## SANTIAGO GIANCARLO

**The Indian Tricolour** Diamond Pocket Books Pvt Ltd

Ashoka the Great, the ruler of ancient India's largest kingdom, took the path of peace, tolerance, non-violence and compassion after a fierce battle in Kalinga. He now addressed his subjects as a father would his children, and erected pillars that spread his thoughts throughout the land in the people's own language. He put their welfare above all else and worked towards that for the rest of his life. One of the most well-known symbols from India's history, the Ashoka chakra, now adorns India's national flag, and the lion capital from his pillars is our national emblem. In this lively, engrossing account of Ashoka's life and the times, Subhadra Sen Gupta deftly brings him alive again from behind the swirling mists of time.

The one national-mascot that stands for and represents a country in the world arena is its National-flag. The Indian Tricolour pays homage to our National-flag, the symbol that gives India its unique identity. This book offers the readers a

brief history of flags, their evolution and the significance. It traces how our Nation-flag, Tiranga, came into being, took its present form, and how, and how a young man fought for the right to fly his National-flag every day of the year. Comprehensive and interesting, this extensively researched book also comprises numerous illustrations, rare photographs and fascinating trivia on flags. It is, undoubtedly, the ultimate reference book on flags in general, and an authority and guide on the Tiranga in particular.

General Awareness Solved Papers by Mocktime Publication

What is common between a royal Bengal tiger, a lotus, a mango, and the Ashok Chakra? All of these are symbols linked to the Indian identity and heritage. If you have ever had a chance to see the majestic royal Bengal tiger, you must have admired its grace, power, and strength. For these very qualities, it has been chosen as the national animal of India. A colourful peacock dancing in the rain looks breathtakingly beautiful. Do you know that this pretty creature is the national bird of India? Our country has many such symbols that are part of our culture and heritage.

Most of these are related to the environment and biodiversity of India. This book discusses their conservation status and the efforts being made to protect them. It also carries the all-important message that nature is integral to our national identity.

Making the case for a new kind of visual history, *The Goddess and the Nation* charts the pictorial life and career of

Bharat Mata, "Mother India," the Indian nation imagined as mother/goddess, embodiment of national territory, and unifying symbol for the country's diverse communities. Soon after Mother India's emergence in the late nineteenth century, artists, both famous and amateur, began to picture her in various media, incorporating the map of India into her visual persona. The images they produced enabled patriotic men and women in a heterogeneous population to collectively visualize India, affectively identify with it, and even become willing to surrender their lives for it. Filled with illustrations, including 100 in color, *The Goddess and the Nation* draws on visual studies, gender studies, and the history of cartography to offer a rigorous analysis of Mother India's appearance in painting, print, poster art, and pictures from the late nineteenth century to the present. By exploring the mutual entanglement of the scientifically mapped image of India and a (Hindu) mother/goddess, Sumathi Ramaswamy reveals Mother India as a figure who relies on the British colonial mapped image of her dominion to distinguish her from the other goddesses of India, and to guarantee her novel status as embodiment, sign, and symbol of national territory. Providing an exemplary critique of ideologies of gender and the science of cartography, Ramaswamy demonstrates that images do not merely reflect history; they actively make it. In *The Goddess and the Nation*, she teaches us about pictorial ways of learning the form of the nation, of how to live with it—and ultimately to die for it.

In *India: A Sacred Geography*, renowned Harvard scholar Diana Eck offers an extraordinary spiritual journey through the

pilgrimage places of the world's most religiously vibrant culture and reveals that it is, in fact, through these sacred pilgrimages that India's very sense of nation has emerged. No matter where one goes in India, one will find a landscape in which mountains, rivers, forests, and villages are elaborately linked to the stories of the gods and heroes of Indian culture. Every place in this vast landscape has its story, and conversely, every story of Hindu myth and legend has its place. Likewise, these places are inextricably tied to one another—not simply in the past, but in the present—through the local, regional, and transregional practices of pilgrimage. *India: A Sacred Geography* tells the story of the pilgrim's India. In these pages, Diana Eck takes the reader on an extraordinary spiritual journey through the living landscape of this fascinating country—its mountains, rivers, and seacoasts, its ancient and powerful temples and shrines. Seeking to fully understand the sacred places of pilgrimage from the ground up, with their stories, connections and layers of meaning, she acutely examines Hindu religious ideas and narratives and shows how they have been deeply inscribed in the land itself. Ultimately, Eck shows us that from these networks of pilgrimage places, India's very sense of region and nation has emerged. This is the astonishing and fascinating picture of a land linked for centuries not by the power of kings and governments, but by the footsteps of pilgrims. *India: A Sacred Geography* offers a unique perspective on India, both as a complex religious culture and as a nation. Based on her extensive knowledge and her many decades of wide-ranging travel and research, Eck's piercing insights and a sweeping grasp of history ensure that this work will be in demand for many years to come.

One of the most popular Indian novels of all ages, 'Ananda Math' was translated innumerable times into Indian and English languages. Five editions were published in Bengali and Hindi during the author's lifetime, the first in 1882. The novel has the backdrop of the 18th century famine in Bengal, infamous as "Chhiyattorer Manvantar" (famine of 76th Bengali year,

1276), to narrate the saga of armed uprising of the ascetics and their disciples against the pillaging East India Company rulers. The uprising is historically known as 'Santan Vidroha', the ascetics being the children of Goddess Jagadambe. The saga of 'Ananda Math' is thrilling and best epitomised in the patriotic mass-puller song "Bande Mataram" ('Hail thee, O My Motherland'). The song is still a mantra that stirs imagination of millions of Hindus. The ascetics robbed the tormentors of people — the British rulers and the greedy zamindars — distributed the looted wealth to poverty-stricken people but kept nothing for themselves. Their targets were mostly the Company armoury and supplies. They had a highly organised setup, spread throughout Bengal. It was also India's first battle for freedom, and not the Sipahi Vidroha of 1857.

[The English Emblem Tradition](#) Capstone Studies the politics that make the tricolour flag possibly the most revered of the symbols and icons associated with nationalism in twentieth-century India. [Kurukshetra March 2022 \(English\) \(Special Issue\)](#) Universal Law Publishing

A symbol is a picture that means something more (than meets the eye). Symbols are compact containers of meaning. They transcend language and can be understood by everyone. Scientists have also shown that we remember pictures better than the word that the picture represents. In this sense, a symbol is a picture that is worth a thousand words! The symbols presented in the book include world famous symbols such as the Olympic Rings, the Recycle symbol, and the Handicap symbol. The book also features lesser known symbols such as the Red Crystal, Mr. Yuk, and the Accessible Icon. I hope that by reading this book, the reader will better appreciate symbols and the communicative power they have.

This book traces the history of social norms and ethos in the erstwhile kingdom of Samrat Ashoka, with basic practices and social value system. It further dwells on the prevailing values and their influence on the society at large. What mechanisms were adopted by Emperor Ashoka to inculcate these values in his subjects and how he found that value system.
