Bradt's is the most up-

to-date and informative guide to Oman, the Arabian peninsula's most welcoming destination, fully revised and updated by an author who has been living in Oman and Arabia since 1986. Oman is finally reaping the economic benefit of its location between Europe, Africa and Asia with substantial investment in major shipping ports and significant expansion of the national airline with new routes to Western Europe and East Asia. Despite being at the crossroads of great trade routes and empires, Oman has remained an independent country through much of its long history, and today tourism and travel are a major focus for Oman's government. This new edition covers

the recent substantial investment in new airport facilities and upmarket accommodation and also features the historic UNESCO towns of Samharam and Al Balid. If you want to live like a local, the guide also tells you how to slow cook the traditional spiced meat shuwa and how to be a perfect guest if invited into an Omani home. Oman is not merely a desert. While it has the classic sand seas - Wihibah Sands - home to the nomadic Bedouin and their camels, this sultanate also boasts lush monsoon-soaked valleys near Salalah, mountain villages surrounded by green terraced fields of fruit trees and rose bushes, and the reef-fringed Ad Dimaniyyat Islands.

With such a varied wilderness there is huge scope for adventure. Oman is increasingly perceived as a high-end cultural destination. The new Opera House has opened, directly supported by the Sultan, with top-notch international performers like Placido Domingo. The guide includes advice on property buying, since Omani law changed to allow expatriates to buy, explaining the rules and regulations. There is also a detailed overview of language schools teaching Arabic, not found in other guides. With advice on cultural etiquette, basic Arabic phrases and political history - as well as full practical information on where to stay and eat, and what to see

and do - this fully updated edition remains the essential guide for travellers looking to discover the real Oman.

This book is the essential guide for managers wishing to implement the benefits of Intellectual Capital thinking in their companies or divisions. It serves as an easily accessible introduction to the subject area for the novice, giving the gist of what it is about and how it has developed, but above all it gives hands-on instructions on how to incorporate intellectual capital thinking in everyday business and how to use the tools provided for the management and measurement of

intangible resources. Throughout the main part of the book, three different cases in separate boxes run in parallel with the body text. These are introduced in chapter 2 and illustrate how the tools are to be used, depending on what type of company wishes to implement these ideas. The three case companies are characterised as a manufacturing company, an R&D organisation and a network company. Smaller case stories about well-known global companies are also interspersed throughout the book. *See America First* Penguin Ethiopia travel guide: expert travel tips and holiday advice on everything from Addis Ababa hotels and

**New York Hotel Record** Penguin Architect and photographer Gary Chang has a strange obsession: he absolutely loves hotels. It's a good thing, as he spends about 120 days a year traveling all over the world. Chang has become something of a hotel expert, but meeting his exacting standards for a suitable home away from home isn't easy. He doesn't stay at just any hotel. He plans his trips with

exhaustive research on the hotels of his destination and even stays at several different ones during the same trip to one city. His favorite hotels are those places that have a certain special quality, ranging from New York's kitschy Maritime to Budapest's classic Gellert to Zurich's brand-spanking new Zurichberg. Chang's most-loved finds are documented in beautiful photographs, his hand drawn floor plans, and personal texts in *Hotel as Home*. He presents thirty-five hotels from around the world in this wonderfully atmospheric book from the Hotel 101 in Reykjavik to the Hotel Le Corbusier in Marseilles, the Soho House Hotel in New

York, the W Hotel in Sydney, the Four Seasons in Tokyo, and the Hotel Metropolitan in Bangkok. Whether it's the all-white design of Starck's Hotel Delano in Miami, the Art Deco brass beds and chandeliers in the rooms of Istanbul's Pera Palaca Hotel, or the Zen atmosphere of London's Hotel Hempel, there's something to love in all of the hotels shown here. This a must-have for business class road warriors and all travelers in search of a unique, memorable, and rejuvenating hotel experience.

From prison cell to the political limelight, and back again, there is no doubt that Tommy Sheridan - tanned, handsome and armed with a soundbite for every occasion - was one of the most colourful figures in the drab, dusty world of party politics. Yet behind the charismatic exterior of the man who first came to public notice during the anti- Poll Tax movement and later led the Scottish Socialist Party to become a strong voice in the new Scottish parliament was a deeply flawed, manipulative individual whose own actions led to one of the most spectacular political downfalls in recent history. Written by his closest political associate for over

twenty years, and based on a raft of documentary and eyewitness information, much of it appearing in print for the first time, this is the no-holds barred inside story of the rise and fall of one of the most fascinating figures in recent Scottish politics. Combining elements of tragedy, thriller and farce, it presents the stark, ugly truth behind Sheridan's victorious defamation action against the News of the World in 2006 and subsequent perjury trial in 2010, which contained some of the most dramatic courtroom scenes in Scottish legal history. Yet despite the lurid and sensationalist aspects of Sheridan's life and career, this is also a serious

exploration of wider political and psychological themes which offers some salutary lessons at a time when public confidence in politicians has seldom been lower.

The Pillars of Destiny is an action packed slickly crafted thriller with a stunning climax. It is a gripping sequel to In the Shadows of Destiny where Durga emerges as prime minister of India, following the biggest

terror strike the world has ever seen. Widespread skepticism of Durgas ascension seems justified as India reels under blows from Chinas Peoples Liberation Army and Pakistans Inter-Services Intelligence. The Indian aircraft carrier Vikramaditya is crippled by a highly innovative strike by Major Dingbang even as Chinese and Pakistan instigated insurgent attacks overwhelm India. The top Indian military leadership is killed by a cruise missile attack and the narrow Siliguri Corridor is almost severed by a PLA attack. Durga takes tough decisions to fan Uyghur resistance in Xinjiang, orders launch of a armor strike against terror bases in Pakistan, gets a giant

Chinese oil tanker captured by Somali pirates and authorizes a Special Forces drop to cut the Western Highway joining Tibet and Xinjiang. As the conflict escalates a high tech Indian air attack against a tunnel in the perma frost zone cripples the Lhasa-Golmud high altitude railway line. In sync with instigating widespread internal sabotage and communal riots in India, also abetted by Pakistan, China launches an offensive to cut off north east India through Bhutan. *Moon Minneapolis & St. Paul* PREP Publishing

A New York Times Book Review Editors' Choice. Finalist for the Costa Biography Award and long-listed for the Andrew Carnegie Medal for Excellence. Named a Best Book of 2018 by Esquire and Foreign Policy. An Amazon Best Book of November, the Guardian Bookshop Book of November, and one of the Evening Standard's Books to Read in November "Now, thanks to Hilsum's deeply

reported and passionately written book, [Marie Colvin] has the full accounting that she deserves." -- Joshua Hammer, The New York Times The inspiring and devastating biography of Marie Colvin, the foremost war reporter of her generation, who was killed in Syria in 2012, and whose life story also forms the basis of the feature film *A Private War*, starring Rosamund Pike as Colvin. When Marie Colvin was killed in an artillery attack in Homs, Syria, in 2012, at age fifty-six, the world lost a fearless and iconoclastic war correspondent who covered the most significant global calamities of her lifetime. In *Extremis*, written by her fellow reporter Lindsey

Hilsum, is a thrilling investigation into Colvin's epic life and tragic death based on exclusive access to her intimate diaries from age thirteen to her death, interviews with people from every corner of her life, and impeccable research. After growing up in a middle-class Catholic family on Long Island, Colvin studied with the legendary journalist John Hersey at Yale, and eventually started working for The Sunday Times of London, where she gained a reputation for bravery and compassion as she told the stories of victims of the major conflicts of our time. She lost sight in one eye while in Sri Lanka covering the civil war, interviewed Gaddafi and Arafat many times, and

repeatedly risked her life covering conflicts in Chechnya, East Timor, Kosovo, and the Middle East. Colvin lived her personal life in extremis, too: bold, driven, and complex, she was married twice, took many lovers, drank and smoked, and rejected society's expectations for women. Despite PTSD, she refused to give up reporting. Like her hero Martha Gellhorn, Colvin was committed to bearing witness to the horrifying truths of war, and to shining a light on the profound suffering of ordinary people caught in the midst of conflict. Lindsey Hilsum's *In Extremis* is a devastating and revelatory biography of one of the greatest war correspondents of her generation.

This new title from Bradt tells the inspiring and emotional story of Ishbel Holmes, also known as 'World Bike Girl', a Scottish-Iranian woman who became a champion racing cyclist in spite of having been abandoned by her family, and who set off on the adventure of a lifetime despite her lack of experience, money or equipment. Ishbel Holmes was determined to cycle the world but her journey took a completely unexpected turn when, despite her initial instincts not to, she rescued a street dog in Turkey. Ishbel was lost and alone when she started on her epic trip, but in Lucy found a companionship never previously known. Between the two there

formed a deep bond and their relationship was followed and supported by thousands of readers online, before becoming a media sensation overnight when Ishbel put out a plea for help to transport Lucy to an animal shelter three hundred miles away. This heart-rending tale is about more than just the relationship between a woman and her dog. It is a testimony to the human spirit, overcoming present-day challenges and churning up long-buried and painful memories from Ishbel's earlier life. It is also a tale of adventure, one person's determination to cross an unfamiliar country by bike and the unforgettable scenes that greet her

on the Turkey-Syria border and into Syria itself. And it is a loving portrait of Lucy, the street dog that was determined not to let Ishbel go and whose dogged persistence helped to break down the barriers around her heart and in so doing change her life in ways she had never imagined. Ultimately, this is a tale of love and healing, a modern fable that touches the soul and reminds us all of the need to belong. Oman Lighthouse Point Press
