One winter's night the writer renounced his American dream of

building a life in New York City to follow an enigmatic inner voice and embrace an unknown path, which goes on to occasion a life-changing journey in Peru, South America. He experiences the remarkable healing properties of shamanic ceremonies in the Amazon Jungle, the sublime energy of the ancient Inca Citadel of Machu Picchu and the Andes Mountains, the openness of Peruvian villagers and their commendable life-styles in harmony with nature,

and friendship of many individuals who 'coincidentally' enter his life at the most appropriate moments to help him integrate the vital changes taking place in his being. Part autobiographical, part travelogue, part philosophical musing and part poetry, wrapped up in language both sensitive to the writer's predicament and lyrically appreciative of the natural world, this book addresses the ethos of the world's current dominant civilizations. It

also affirms for many seekers in the world, that it is possible to discover their true path in life and create their own reality based on their version of the absolute truth, which ultimately rests in all of us.

“In this ingenious literary thriller . . . [the] murder of a Shakespearean scholar...and an unlikely romance . . . make for a gripping, satisfying read.”
—Publishers Weekly (starred review) A fire destroys a New York City

rare bookstore—and reveals clues to a treasure worth killing for. . . . A disgraced scholar is found tortured to death. . . . And those pursuing the most valuable literary find in history are about to cross from the harmless mundane into inescapable nightmare. From the acclaimed, bestselling author of Tropic of Night comes a breathtaking thriller that twists, shocks, and surprises at every turn as it crisscrosses centuries, from the glaring violence of today into the dark shadows of

truth and lies surrounding the greatest writer the world has ever known. “If you love books—their physical presence, the craft of making them, the art of collecting them . . . make room on the shelf for a new guilty pleasure from Michael Gruber . . . smart . . . [and] packed with enough excitement to keep your inner bibliophile as happy as a folio in vellum.” —Ron Charles, The Washington Post “While the novel will appeal to those who enjoyed The Da Vinci Code or The Rule of Four,

critics agree that its lively dialogue, compellingly flawed characters, sense of humor, and intelligent exploration of religion and cryptology elevate it far above the genre's standard fare. Readers expecting car chases, kidnappings, globe trotting, sex, and murder won't be disappointed, either." —Bookmarks magazine

 The shadow is made up of all that we hide from others: our shame, our fears and our wounds, but also our divine light, our blinding beauty and our hidden talents. The shadow is a huge source of benevolent power and creativity, but until we bring it into the light this power will remain untapped and our full potential unreached. In this transformative book, lucid dreaming teacher Charlie Morley guides you

the shadow is, and how we create and project it •The different types of shadow, including the golden shadow, the ancestral shadow and the sexual shadow •Exercises, visualizations and meditations to connect deeply with and transform your shadows •The life-changing benefits of shadow integration, including increased energy, authenticity and spiritual growth •How to lucid dream and lucidly call forth your golden shadow and embrace it with love. Previously published; newly revised by author I like my women like I like my whiskey: liable to kill me. The two parts of being a paranormal private investigator I could really do without are being forced to eat

bananas by an animated statue with a potassium fixation, and being put on trial for murder by a self-appointed council of vampire oligarchs. To be fair, I did kind of do it (the murder, not the bananas). But I was kind of saving my girlfriend, who is kind of one of them. On top of this, I've also wound up with a primordial queen of the damned trying to strangle me in my dreams. And the conspiracy of undead wizards who tried to sacrifice me fifteen years ago has decided that now

is the best possible time to give it another go. Throw in the woman who left me for a tech start-up, the old girlfriend who I might sort of owe eternal mystical fealty to and a werewolf "it girl" who can't decide if she wants to eat me in the good way or the bad way, and I'm beginning to think life would be easier if I made better choices. Then again, it'd be a whole lot less fun. This book is approximately 98,000 words

A reverse harem, enemies to lovers, slow burn romance. "The relentless clock of fate was groaning over to the next hour, ringing the arrival of a battle as old as time, sounding the final alarm, the final chance to fall to our blades or lift them high. It was repeating infernal hours that grew hungrier with each turn, more vicious than the day, the year, the century before." The end was here. The great war had begun. I had been torn apart and remade, a marionette to dance over

the coals of this world, stitched together by my tormentors. The great masters thought they could break me down and own me. They were wrong. I had won my freedom, my place in this world, my golden-eyed protector by my side. Until it happened again; the grim call of fate looking out at me through eyes of darkness, the great masters waiting with the power I needed, curses and promises in their hands. It was time to make another deal. It was time to play their game in

earnest. Book 2 in the Tempest of Shadows series. Over 105,000 words. This is a slow burn with DARK themes, unwilling anti-heroes, and one hell of a kick-ass heroine woven through a rich fantasy setting. Secrets in the Shadows Penguin

HarperCollins Exiled from the Shadow Fae, I'm left out on London's streets. The Knights of the Institute are dying of the plague, and they're sure I'm to blame. Desperate to speak to Ruadan, I invade the Institute. Then, things take a turn for the worse. Like, "tortured in a tiny prison cell" worse. Seems like Ruadan has

completely betrayed me. But when I finally reunite with my dark demigod, it turns out I'd totally misunderstood his actions. Once I'm out of jail, Ruadan and I have to fix this mess, and we're thrown together once again. That means finding my father. Plus, we have to kill Baleros before the monster gets what he's after: the skin off Ruadan's corpse. If Baleros gets what he wants, then he'll control the world, and I'll lose Ruadan forever. Dream Beyond Shadows Chicago Review Press Compared by many to Neil Gaiman but also praised for establishing his own unique, powerful yet warm voice, C. Robert Cargill has now moved his brilliant contemporary fantasy into a new world, a new mythology. Two boys, spirited away into a dark world of myth and folklore that has lived, grown and changed alongside our world, have grown into men and now make their way. But faerie has not forgotten them, it never could, they wield

too much power, too much hinges on them, so it reaches out again. And a trip to Australia becomes a terrifying adventure amongst new gods, new spirits, new embodiments of an ancient land and power. William Lyon Mackenzie King Ballantine Books Warm, wise, and magical—the latest novel by the bestselling author of THE LITTLE PARIS BOOKSHOP and THE LITTLE FRENCH BISTRO is an astonishing exploration of the thresholds between life and death Henri

Skinner is a hardened ex-war reporter on the run from his past. On his way to see his son, Sam, for the first time in years, Henri steps into the road without looking and collides with oncoming traffic. He is rushed to a nearby hospital where he floats, comatose, between dreams, reliving the fairytales of his childhood and the secrets that made him run away in the first place. After the accident, Sam—a thirteen-year old synesthete with an IQ of

144 and an appetite for science fiction—waits by his father’s bedside every day. There he meets Eddie Tomlin, a woman forced to confront her love for Henri after all these years, and twelve-year old Madelyn Zeidler, a coma patient like Henri and the sole survivor of a traffic accident that killed her family. As these four very different individuals fight—for hope, for patience, for life—they are bound together inextricably, facing the ravages of loss and first

love side by side. A revelatory, urgently human story that examines what we consider serious and painful alongside light and whimsy, **THE BOOK OF DREAMS** is a tender meditation on memory, liminality, and empathy, asking with grace and gravitas what we will truly find meaningful in our lives once we are gone.
