Carrie: The Musical - Vocal Selections Hal Leonard

"Hugh Martin: The Boy Next Door" is an enchanting jaunt through the Golden Era of Broadway and the MGM musicals. This firsthand account captures the energy and excitement of those special times, with eyewitness tales of Mickey Rooney and Judy Garland, Gene Kelly, and dozens more. Hugh recounts the origins of some of America's most beloved songs, including the perennial favorite, "Have Yourself a Merry Little Christmas." Martin also reveals some secrets that only he could know: the truth about his composition partner Ralph Blane, his addiction to the infamous Dr. Feelgood, Max Jacobson; how he was instrumental in turning Gene Kelly from a performer to a choreographer during the staging of Best Foot Forward; and what it was really like to be part of the MGM musical production machine. As Hugh enters his 96th year, this could be America's last chance to hear these stories from a living source. They are full of his signature charm, grace, musicality, and poeticism.

If asked to list the greatest innovators of modern American poetry, few of us would think to include Jay-Z or Eminem in their number. And yet hip hop is the source of some of the most exciting developments in verse today. The media uproar in response to its controversial lyrical content has obscured hip hop's revolution of poetic craft and experience: Only in rap music can the beat of a song render poetic meter audible, allowing an MC's wordplay to move a club-full of eager listeners. Examining rap history's most memorable lyricists and their inimitable techniques, literary scholar Adam Bradley argues that we must understand rap as poetry or miss the vanguard of poetry today. Book of Rhymes explores America's least understood poets, unpacking their surprisingly complex craft, and according rap poetry the respect it deserves.
