**Shakespeare, Film Studies, and the Visual Cultures of Modernity** Cambridge University Press

The basis for Mike Nichols' acclaimed 1967 film starring Dustin Hoffman -- and for successful stage productions in London and on Broadway -- this classic novel about a naive college graduate adrift in the shifting social and sexual mores of the 1960s captures with hilarity and insight the alienation of youth and the disillusionment of an era. The Graduate When Benjamin Braddock graduates from a small Eastern college and moves home to his parents' house, everyone wants to know what he's going to do with his life. Embittered by the emptiness of his college education and indifferent to his grim prospects -- grad school? a career in plastics? -- Benjamin falls haplessly into an affair with Mrs. Robinson, the relentlessly seductive wife of his father's business partner. It's only when beautiful coed Elaine Robinson comes home to visit her parents that Benjamin, now smitten, thinks he might have found some kind of direction in his life. Unfortunately for Benjamin, Mrs. Robinson plays the role of protective mother as well as she does the one of mistress. A wondrously fierce and absurd battle of wills ensues, with love and idealism triumphing over the forces of corruption and conformity.

Director Anthony Minghella (*The English Patient*, *The Talented Mr Ripley*) has produced a powerful adaptation for film of the bestselling debut novel by Charles Frazier. Set in the waning days of the American Civil War, *Cold Mountain* is the story of Inman, a wounded Confederate soldier (played by Jude Law) who struggles on a perilous journey to get back home to Cold Mountain, North Carolina - and to Ada (Nicole Kidman), the woman he left behind in going off to fight. In the course of his journey, Inman encounters a succession of extraordinary characters, while back at home, Ada is learning the ropes of managing her late father's farm with the assistance of a drifter named Ruby (Renee Zellweger), who teaches her a few things in turn.

Translating Frazier's novel into the language of cinema, Minghella imparts to *Cold Mountain* the same level of emotional intensity that he conjured in his celebrated adaptation of *The English Patient*.

An editor at *This American Life* reveals the searing story of the secret binge-eating that dominated her adolescence and shapes her still. “Her tale of compulsion and healing is candid and powerful.”—People NAMED ONE OF THE BEST BOOKS OF THE YEAR BY MARIE CLAIRE For almost thirty years, Susan Burton hid her obsession with food and the secret life of compulsive eating and starving that dominated her adolescence. This is the relentlessly honest, fiercely intelligent story of living with both anorexia and binge-eating disorder, moving past her shame, and learning to tell her secret. When Burton was thirteen, her stable life in suburban Michigan was turned upside down by her parents’ abrupt divorce, and she moved to Colorado with her mother and sister. She seized on this move west as an adventure and an opportunity to reinvent herself from middle-school nerd to popular teenage girl. But in the fallout from her parents’ breakup, an inherited fixation on thinness went from “peculiarity to pathology.” Susan entered into a painful cycle of anorexia and binge eating that formed a subterranean layer to her sunny life. She went from success to success—she went to Yale, scored a dream job at a magazine right out of college, and married her college boyfriend. But in college the compulsive eating got worse—she’d binge, swear it would be the last time, and then, hours later, do it again—and after she graduated she descended into anorexia, her attempt to “quit food.” Binge eating is more prevalent than anorexia or bulimia, but there is less research and little storytelling to help us understand it. In tart, soulful prose Susan Burton strikes a blow for the importance of this kind of narrative and tells an exhilarating story of longing, compulsion and hard-earned self-revelation.

#1 NEW YORK TIMES BESTSELLER It was never supposed to be this close. And of course she was supposed to win. How Hillary Clinton lost the 2016

election to Donald Trump is the riveting story of a sure thing gone off the rails. For every Comey revelation or hindsight acknowledgment about the electorate, no explanation of defeat can begin with anything other than the core problem of Hillary's campaign--the candidate herself. Through deep access to insiders from the top to the bottom of the campaign, political writers Jonathan Allen and Amie Parnes have reconstructed the key decisions and unseized opportunities, the well-intentioned misfires and the hidden thorns that turned a winnable contest into a devastating loss. Drawing on the authors' deep knowledge of Hillary from their previous book, the acclaimed biography *HRC*, *Shattered* offers an object lesson in how Hillary herself made victory an uphill battle, how her difficulty articulating a vision irreparably hobbled her impact with voters, and how the campaign failed to internalize the lessons of populist fury from the hard-fought primary against Bernie Sanders. Moving blow-by-blow from the campaign's difficult birth through the bewildering terror of election night, *Shattered* tells an unforgettable story with urgent lessons both political and personal, filled with revelations that will change the way readers understand just what happened to America on November 8, 2016.

After I had finished my presentation, a colleague and I sat rocking on the hotel porch to discuss its merits. It was a picture-perfect fall day in Jekyll Island Georgia, and he was a friend. Yes, he explained, what I was saying seemed to be true. And yes it probably needed to be said, but why did I want to be the one to say it? Wasn't I, after all, a tenured professor who didn't need to make a fuss in order to retain his job? Didn't it make sense to just kick back and enjoy the easy life I had earned? The topic of our tete-a-tete was my speculations about race relations and he was certain that too

much honesty could only get me in trouble. Given my lack of political correct ness, people were sure to assume that I was a racist and not give me a fair hearing. This was a prospect I had previously contemplated. Long before embarking on this volume I had often asked myself why I wanted to write it. The ideological fervor that dominates our public dialogue on race guaran teed that some people would perceive me as a dangerous scoundrel who had to be put in his place.

When Helen Fielding first wrote *Bridget Jones's Diary*, charting the life of a 30-something singleton in London in the 1990s, she introduced readers to one of the most beloved characters in modern literature. The book was published in 40 countries, sold more than 15 million copies worldwide, and spawned a best-selling sequel, *Bridget Jones: The Edge of Reason*. The two books were turned into major blockbuster films starring Renée Zellweger, Hugh Grant and Colin Firth. With her hotly anticipated third instalment, *Bridget Jones: Mad About the Boy*, Fielding introduces us to a whole new enticing phase of *Bridget's* life set in contemporary London, including the challenges of maintaining sex appeal as the years roll by and the nightmare of drunken texting, the skinny jean, the disastrous email cc, total lack of twitter followers, and TVs that need 90 buttons and three remotes to simply turn on. An uproariously funny novel of modern life, *Bridget Jones: Mad About the Boy* is a triumphant return of our favourite *Everywoman*.

A frightening, prophetic vision of our world... In Moscow's Sheremetyevo airport, fugitive US intelligence officer Joshua Kold is held in limbo, unable to leave the airport's transit area. He is on the run, after blowing the lid off the terrifying reach of covert American global surveillance operations. Will the Russian authorities grant him asylum, or will they hand him over the clutches of the global octopus eager for revenge for his betrayal? As this gripping psychological and political thriller unfolds, a Moscow lawyer takes Kold to a secret bunker and grills him intently on just why he did it. Upon Kold's answers hang not only his own fate, but much, much more as the true extent of this chilling 1984 world unfolds. Anatoly Kucherena is the famous Russian lawyer who took on the case of the American whistleblower Edward Snowden whose revelations about US intelligence operations sent shockwaves around the world in 2013. *Time of the Octopus* is a fiction, but it is based on Kucherena's own interviews with Snowden at Sheremetyevo, and provides the basis for Oliver Stone's major Hollywood movie 'Snowden' starring Joseph Gordon-Levitt, one of the movie events of 2016. According to Stone, "Anatoly has written a 'grand inquisitor'-style Russian novel weighing the soul of his fictional whistleblower against the gravity of a 1984 tyranny that has achieved global proportions. His meditations on the meaning of totalitarian power in the 21st century make for a chilling, prescient horror story." Is Kold simply a traitor, or the courageous hero of a terrifying struggle against the dark forces of oppression? Translated by John Farndon with Akbota Sultanbekova and Olga Nakston.
