Lost Zondervan Publishing Company  
NEW YORK TIMES BESTSELLER • A NEW  
YORK TIMES NOTABLE BOOK The  
remarkable story of James Howard “Billy”  
Williams, whose uncanny rapport with the  
world’s largest land animals transformed  
him from a carefree young man into the  
charismatic war hero known as Elephant  
Bill In 1920, Billy Williams came to colonial  
Burma as a “forest man” for a British teak  
company. Mesmerized by the intelligence  
and character of the great animals who  
hailed logs through the jungle, he became

a gifted “elephant wallah.” In *Elephant Company*, Vicki Constantine Croke chronicles Williams’s growing love for elephants as the animals provide him lessons in courage, trust, and gratitude. *Elephant Company* is also a tale of war and daring. When Japanese forces invaded Burma in 1942, Williams joined the elite British Force 136 and operated behind enemy lines. His war elephants carried supplies, helped build bridges, and transported the sick and elderly over treacherous mountain terrain. As the occupying authorities put a price on his head, Williams and his elephants faced their most perilous test. *Elephant Company*, cornered by the enemy, attempted a desperate escape: a risky

trek over the mountainous border to India, with a bedraggled group of refugees in tow. Part biography, part war epic, *Elephant Company* is an inspirational narrative that illuminates a little-known chapter in the annals of wartime heroism. Praise for *Elephant Company* “This book is about far more than just the war, or even elephants. This is the story of friendship, loyalty and breathtaking bravery that transcends species. . . . *Elephant Company* is nothing less than a sweeping tale, masterfully written.”—Sara Gruen, *The New York Times Book Review* “Splendid . . . Blending biography, history, and wildlife biology, [Vicki Constantine] Croke’s story is an often moving account of [Billy] Williams, who earned the sobriquet

‘Elephant Bill,’ and his unusual bond with the largest land mammals on earth.”—The Boston Globe “Some of the biggest heroes of World War II were even bigger than you thought. . . . You may never call the lion the king of the jungle again.”—New York Post “Vicki Constantine Croke delivers an exciting tale of this elephant whisperer-cum-war hero, while beautifully reminding us of the enduring bonds between animals and humans.”—Mitchell Zuckoff, author of *Lost in Shangri-La* and *Frozen in Time*

*Lost and Found in Russia* Pocket Books  
Adam Levin’s debut novel *The Instructions* was one of the most buzzed-about books of 2010, a sprawling universe of “death-defying sentences, manic wit, exciting provocations and simple human warmth” (Rolling Stone). Now, in the stories of *Hot Pink*, Levin delivers ten smaller worlds, shaken snow-globes of overweight romantics, legless prodigies, quixotic dollmakers, Chicagoland thugs, dirty old men, protective fathers, balloon-laden dumptrucks, and walls that ooze gels. Told with lust and affection, karate and tenderness, slapstickery, ferocity, and heart, *Hot Pink* is the work of a major

talent in his sharpest form.

*Lost... In the Jungle of Doom* Simon and Schuster

Susan Griffin awakes from surgery with one thought—how to stop a murder before it happens. Only the intended victim refuses to believe that she has foreseen his death. Worse yet, she hasn’t a clue as to the murderer, and the day of reckoning is but two weeks away. As owner of the Bawdy Boutique, Susan’s forte is fashion and frills, not murder and mayhem, so she calls on the two people she trusts the most—Wesley Grissom, a detective with whom she hopes to rekindle a past relationship, and her assistant manager, A. K. Williams, a forty year old cougar who’s game for anything. But when Susan uncovers a conspiracy, she finds herself in over her head and dead wrong as to the killer. If you like your mystery with a dash of humor and a can-do heroine, this one’s for you.

After the fall of communism, Russia was in a state of shock. The sudden and dramatic change left many people adrift and uncertain—but also full of a tentative but tenacious hope. Returning again and again to the provincial hinterlands of this rapidly evolving country from 1992 to 2008, Susan Richards struck up some extraordinary friendships with people in the middle of this historical drama. Anna, a questing journalist, struggles to express her passionate spirituality within the rules of the new society. Natasha, a restless spirit, has relocated from Siberia in a bid to escape the demands of her upper-class family and her own mysterious demons. Tatiana and Misha, whose business empire has blossomed from the ashes of the Soviet Union, seem, despite their luxury, uneasy in this new world. Richards watches them grow and change, their fortunes rise and fall, their hopes soar and crash. Through their stories and her own experiences, Susan Richards demonstrates how in Russia, the past and the present cannot be separated. She meets scientists

convinced of the existence of UFOs and mind-control warfare. She visits a cult based on working the land and a tiny civilization founded on the practices of traditional Russian Orthodoxy. Gangsters, dreamers, artists, healers, all are wondering in their own ways, "Who are we now if we're not communist? What does it mean to be Russian?" This remarkable history of contemporary Russia holds a mirror up to a forgotten people. *Lost and Found in Russia* is a magical and unforgettable portrait of a society in transition.

*A World for Julius* Oxford University Press, USA

This book addresses the recovery of submerged memories, loss and trauma in self-avowed intertextual fiction, while simultaneously exposing the tensions and untenability of any stable figuration of alterity. Otherness thus posits a liminal and largely transversal site of resistance to monological representations of Western identity, history and canon, which are now displayed inherently crossbred and built on the occulting and alienating of difference. With this in view, the author carries out a close reading of the works

and scholarly statements of J. M. Coetzee and Marina Warner by taking as the point of departure the intertextualist approaches that most attend to the phenomenon of alterity against the critical discourses of modern representation. Fully installed in the revision of canon policies, Foe and Indigo re-read Eurocentric institutionalised forms of othering at the same time they posit new and suggestive rehearsals of identity languages via literature. Intertextual fiction thus turns out to be a powerful instrument to render alterity visible and agential in the discourses of reality. Ultimately, alterity is enabled to speak and invite social change and ethical awareness without denying the history of its alienation.

From classics like *King Kong*, to beloved B-movies like *The Beast from 20,000 Fathoms*, to blockbusters like *Jurassic Park*, it's easy to see that filmmakers and audiences alike love to see dinosaurs on the screen. This comprehensive filmography, arranged alphabetically by

title, contains entries that include basic facts (year of release, country of origin, studio, and running time), followed by a concise plot summary, the author's critical commentary, information on the production and the people behind it, and secrets of the often-ingenuous special effects. Three useful appendices feature films with minor dinosaur content, planned but unfinished dinosaur movies, and the quasi-dinosaurs of Toho Studios. To be included, a movie must depict one or more representations of a "prehistoric reptile." Inaccurate portrayals are included, as long as the intent is to represent a real or fictional dinosaur. Not eligible are films featuring prehistoric mammals, prehistoric humans or humanoids, and beasts of mythology—unless, of course, the movie also has a dinosaur.

In this "hypnotic, violent, unsparing" (A.J.

Banner, USA TODAY bestselling author) thriller from the author of the "haunting, twisting thrill ride" (Megan Miranda, New York Times bestselling author) *The River at Night*, a young woman leaves behind everything she knows to take on the Bolivian jungle, but her excursion abroad quickly turns into a fight for her life. Lily Bushwold thought she'd found the antidote to endless foster care and group homes: a gig teaching English in Cochabamba, Bolivia. As soon as she could steal enough cash for the plane, she was on it. But the program was a scam. And bonding with other broke, rudderless girls in the local youth hostel wasn't the answer. Falling crazy in love with Omar, a savvy, handsome local who'd left his life as a hunter in Ayachero—a remote jungle village—to try city life: this was the last thing Lily could have imagined. When Omar learns that a jaguar had killed his four-year-old nephew in Ayachero, he gives Lily a choice: stay alone in the unforgiving city, or travel to the last in the ever-more-isolated string of river towns in the jungles of Bolivia. Thirty-foot anacondas? Puppy-sized spiders? Vengeful shamans with unspeakable powers? None

of it matters to love-struck Lily. She follows Omar to a ruthless new world of lawless poachers, bullheaded missionaries, and desperate indigenous tribes driven to the brink of extinction. To survive, Lily must navigate the jungle—and all its residents—using only her wits and resilience. "Gripping, breathtaking, and exquisitely told—*Into the Jungle* pulls you into another world, returning you forever transformed" (Wendy Walker, USA TODAY bestselling author).
