "Peter Schrag has done it again. A sweeping review that puts the ferocity of our current immigration debate in historical context, *Not Fit for Our Society* is a must-read for those hoping to get past talk-show rhetoric and cherry-picked facts. Uncovering the dark impulses that have long undergirded nativist thought, he argues that we have seen this before—and that America will be better if we see through it again."—Manuel Pastor, University of Southern California "Peter Schrag offers a lively and thoughtful reinterpretation of America's ambivalence about immigration and immigrants' place in the nation's life. Drawing on his reading of primary sources and the latest scholarship, he tells a story rich in irony, detail, and nuance, tracing the history of nativism from the earliest days of the Republic to the current debates over

immigration reform. The book is particularly striking for the way that it connects the arguments and organizations of the current anti-immigration movement to their roots in the eugenics movement and pseudo-scientific racism of the early 20th century."—Mark Paul, New America Foundation "[Schrag] delivers a story rich in irony, detail, and nuance, often told with passion and frequently challenging orthodoxies of both the political right and left. It is the right book at the right time."—Mark Paul, New America Foundation "History's lessons come through loud and clear as Peter Schrag vividly recounts the characters and the ideas behind that side of America that rejects immigration. Illuminating both in its sweep and its detail this 300-year narrative makes an important contribution to our understanding of today's policy debates."—Roberto Suro, author of *Strangers Among US: Latino Lives in a Changing America* "In an intemperate time, Peter Schrag's voice is lucid and truly American."—Richard Rodriguez *Dear Abigail* University of Chicago Press A mix of thematic essays, reference entries, and primary source documents covering the role of religion in American history and life from the colonial era to the present. Often controversial, religion has been an important force in shaping American culture. Religious convictions strongly influenced colonial and state governments as well as the United States as a new republic. Religious teachings, values, and practices deeply affected political structures and policies, economic ideology and practice, educational institutions and instruction, social norms and customs, marriage, and family life. By analyzing religion's interaction with American culture and prominent religious leaders and ideologies, this reference helps readers to better understand many fascinating, often controversial, religious leaders, ideas, events, and topics. The work is organized in three volumes devoted to particular periods. Volume one includes a chronology highlighting key events related to religion in American history and an introduction that overviews religion in America during the period covered by the volume, and roughly 10 essays that explore significant themes. These essays are followed by approximately 120 alphabetically arranged reference entries providing objective, fundamental information about topics related to religion in America. Each volume presents nearly 50 primary source documents, each introduced by a contextualizing headnote. A selected, general bibliography closes volume three.

Our Founders' Warning Bloomsbury Publishing USA

American colonial history is told through the stories of four young people who left Europe and its Age of Enlightenment to start new lives in an uncertain new world in this scholarly work. Carlos R. Hamilton Jr. aims to determine what experiences they and thousands of other immigrants had and the role those experiences played in influencing the future United States of America, including its government and culture. One of the primary reasons these immigrants settled in a new place thousands of miles from home was the prospect of being able to enjoy religious freedom. Other drivers included a desire to enjoy more economic opportunity and achieve security for one's self and their family. While this study is limited to Anglo-European immigration, the historical background of homelands of African, Latino, and Asian immigrants are as important in understanding the circumstances of their many contributions to the subsequent culture of the United States of America. The author suggests that the same reasons people immigrated to what would become the United States hundreds of years ago remain primary reasons increasing numbers of immigrants are seeking residence in America today. Term Paper Resource Guide to Colonial American History Bloomsbury Publishing USA

Insubordinate Spirit is a unique exploration into the life of Elizabeth Winthrop and other seventeenth-century English Puritans who emigrated to the rough, virtually untouched wilderness of present-day New England. Excerpts from newly discovered personal diaries and correspondence provide readers with not only fascinating insights into the hardships, dangers, and losses inherent to English and Dutch settlers in the 1600s, but also first-hand descriptions of the local Native Americans' family life, allegiances, and society. Caught between the unendurable expectations of her Puritan relatives and land disputes with the neighboring Dutch, Elizabeth Winthrop demonstrated a tremendous strength of resolve to protect her own family and remain true to her heart.

Encyclopedia of American Civil Liberties Infobase Holdings, Inc

This book focuses on the unique characteristics of the profession of midwifery in the United States, discussing both current issues and future directions. The framework for the book is based upon the Institute of Medicine's competencies for health professions education -- patient-centered care, interdisciplinary teams,

evidence-based practice, quality improvement, and informatics -- which are identified as essential aspects of patient safety and quality care.

Professional Issues in Midwifery NYU Press
NEW YORK TIMES BESTSELLER • Pulitzer Prize-winning author Jon Meacham reveals how the Founding Fathers viewed faith—and how they ultimately created a nation in which belief in God is a matter of choice. At a time when our country seems divided by extremism, *American Gospel* draws on the past to offer a new perspective. Meacham re-creates the fascinating history of a nation grappling with religion and politics—from John Winthrop’s “city on a hill” sermon to Thomas Jefferson’s Declaration of Independence; from the Revolution to the Civil War; from a proposed nineteenth-century Christian Amendment to the Constitution to Martin Luther King, Jr.’s call

for civil rights; from George Washington to Ronald Reagan. Debates about religion and politics are often more divisive than illuminating. Secularists point to a “wall of separation between church and state,” while many conservatives act as though the Founding Fathers were apostles in knee britches. As Meacham shows in this brisk narrative, neither extreme has it right. At the heart of the American experiment lies the God of what Benjamin Franklin called “public religion,” a God who invests all human beings with inalienable rights while protecting private religion from government interference. It is a great American balancing act, and it has served us well. Meacham has written and spoken extensively about religion and politics, and he brings historical authority and a sense of hope to the issue. *American Gospel* makes it compellingly clear that the nation’s best chance of

summoning what Lincoln called “the better angels of our nature” lies in recovering the spirit and sense of the Founding. In looking back, we may find the light to lead us forward. Praise for *American Gospel* “In his *American Gospel*, Jon Meacham provides a refreshingly clear, balanced, and wise historical portrait of religion and American politics at exactly the moment when such fairness and understanding are much needed. Anyone who doubts the relevance of history to our own time has only to read this exceptional book.”—David McCullough, author of *1776* “Jon Meacham has given us an insightful and eloquent account of the spiritual foundation of the early days of the American republic. It is especially instructive reading at a time when the nation is at once engaged in and deeply divided on the question of religion and its place in public life.”—Tom Brokaw, author of *The Greatest Generation*
