J. S. Bach, Volume Two
Oxford University Press
on Demand
In this penetrating
study, Russell Stinson
explores how four of
the greatest

composers of the
nineteenth century--
Felix Mendelssohn,
Robert Schumann,
Franz Liszt, and
Johannes Brahms--
responded to the
model of Bach's organ
music. The author
shows that this
quadrumvirate not only

borrowed from Bach's organ works in creating their own masterpieces, whether for keyboard, voice, orchestra, or chamber ensemble, but that they also reacted significantly to the music as performers, editors, theorists, and teachers. Furthermore, the book reveals how these four titans influenced one another as "receptors" of this repertory and how their mutual acquaintances--especially Clara Schumann--contributed as well. As the first comprehensive discussion of this topic ever attempted, Stinson's book represents a major step forward in the literature on the so-called Bach revival. He considers biographical as well as musical

evidence to arrive at a host of new and sometimes startling conclusions. Filled with fascinating anecdotes, the study also includes detailed observations on how these composers annotated their personal copies of Bach's organ works. Stinson's book is entirely up-to-date and offers much material previously unavailable in English. It is meticulously annotated and indexed, and it features numerous musical examples and facsimile plates as well as an exhaustive bibliography. Included in an appendix is Brahms's hitherto unpublished study score of the Fantasy in G Major, BWV 572. Engagingly written, this study should be read by anyone at all interested in the music

of Bach or the music of the nineteenth century.

Six Suites for Cello

Solo Alfred Publishing Company, Incorporated

This collection of 28 short, melodious pieces by J. S. Bach was compiled and edited by Walter Carroll in order to provide a varied set of easier compositions for study by pianists first being introduced to Bach's work. Includes 11 Minuets, 4 Polonaises, 3 Marches, 2 Musettes, a Bourree, 4 Gavottes, a Scherzo, a Sarabande, and a Prelude.

For Piano Cambridge University Press

J. S. Bach's Suites for Unaccompanied Cello are among the most cherished and frequently played works in the entire literature of music, and yet they have never

been the subject of a full-length music analytical study. The musical examples herein include every note of all movements (so one needs no separate copy of the music while reading the book), and undertakes both basic analyses—harmonic reduction, functional harmonic analysis, step progression analysis, form analysis, and syntagmatic and paradigmatic melodic analysis—and specialized analyses for some of the individual movements. Allen Winold presents a comprehensive study intended not only for cellists, but also for other performers, music theorists, music educators, and informed general readers.

The History of

Music: Courier Corporation
 Total 371, Nos. 199-371 in this volume. Volume 2 of Bach's historic settings of the chorales. C. P. E. Bach said of these chorales: "Those connoisseurs of the art of harmonizing and composing settings will likewise not withhold their praise when they observe with appropriate attentiveness the very unusual manner my father uses to set up harmony in these settings, the natural flow of the inner voices as well as the bass, factors which set these chorale settings apart from any others." The comb binding creates a lay-flat book that is perfect for study and performance.

48 Preludes and Fugues University of

Illinois Press
 The Ashgate Research Companion to Johann Sebastian Bach provides an indispensable introduction to the Bach research of the past thirty-fifty years. It is not a lexicon providing information on all the major aspects of Bach's life and work, such as the Oxford Composer Companion: J. S. Bach. Nor is it an entry-level research tool aimed at those making a beginning of such studies. The valuable essays presented here are designed for the next level of Bach research and are aimed at masters and doctoral students, as well as others interested in coming to terms with the current state of Bach research. Each author covers

three aspects within their specific subject area; firstly, to describe the results of research over the past thirty-fifty years, concentrating on the most significant and controversial, such as: the debate over Smend's NBA edition of the B minor Mass; Blume's conclusions with regard to Bach's religion in the wake of the 'new' chronology; Rifkin's one-to-a-vocal-part interpretation; the rediscovery of the Berlin Singakademie manuscripts in Kiev; the discovery of hitherto unknown manuscripts and documents and the re-evaluation of previously known sources. Secondly, each author provides a critical analysis of current research being undertaken that is

exploring new aspects, reinterpreting earlier assumptions, and/or opening-up new methodologies. For example, Martin W. B. Jarvis has suggested that Anna Magdalena Bach composed the cello suites and contributed to other works of her husband - another controversial hypothesis, whose newly proposed forensic methodology requires investigation. On the other hand, research into Bach's knowledge of the Lutheran chorale tradition is currently underway, which is likely to shed more light on the composer's choices and usage of this tradition. Thirdly, each author identifies areas that are still in need of investigation and research. J.S. Bach's Great

Eighteen Organ

Chorales Cambridge
University Press

A fantastic little book about Bach and the musical climate before and during his life, with a look at his continuing influence in music.

Many of the earliest books, particularly those dating back to the 1900s and before, are now extremely scarce and increasingly expensive. We are republishing these classic works in affordable, high quality, modern editions, using the original text and artwork.

J. S. Bach's Concerted Ensemble Music, The Overture OUP Oxford
Edited by Baroque scholar Judith Schneider, with expert fingering suggestions by Stuttgart Professor Maria Sofianska, the

long-awaited Volume II of Bach's essential masterpiece contains 30 pages of extensive research and insight into Baroque music.

Painstakingly compared with the most important autograph and manuscript sources, this comprehensive edition includes thorough analysis of written and improvised ornamentation, a discussion of period keyboard instruments, insight into pedaling, touch, tempo and rhythm issues, as well as a discussion of preludes and fugues.

The comb binding creates a lay-flat book that is perfect for study and performance.

The Organ Music of

J. S. Bach Indiana
University Press
Scholars and performers have long

noted J.S. Bach's abundant use of parody procedures: that is, the recycling and reworking of pre-existing material from his own compositions or from other sources. Laura Buch edits essays exploring how the composer parodied the work of others and how other composers did the same with him. The contributors delve into the works of Baroque-era composers from Bach himself to C. P. E. Bach, Johann Caspar Ferdinand Fischer, and Ferruccio Busoni. But they also cast a wider net, investigating the ways Bach's music cross-pollinates with contemporary composer-performers John Lewis and the Modern Jazz Quartet, and keyboardist Bernie Worrell and Parliament-

Funkadelic. The diverse contexts illuminate a broad range of parody techniques, from structural scaffolding and contrapuntal elaboration to integration with stylistic languages far removed from the Baroque. An insightful look at how composers build on each other's work, *Bach Reworked* reveals how nuanced understandings of parody procedures can fuel both musical innovation and historically informed performance. Contributors: Stephen A. Crist, Ellen Exner, Moira Leanne Hill, Erinn E. Knyt, and Markus Zepf

The 48 Preludes and Fugues Routledge

This last in a two-volume study examines Bach's musical compositional

development in his later years, including his time at Cöthen and Leipzig.

Bach's Well-tempered Clavier University of Illinois Press

A most impressive 220-page edition of the first volume of "The Well-Tempered Clavier," these 24 preludes and 24 fugues were painstakingly researched over a period of 10 years, using the most important original manuscript sources.

Baroque scholar Willard A. Palmer's thorough introduction discusses fugal construction, articulation and other aspects of performance interpretation. Volume I of "The Well-Tempered Clavier" has been updated with a new "look" to match Volume II. This

essential masterpiece is a "must-have" for all pianists.

The Creative Development of Johann Sebastian Bach, Volume I: 1695-1717 Alfred

Music

The New International Edition of Suzuki Piano School, Volume 3 includes French, German and Spanish translations, new Romantic and 20th-century pieces. The contents have changed slightly to include a new Romantic piece by Gurlitt and a 20th-century piece by Bartók as well as the Bach "Minuet in G Minor" (from Notebook for Anna Magdalena Bach), formerly in Volume 2. Other improvements include a cleaner appearance with less editing and spacious new

engravings, as well as more detailed titles that include the keys, sources, composer dates, and catalog numbers. Titles: * Sonatina in C Major, Op. 36, No. 1 (Allegro, Andante, Vivace) (M. Clementi) * Minuet in G Minor, from J. S. Bach's Notebook for Anna Magdalena Bach (C. Petzold) * Sonatina in C Major, Op. 55, No. 1 (Allegro, Vivace) (F. Kuhlau) * Theme, from Symphony No. 3 ("Eroica"), Op. 55, 4th Movement (L. van Beethoven, Arr. Unknown) * The Wild Rider, from Album for the Young, Op. 68, No. 8 (R. Schumann) * Little Waltz, from Little Flowers, Op. 205, No. 10 (C. Gurlitt) * íScossaise, K. WoO 23 (L. van Beethoven) * Sonatina in C Major, Op. 36, No. 3

(Spiritoso) (M. Clementi) * Teasing Song, from For Children, Sz. 42 (Bí©la Bartí_k)
Two-Part Inventions
 Alfred Music Publishing
 Prepared and edited by Rick Mooney, a well-known Suzuki teacher, teacher-trainer and member of the Suzuki Cello Committee, these books contain harmony parts to go with many of the pieces in the Suzuki Cello School, Volumes 1, 2 and 3. All of these pieces have been arranged to resemble, as much as possible, the existing piano accompaniments. These ensembles enable a cello teacher (who does not play or have access to a piano) to play harmony parts with students to prepare them for the time when a piano and

pianist are available. Also, these parts give additional challenges for the more advanced player during a group lesson. Titles: * Long, Long Ago (T.H. Bayly) * Maytime Komm Lieber Mai from Sehnsucht nach dem Frühlinge, K. 596 (duet & quartet) (W.A. Mozart) * Minuet No. 1, Minuet II from Suite in G Minor for Klavier, BWV 822 (J.S. Bach) * Minuet No. 3, Minuet in C, BWV Anh. II 114/Anh. III 183 (J.S. Bach) * Chorus from Judas Maccabaeus (G.F. Handel) * Hunters' Chorus from 3rd Act of the opera Der Freischutz (C.M. von Weber) * Musette, Gavotte II for the Musette from English Suite No. 3 in G Minor for Klavier, BWV 808 (J.S. Bach) * March in G (J.S. Bach) * Theme from Witches' Dance

(N. Paganini) * The Moon over the Ruined Castle (R. Taki) * The Two Grenadiers, Die beiden Granadier, Op. 49, No. 1 (R. Schumann) * Gavotte (F.J. Gossec) * Bourrée from Sonata in F Major for Oboe and Basso Continuo, HHA IV/18. No. 8-EZ (G.F. Handel) The well-tempered clavier Alfred Music Publishing
This series contains all of the pieces from Volumes 1 and 2 of the Suzuki Violin School arranged for three violins. Suzuki Violin Volume 1 serves as the violin 1 part. The pieces can be played with or without piano accompaniment, which expands their performance possibilities. Another advantage is that students at different playing and reading

levels can make music together. The score contains a chart that lists the level of difficulty of each piece and each part so that the teacher can easily assign parts. All of the parts were purposely kept as simple as possible. A table listing the reading skills required for each piece is found in the back of the violin 2 and violin 3 books.

Music to Delight the Spirit Courier

Corporation

This book gives an account of the individual works of one of the greatest composers. The first volume of a two-volume study of the music of J. S. Bach covers the earlier part of his composing career, 1695-1717. By studying the music chronologically a

coherent picture of the composer's creative development emerges, drawing together all the strands of the individual repertoires (e.g. the cantatas, the organ music, the keyboard music). The volume is divided into two parts, covering the early works and the mature Weimar compositions respectively. Each part deals with four categories of composition in turn: large-scale keyboard works; preludes, fantasias, and fugues; organ chorales; and cantatas. Within each category, the discussion is prefaced by a list of the works to be considered, together with details of their original titles, catalogue numbers, and earliest sources. The study is thus

usable as a handbook on Bach's works as well as a connected study of his creative development. As indicated by the subtitle *Music to Delight the Spirit*, borrowed from Bach's own title-pages, Richard Jones draws attention to another important aspect of the book: not only is it a study of style and technique but a work of criticism, an analytical evaluation of Bach's music and an appreciation of its extraordinary qualities. It also takes account of the remarkable advances in Bach scholarship that have been made over the last 50 years, including the many studies that have appeared relating to various aspects of Bach's early music, such as the varied

influences to which he was subjected and the problematic issues of dating and authenticity that arise. In doing so, it attempts to build up a coherent picture of his development as a creative artist, helping us to understand what distinguishes Bach's mature music from his early works and from the music of his predecessors and contemporaries. Hence we learn why it is that his later works are instantly recognizable as 'Bachian'. *Bach Perspectives, Volume 9* Alfred Music These paperback editions makes Peter Williams's influential scholarship available to a wider field of readers, including those with an interest in the ever-expanding discussions of original instrumentation and its

implications for modern performance. Professor Williams examines Bach's organ works piece-by-piece, reconstructing for the present-day performer and listener the original context of the work. Form and style are analysed, with abundant musical examples and frequent allusions to the views of other commentators. Each volume contains a preface, calendar, lists of musical sources and references, and an index.

The Organ Music of J. S. Bach: Volume 2

CUP Archive

"Stinson's book is completely up-to-date and presents a wealth of new material - particularly involving chronology and music style - never before available in English. An exhaustive

bibliography is provided as well as copious musical examples and facsimile reproductions from the autograph. For even the most seasoned Bach aficionado, this study will open up fresh perspectives on some of the composer's greatest creations."--Jacket.
Ensembles for Cello, Volume 2 Johann Sebastian Bach His Work and Influence on the Music of Germany, 1685-1750 Shows the growth of an English village from a medieval clearing to the urban congestion of the present day as seen from the same viewpoint approximately every hundred years. Bach's Cello Suites, Volumes 1 and 2

Courier Corporation

This provocative addition to the Bach Perspectives series offers a counternarrative to the isolated genius status that J.S. Bach and his music currently enjoy. Contributors contextualize Bach by examining the output, reputation, and compositional practices of his contemporaries in Germany whose work was widely played and enjoyed in his time, including Georg Philipp Telemann, Christoph Graupner, Gottlieb Muffat, and Johann Adolf Scheibe. Essays place Bach and his

work in relation to his peers, examining avenues of composition they took while he did not and showing how differing treatments of the same subjects or texts resulted in markedly different compositional results and legacies. By looking closely at how Bach's contemporaries addressed the tasks and challenges of their time, this project provides a more nuanced view of the musical world of Bach's time while revealing in more specific terms than ever how and why Bach's own music remains fresh and compelling. Contributors are Alison Dunlop, Wolfgang Hirschmann, Michael Maul, Andrew Talle, and Steven Zohn. *Annual Report of the*

Librarian of Oberlin College University of Illinois Press
Johann Sebastian Bach's Six Suites for Unaccompanied Cello were probably composed during his service as Kapellmeister in Cöthen, between 1717 and 1723. They are among the most well known and frequently performed solo compositions ever written for cello and have been transcribed for many other

instruments over the years.

The Creative Development of Johann Sebastian Bach Volume 1: 1695-1717 Alfred

Music

In this new Alfred Masterwork Sheet Music edition, Willard A. Palmer provides fingering and offers suggestions in footnotes for the performance of ornaments and other markings, based on his extensive study of the original source.
