**How to Make a Clean Break from the Snake in Your Relationship** Lark Books

The Triumph of the Snake Goddess, a prose translation by the scholar and poet Kaiser Haq, is the first comprehensive retelling of this epic in modern English. Haq’s Prologue explores the oral, poetic, and manuscript traditions, and Wendy Doniger’s Introduction examines the significance of snake worship in classical Sanskrit texts.

Reticulated Python Kane/Miller Book Publishers, Inc.

Devan was everything I longed for in a man: loyal, protective, and strong. After the Navy, he cleaned up his act. He became the perfect guy, the perfect husband; the standard I held other men up to. Was it too much to ask to have a carbon copy of him... tattoos and all? But then he ruined everything. He kissed me. I truly thought he was different than all the rest. Yet no matter how much I wanted him to be mine, I now saw him for what he really was: another bad boy. A cheating snake that couldn’t keep it in his pants. He’s married, for f\*cks sake! And to make it even more awkward, not only am I living with the couple but I’ve also made a deal to be their surrogate! How did my life become so complicated all of a sudden? Because now, after just one amazing kiss—one I keep reliving—I can’t stop thinking about my stepbrother and the baby I want to give him. Snake is a full length contemporary Bad Boy romance novel in Emilia Beaumont’s Forbidden Desires series. Perfect for fans of Lauren Blakely, Marquita Valentine, and Vi Keeland.

**Snake Diet for Beginners** Never Touch a

““Snake Doctor” is a modern, African-American Faustian epic. The story is of a man who made a supernatural deal with a wizard in the Equatorial Rain Forest of Northern Ghana. The deal that was made guaranteed this man that he would receive the money he needed to make the break out film he yearned to make. The proper sacrifices were made, the money poured in and the filmmaker became an international success. But all does not remain sweetness ‘n light. The shadow of the wizards influence remains a mental section that the filmmaker’s son must deal with. It takes grit, determination and hard work to overcome the obstacles, but the deeds are done and we are led to believe that all will be well.

Fang001 No Starch Press

Object Lessons is a series of short, beautifully designed books about the hidden lives of ordinary things. Feared and worshiped in equal measure, snakes have captured the imagination of poets, painters, and philosophers for centuries. From Ice Age cave drawings to Snakes on a Plane, this creature continues to enthrall the public. But what harm has been caused by our mythologizing? While considering the dangers of stigma, Erica Wright moves from art and pop culture to religion, fetish, and ecologic disaster. This book considers how the snake has become more symbol than animal, a metaphor for how we treat whatever scares us the most, whether or not our panic is justified. Object Lessons is published in partnership with an essay series in the The Atlantic.

Farmer Blake and Sneaky Snake Capstone

Follows the life cycle of a snake.

Independently Published

For author Philippe de Vosjoli, "art is the actualization of a personal vision or message," and de Vosjoli's passion is snakes, which he believes are among the most beautiful animals on earth. Incorporating snakes into a naturalistic vivarium, the way lizards and amphibians usually are, adds a new element to snake keeping, elevating the hobby to a true art form. In The Art of Keeping Snakes, de Vosjoli pursues this concept and provides advice for snake keepers who wish to create beautiful displays for their snakes, putting the animals' welfare and quality of life above all else and simultaneously enhancing their own enjoyment in observing their beautiful snakes in naturalistic environments. Beautifully photographed, inspiring, and informative, The Art of Keeping Snakes is divided into two parts, the first "A New Way to Keep Snakes," discusses design planning, enclosures and background possibilities, substrates, landscaping, plants, heating/lighting, quarantine and introducing the snakes to the vivarium. This part also includes chapters on feeding, handling, health care, and general maintenance and husbandry. The second part, "Best Display Snakes," presents over thirty different snakes, including photographs, physical descriptions, and tips for selection, handling, vivarium design tips, feeding, and breeding. The snakes in this part are divided into chapters, categorized by pythons, boas, water and garter snakes, hognose snakes, rat snakes, kingsnakes and milksnakes, and others. Resources and index included.

*Snake Venom* Fox Chapel Publishing

Fun animal book with silly rhyme and silicone touches.

Offers instructions on folding, gluing, and sewing handmade books in a variety of shapes and styles.

Hide and Snake Britannica Digital Learning

A brightly colored snake challenges readers to a game of hide and seek as he hides among familiar objects.

No H in Snake: Music Theory for Children HarperCollins

My family is from Yunnan, the ancestors caught snakes for a living, the snake cold-blooded and insidious. His body was filled with treasures, but it was also deadly. But that was not the most terrifying thing. In order to protect me, dad wouldn't let me enter the business, but by some strange coincidence, I didn't escape the shackles of fate. Do you really think that only Gu Manpeng and the little ghost are the scariest? Snakes gather around me in a sinister way. Let me count the strange things that happened after I entered the world.

*Volume 2* Funstory

Introduces the physical characteristics, habitat, behavior, and life cycle of the longest snake in the world.

**Snake (a Bad Boy Romance)** Houghton Mifflin Harcourt

From Yolanda Gampp, host of the massively popular, award-winning YouTube sensation “How to Cake It,” comes an inspiring “cakebook” with irresistible new recipes and visual instructions for creating spectacular novelty cakes for all skill levels. On her entertaining YouTube Channel, “How to Cake It,” Yolanda Gampp creates mind-blowing cakes in every shape imaginable. From a watermelon to a human heart to food-shaped cakes such as burgers and pizzas—Yolanda’s creations are fun and realistic. **The Ultimate Snake Owners Guide** Houghton Mifflin Harcourt

The snake diet has been designed to mimic the way wild animals eat. The idea is that you eat one large meal and then fast for the rest of the day or even several days.Basically, snakes eat one big high-fat, protein-packed meal a day, and then don't eat for around 22 hours. The snake diet is meant to follow this. During times of fasting, you can't consume food or any calories.The only thing you can consume during fasting is snake juice. The snake juice consists of water, sea salt, potassium chloride, baking soda, and sulfate salts. It is intended to replenish your electrolytes. The snake juice recipe was created by Robinson himself.However, experts suggest that the amount of sodium could make you go beyond your daily recommended intake.The snake diet encourages proactive eating which refers to intentional eating windows. This diet has quite tight feeding windows of just an hour or two. Robinson claims that the diet can cure type 2 diabetes and inflammation while increasing productivity. However, these claims have not been supported by research which is one of the reasons the diet has been so controversial.
