**The Last Wish** Psychology Press

The articles gathered in this volume represent examples of a unique approach to the study of mental phenomena: a blend of theory and experiment, informed not just by easily measurable laboratory data but also by human introspection. Subjects such as approach and avoidance, desire and fear, and novelty and habit are studied as natural events that may not exactly correspond to, but at least correlate with, some (known or unknown) electrical and chemical events in the brain.

## **Direction in Neural Networks**

Cambridge University Press

"Former State Department advisor for Afghanistan and Pakistan and bestselling author Vali Nasr delivers a sharp indictment of America's flawed foreign policy and outlines a new relationship with the Muslim world and with new players in the changing Middle East. In this essential new book, Vali Nasr argues that the Obama administration had a chance to improve its relations with the Middle East, but instead chose to pursue its predecessor's questionable strategies there. Nasr takes readers behind the scenes at the State Department and reveals how the new government's fear of political backlash and the specter of terrorism crippled the efforts of diplomatic

giants, like Richard Holbrooke and Hillary Clinton, to boost America's foundering credibility with world leaders. Meanwhile, the true economic threats, China and Russia, were quietly expanding their influence in the region. And a second Arab Spring is brewing--not a hopeful clamor for democracy but rage at the United States for its foreign policy of drones and assassinations. Drawing on his in-depth knowledge of the Middle East and firsthand experience in diplomacy, Nasr offers a powerful reassessment of American foreign policy that directs the country away from its failing relationships in the Middle East (such as with Saudi Arabia) toward more productive, and less costly, partnerships with other foreign allies (such as Turkey). Forcefully

persuasive, Vali Nasr's book is a game changer for America as it charts a course in the Muslim world, Asia, and beyond. "--  
Los Angeles Magazine University of Michigan Press

This innovative and multi-layered study of the music and culture of Renaissance instrumentalists spans the early institutionalization of instrumental music from c.1420 to the rise of the basso continuo and newer roles for instrumentalists around 1600. Employing a broad cultural narrative interwoven with detailed case studies, close readings of eighteen essential musical sources, and analysis of musical images, Victor Coelho and Keith Polk show that instrumental music formed a vital and dynamic element in the artistic landscape, from rote function to creative fantasy.

Instrumentalists occupied a central role in courtly ceremonies and private social rituals during the Renaissance, and banquets, dances, processions, religious celebrations and weddings all required their participation, regardless of social class. Instrumental genres were highly diverse artistic creations, from polyphonic repertoires revealing knowledge of

notated styles, to improvisation and flexible practices. Understanding the contributions of instrumentalists is essential for any accurate assessment of Renaissance culture.

**Visions of empire** McGraw-Hill College  
The essential argument of this new work by Andrew Robinson is that we live, move and have our being within a sea of signs, but that we are largely unaware of this for most of the time. When the structure of these signs is analysed it turns out to rest on three recurring 'elemental grounds', which the author calls Quality, Otherness and Mediation. The kaleidoscopic, ramifying patterns of Quality, Otherness and Mediation which underpin representations and interpretations at every level and dimension of the processes of signification offer a model of the dynamic mutual indwelling of the Father, Son and Spirit within the eternal life of the Trinity. This 'semiotic model' of the Trinity would be of rather limited interest in itself unless it can also illuminate other areas of Christian theology. Robinson suggests that the model leads to a helpful way of understanding how the entirely human

person Jesus of Nazareth may be understood to have been the full and perfect embodiment (representation) of the quality of God's being. This in turn helps us to understand how the processes of representation and interpretation enable us to be drawn into the very life of God. This has practical implications for the church and for the individual lives of Christian believers. It also offers, via a re-articulation of the neglected concept of vestiges of the Trinity in creation, a form of 'spirituality of the everyday'.

The definitive translation by Dick Davis of the great national epic of Iran—now newly revised and expanded to be the most complete English-language edition A Penguin Classic Dick Davis—"our pre-eminent translator from the Persian" (The Washington Post)—has revised and expanded his acclaimed translation of Ferdowsi's masterpiece, adding more than 100 pages of newly translated text. Davis's elegant combination of prose and verse allows the poetry of the Shahnameh to sing its own tales directly, interspersed sparingly with clearly marked explanations

to ease along modern readers. Originally composed for the Samanid princes of Khorasan in the tenth century, the *Shahnameh* is among the greatest works of world literature. This prodigious narrative tells the story of pre-Islamic Persia, from the mythical creation of the world and the dawn of Persian civilization through the seventh-century Arab conquest. The stories of the *Shahnameh* are deeply embedded in Persian culture and beyond, as attested by their appearance in such works as *The Kite Runner* and the love poems of Rumi and Hafez. For more than sixty-five years, Penguin has been the leading publisher of classic literature in the English-speaking world. With more than 1,500 titles, Penguin Classics represents a global bookshelf of the best works throughout history and across genres and disciplines. Readers trust the series to provide authoritative texts enhanced by introductions and notes by distinguished scholars and contemporary authors, as well as up-to-date translations by award-winning translators.

The emergence of a vibrant imperial

culture in British society from the 1890s both fascinated and appalled contemporaries. It has also consistently provoked controversy among historians. This book offers a ground-breaking perspective on how imperial culture was disseminated. It identifies the important synergies that grew between a new civic culture and the wider imperial project. Beaven shows that the ebb and flow of imperial enthusiasm was shaped through a fusion of local patriotism and a broader imperial identity. Imperial culture was neither generic nor unimportant but was instead multi-layered and recast to capture the concerns of a locality. The book draws on a rich seam of primary sources from three representative English cities. These case studies are considered against an extensive analysis of seminal and current historiography. This renders the book invaluable to those interested in the fields of imperialism, social and cultural history, popular culture, historical geography and urban history.

A companion to the popular website APracticalWedding.com and A Practical Wedding Planner, A Practical Wedding helps you sort through the basics to create the wedding you want -- without going broke or crazy in the process. After all, what really matters on your wedding day is not so much how it looked as how it felt. In this refreshing guide, expert Meg Keene shares her secrets to planning a beautiful celebration that reflects your taste and your relationship. You'll discover: The real purpose of engagement (hint: it's not just about the planning) How to pinpoint what matters most to you and your partner DIY-ing your wedding: brilliant or crazy? How to communicate decisions to your family Why that color-coded spreadsheet is actually worth it Wedding Zen can be yours. Meg walks you through everything

from choosing a venue to writing vows, complete with stories and advice from women who have been in the trenches: the Team Practical brides. So here's to the joyful wedding, the sensible wedding, the unbelievably fun wedding! A Practical Wedding is your complete guide to getting married with grace.

### Narrative Structures of Foundation and Doom in the Hebrew Bible Cambridge University Press

This is an ideal reference for those looking to understand, study, and practice community engagement and outreach. It discusses the different ways individuals - including faculty, administrators, and management in organizations - engage in their communities. It supplies case studies, best practices, and theoretical approaches to the study of community engagement. Scholars active in this field can use this book as an integration of the current knowledge concerning community engagement and as an inspiration for future research agendas. Whilst directing how to implement effective community engagement practices, the book also facilitates the application of organizational theory to community engagement. It will

appeal to academics who are interested in the theoretical background of community engagement.

Event Management, specifically written for the Diploma of Event Management and Advanced Diploma of Event Management, is a comprehensive resource for anyone wanting to build their expertise in professional event management. This edition adopts a scaffold learning pedagogy, helping students move through the material logically and efficiently while building on their understanding of tourism, cultural, business and sporting events.

### Confessions of a Public Speaker

Manchester University Press

What do you get when you cross a journalist and a banker? A brewery, of course. "A great city should have great beer. New York finally has, thanks to Brooklyn. Steve Hindy and Tom Potter provided it. Beer School explains how they did it: their mistakes as well as their

triumphs. Steve writes with a journalist's skepticism-as though he has forgotten that he is reporting on himself. Tom is even less forgiving-he's a banker, after all. The inside story reads at times like a cautionary tale, but it is an account of a great and welcome achievement."

—Michael Jackson, *The Beer Hunter(r)* "An accessible and insightful case study with terrific insight for aspiring entrepreneurs. And if that's not enough, it is all about beer!" —Professor Murray Low, Executive Director, Lang Center for Entrepreneurship, Columbia Business School "Great lessons on what every first-time entrepreneur will experience. Being down the block from the Brooklyn Brewery, I had firsthand witness to their positive impact on our community. I give Steve and Tom's book an A++!" —Norm Brodsky, Senior Contributing Editor, Inc. magazine "Beer School is a useful and entertaining book. In essence, this is the story of starting a beer business from scratch in New York City. The product is one readers can relate to, and the market is as tough as they get. What a fun challenge! The book can help not only those entrepreneurs who are starting a

business but also those trying to grow one once it is established. Steve and Tom write with enthusiasm and insight about building their business. It is clear that they learned a lot along the way. Readers can learn from these lessons too." —Michael Preston, Adjunct Professor, Lang Center for Entrepreneurship, Columbia Business School, and coauthor, *The Road to Success: How to Manage Growth* "Although we (thankfully!) never had to deal with the Mob, being held up at gunpoint, or having our beer and equipment ripped off, we definitely identified with the challenges faced in those early days of cobbling a brewery together. The revealing story Steve and Tom tell about two partners entering a business out of passion, in an industry they knew little about, being seriously undercapitalized, with an overly naive business plan, and their ultimate success, is an inspiring tale." —Ken Grossman, founder, Sierra Nevada Brewing Co. *Creative Ideas for a Beautiful, Affordable, and Stress-free Celebration* U of Minnesota Press  
This National Occupational Standards document represents the knowledge, skills

and attitudes required to be considered competent as a Food and Beverage Manager. These standards (Version 2 series) are full of practical information that will help Food and Beverage Managers offer quality service and exhibit exemplary leadership skills. Developed in 2012, these standards are the basis of the current Certification program.

Note: ten percent of each book's profit is given to charity. Order your copy today!

*After Live* Penguin

"Hosts of all kinds, this is a must-read!" --

Chris Anderson, owner and curator of TED From the host of the New York Times podcast Together Apart, an exciting new approach to how we gather that will transform the ways we spend our time together—at home, at work, in our communities, and beyond. In *The Art of Gathering*, Priya Parker argues that the gatherings in our lives are lackluster and unproductive--which they don't have to be. We rely too much on routine and the conventions of gatherings when we should focus on distinctiveness and the people involved. At a time when coming together is more important than ever, Parker sets forth a human-centered approach to gathering that will help everyone create meaningful, memorable experiences, large and small, for work and for play. Drawing on her expertise as a facilitator of high-powered gatherings around the world, Parker takes us inside events of all kinds to show what works, what doesn't, and why. She investigates a wide array of gatherings--conferences, meetings, a courtroom, a flash-mob party, an Arab-Israeli summer camp--and explains how simple, specific changes can invigorate any group experience. The result is a book

that's both journey and guide, full of exciting ideas with real-world applications. *The Art of Gathering* will forever alter the way you look at your next meeting, industry conference, dinner party, and backyard barbecue--and how you host and attend them.

**The Grey Eagles of Chippewa Falls** MIT Press

Desde el s. XIX, la interpretación de un tipo de relieves, llamados de banquete funerario, ha sido objeto de largas controversias que nunca han dado resultados decisivos. En lugar de limitarse a buscar en textos los paralelismos que permitan explicar una escena construída a menudo como un jeroglífico, donde caballo y serpiente irrumpen en la sala de un banquete, se ha escogido partir del desarrollo del motivo concreto, desde su aparición sobre un relieve asirio de Nínive hasta el momento de la puesta en escena definitiva, en el siglo IV A.J.C., una fórmula que se multiplicará en muchas estelas funerarias helenísticas y romanas. La unidad y permanencia de este motivo apareció no sólo en los relieves, sino también en la cerámica, las estatuas y las figurillas de terracota o bronce, las

pinturas y la decoración arquitectónica.
