*** This novel contains a detailed synopsis of book 1 in the series and can be read as a standalone. Anissa Toma fled war-torn Syria after narrowly escaping the massacre of her Christian family by Islamists. Fortunate enough to rebuild her shattered life in New York City, the young refugee gained admission to an elite college, where she excelled. Her beauty, brains, and purity soon

captured the interest of two powerful men: Michael, an activist working to establish Antioch, the first Mideast Christian state, and Julien, her professor and one of the city's wealthiest bachelors. As Anissa's saga continues, the refugee-turned-rising-star must navigate between Michael and Julien, while trying to help her surviving relatives and other vulnerable Christians in

Syria. As she gets closer to both men in a complex and evolving love triangle, can she unlock Julien's traumatic childhood to open up his heart? Or will Julien find greater solace from his nightmares and other demons in the sessions with his intriguing therapist? What will Michael do for Antioch and for Anissa, and what will Julien's role be? How far will each person go to help Anissa's remaining

family and other persecuted Christians at risk in Syria? Find out in this stunning sequel to "The Syrian Virgin." **WARNING:** This book is about a young woman's difficult journey: her escape from Syria's Civil War, her transition to a new a country, and the relationships that she forms along the way, including her romantic interests in two very different men. The story is set against

the backdrop of the Syrian Civil War and makes reference to violent acts, sometimes in detail. There is some occasional profanity and a few scenes that depict sexual intimacy. Accordingly, the recommended minimum age for readers is 16. The novel might be compared to books like "The Diary of Anne Frank" or "The Kite Runner." [Oriental Religions in Roman Paganism](#)

This volume, the first of six to be published, studies fundamental values of Islam, along with the nature of rights and the responsibilities in a general context. The authors analyse the development of social thought and morality in Islam, and ways in which they are enforced through the family and education. Particular attention is paid to the status of

women, children, youth and the socially excluded. Several chapters broach specially Islamic approaches to economics, government and justice. A world religion since its inception in the seventh century A.D., Islam is today seeking vigorous answers to contemporary problems through its multi-faceted history. Issues of poverty and wealth, inequality and demands for

political expression, and respect for diversity in a difficult world of conformity are dealt with in this series. The study is organized along thematic rather than chronological lines and thus it is not necessary to read the volumes in order. Volume II is in fact the first to have been published. Volume IV is forthcoming end 2002, volume V mid 2003 and volumes III and VI in

2004. This volume, the first of six to be published, studies fundamental values of Islam, along with the nature of rights and the responsibilities in a general context. NOTE: This is a "clean read" edition of The Syrian Virgin (i.e., this version has no profanity and

minimally described intimacy). Due to war themes, the book is not recommended for readers under 16. Anissa is traumatized by the most brutal conflict of the 21st Century: the Syrian Civil War. In 2012, Islamists in Homs terrorize a Syrian-Christian community and destroy everything that a young woman holds dear. Narrowly escaping death, Anissa restarts her devastated

life as a college student in New York City. She is bewildered and lost, but hopeful for a better life in a new land. Anissa is soon drawn to two powerful individuals: Michael Kassab, the Syrian-American leader working to found the first Mideast Christian state, and Julien Morales, her Columbia University professor who runs a \$20 billion hedge fund. Complicating

matters, Michael is still attached to his ex-girlfriend and Julien is the most sought after bachelor in Manhattan (and has hidden demons that even his therapist can't extract). Anissa's heart and her communal ties pull her in different directions, as she seeks hope and renewal in a dark world. Anissa of Syria might be compared to The Kite Runner and The Diary of Anne Frank.

This study by

aspect of the

in the early
Roman
empire. It
describes the
great pagan
religions of

tells how their

permeated, altered, and revived Roman paganism. It provides a coverage of all the more important eastern religions of the time, from their first appearance in Rome, 204 B.C., when the great Mother of the Gods was first imported from Syria: The ecstatic cults of Phrygia and Syria; the worship of Cybele, the Magna Mater, Attis, Adonis; their orgies and mutilatory rites. The mysteries of

Egypt; the worship of Serapis, Isis, Osiris, their closely hidden secret rites, redemption ceremonies. The dualism of Persia; the elevation of cosmic evil, to a full and equal partnership with the deity; the mysteries of Mithra. The worship of Hermes Trismegistos, and the documents ascribed to him; Sabazios, Ishtar, Astarte. The magic, thaumaturgy, judicial astrology of the ancient

near east. The emotional and intellectual impact of the great civilized traditions of Egypt and Babylonia upon still barbarian Europe. Cumont's 'Oriental Religions in Roman Paganism' is the best general picture, on an intermediate level, of this important moment in cultural history. It is also of great value in analyzing an era which shared certain cultural problems with

our own time. Patterns in the Economy of Roman Asia Minor Otto Harrassowitz Verlag
 Lesia's life in volume one and two took her on a journey from Jerusalem, Rome, Patra, Greece, and Ukraine. She kept the heartbeat of love inside her mind, reminding her that soon she would be reunited with her soul mate. Things did not go as she had hoped. A big dream was born inside this new-age woman. She

will break the mold of where and what women were doing in her timeline. She now accepts the challenge of building an Andrew School for children and especially orphans. Her children would for sure not have slave-posted ears. Her slave earring is gone, but memories would sometimes surface. She ponders that maybe she will be only an old school maid. Her sandals were divided; she gave Jacob the

right one, and is now unhappy with her decision. She decides she would never separate them again. Now, the sandal, with God's help, begins an important maze journey for Jacob, Nathanael, Philip, and his sister, Mariamne, along with Mugface and his family. With ensuing international turmoil in the latter end of the maze, Lee Chin meets the Zhang Family. Speculus the gladiator has
