At the end of the war, the U.S. Government announces that due to the cost of withdrawal, all U.S. dogs serving in the war have been declared "surplus military equipment" and will not be transported home. For the hundreds of dog handlers throughout Vietnam, whose dogs had saved countless lives, the news is greeted with shock and disbelief. For Fletcher, he knows that if he abandons Jack, then he too will be lost. Ordered to leave Jack behind, he refuses—and so begins their journey. Based on the actual existence and abandonment of canine units in Vietnam, Gareth Crocker's *Finding Jack* is a novel of friendship and love under desperate circumstances that will grab your heart and won't let go.

The Day After Mugabe Penguin
Democracy in South Africa turns twenty on 27 April 2014. In *A Rumour of Spring*, Max du Preez investigates and analyses the progress and lack of progress the country has made during these twenty years. *A Rumour of Spring* looks at the legacies of Nelson Mandela and Thabo Mbeki in an attempt to understand how we got here, and examines Jacob Zuma's presidency to better understand where we are. In the context of blatant corruption, populism and tragedies such as the Marikana massacre, the book considers the current state of the ruling party and the opposition, and dissects the big issues currently afflicting our society, including the state of education, land reform, crime and policing, the judiciary, nationality and race. And then, with images of the Arab Spring fresh in our collective memory, it dares to look to the future and what it may hold. An honest and balanced account, *A Rumour of Spring* tackles the questions asked by ordinary South Africans every day: How are we really doing? What is really going on in our country? How should we understand what is happening here? And will it get any better?

The leaping Springbok on the green jersey of South Africa is one of the most iconic emblems in world rugby. At the same time, no symbol in world sport has ever done so much to divide – and then unite – a nation. Respected by opponents and supported passionately by South Africans, the Springboks have been a powerhouse rugby nation for over a century, yet the emblem that now sits alongside the Protea on the chests of the players was once a symbol of violent oppression in apartheid South Africa, the epitome of the white man's dominance over people of colour in the Republic. Told in the words of Springboks past and present, *Our Blood is Green* explores what it means to play for South Africa – from schoolboy dreams to the sacrifices required to make it to the very top – as well as the myriad difficulties the players have faced over the years, from the horrors of apartheid through to the emerging rainbow nation in the 1990s and the multi-cultural World Cup-winning team of today. It is a fascinating, powerful and poignant read that explores the unity of a brotherhood that fights to transcend race, culture and class while simultaneously striving to become the best team on the planet. *Our Blood is Green* examines what it truly means to be a Springbok and it is told the only way it can be – by the players themselves.

Question: What do you do when you're dumped by the Girl Next Door? Answer: Throw yourself into another madcap adventure and travel from Cape Town to Cairo... A week after breaking up with the GND (his travelling companion through Central America) Peter Moore heads off to Africa to lose himself for a while. In the grand tradition of 19th-century scoundrelas, explorers and romantics, Africa strikes him as the ideal place to find solitude and anonymity in the face of a personal crisis. What follows is Peter's journey from one end of the Dark Continent to the other. Travelling the fabled Cape Town to Cairo route by any means of transport he can blag (or if he must, pay) his way onto, it's an epic trek that sees our intrepid Antipodean experience everything from the southernmost city in Africa to the Pyramids, vast game parks and thundering falls, cosmopolitan cities and tiny villages as he journeys through the very heart of Africa. And travelling on his own, it's inevitable that Peter falls in with a motley cast of characters and has a myriad

misadventures: including coming face to face with a wild Hyena with very bad breath, crossing the treacherous Sani Pass, the highest in Africa, narrowly escaping a riot by hiding in a coffin shop, saving oil-covered Penguins in South Africa, acting as an extra in a WW2 epic, not to mention dodging 20,000 single woman trying to catch the eye of the king of Swaziland during the annual Reed Dance. And then there was the time when he was kicked out of Robert Mugabe's birthday bash at gunpoint...

In 1912, just over a year after returning from his studies at Columbia and Oxford, the thirty-year-old Pixley ka Isaka Seme succeeded where others had failed in forming a political organisation that represented all black South Africans. Seme also established a national newspaper, became one of the pioneering black lawyers in South Africa, bought land from white farmers for black settlement at the time when opposition to it was gaining momentum, became an adviser and confidant to African royalty, and was considered a leading visionary for black economic empowerment. And yet, when he became president general of the ANC in the 1930s, he brought it to its knees through sheer ineptitude and an authoritarian style of leadership. On more than one occasion he was found guilty for breaching the law, which partly led to him being struck off the roll of attorneys. This book discusses in detail Seme's extraordinary life, tracing it back to his humble beginnings at Inanda Mission to his triumphs and disappointments across the continents, in his public and private life. When Seme died in 1951 he was bankrupt and his political standing had suffered greatly. And yet he was praised as one of the greatest South Africans ever to have lived. For all this, he has largely been forgotten. This biography brings the remarkable life of this extraordinary South Africa back to public consciousness.

One for the Road
A powerful investigation into a grisly political murder and the authoritarian regime behind it: *Do Not Disturb* upends the narrative that Rwanda sold the world after one of the deadliest genocides of the

twentieth century. We think we know the story of Africa's Great Lakes region. Following the Rwandan genocide, an idealistic group of young rebels overthrew the brutal regime in Kigali, ushering in an era of peace and stability that made Rwanda the donor darling of the West, winning comparisons with Switzerland and Singapore. But the truth was considerably more sinister. Vividly sourcing her story with direct testimony from key participants, Wrong uses the story of the murder of Patrick Karegeya, once Rwanda's head of external intelligence and a quicksilver operator of supple charm, to paint the portrait of a modern African dictatorship created in the chilling likeness of Paul Kagame, the president who sanctioned his former friend's assassination.
