The most enjoyable way to learn about an unfamiliar culture is through its stories—especially when they're told in two languages! Thai Stories for Language Learners introduces 28 entertaining Thai stories with bilingual Thai and English versions presented on facing pages. The stories are adapted from traditional folktales with roots in the Thai oral tradition, classic Thai literature, and Thai versions of the Indian Jataka Tales—which describe the past lives of the Buddha. The stories in this book include: The Frightened Rabbit is a well-known story about rabbit who hears a loud thundering sound and concludes it is a landslide, without investigating further. He runs about telling others of the landslide, thus causing unnecessary panic. A Horse-faced Woman is one of the most popular folktales in Thailand because the heroine's appearance and character differ vastly from other Thai heroines. Her equine appearance, unpopularity with fellow villagers, and passionate desires to marry the handsome Prince Pin Thong collide. A Myth of Phra Ruang is a classic tale popular among Thai people. It tells the story of a legendary hero—Phra Ruang—who frees the people of Lavo (Lopburi) from the ancient Khmer rulers. When the Khmer king tries to kill him, Phra Ruang escapes and is ordained as a monk. And many more! Alongside each story, readers will find: A list of key vocabulary in the Thai script, Romanized form, and the English meanings A set of questions and writing activities A Thai pronunciation guide Online audio recording in order to improve pronunciation and comprehension. This book will be of interest to learners who are beginning to read and write the Thai language and would like additional practice, as well as to general readers interested in learning about Thai culture.

Do you know the number one frustrating challenge that Arabic beginners face at the beginning of their Arabic language quest? That's right. Its vocabulary. Acquiring vocabulary is a dreading phase for any beginner, and people generally struggle to grow their vocabulary. They see it as a straining and extensive period which never seems to end. Did you know that, according to some reliable publications, the human brain is more likely to remember information stored in stories than "hard facts" information, i.e. boring textbooks? This is because our brain is programmed to recognize patterns of information (i.e. a plot in a story). Arabic and other languages require you to have a decent amount of vocabulary for you to be able to communicate effectively. The thing is, though, most people totally complicate this process of acquiring vocabulary. Are you tired of constantly writing down large vocabulary lists and memorizing them with no sense of direction? Do you hate the mere thought of having to open your textbook and highlight random words that you will probably never use? As the old saying goes, "I've been there and done that". But not to worry, though, this book has hundreds of vocabulary words that are useful and relevant. I have used them in a fun and engaging way. The stories have been crafted to enable the reader to take in the vocabulary and use it in context for themselves. When you purchase this book, you will get: Fifty short stories in Arabic and translated into English. Arabic text that is vowelized, making it very easy for a beginner to follow along. Some crucial tips for reading texts for language learners. How to properly benefit from stories when it comes to learning a language. Access to hundreds of new vocabulary words.

The most enjoyable way to learn about an unfamiliar culture is through its stories—especially when they're told in two languages! This book introduces 40 stories from the Philippines through bilingual Tagalog and English texts presented on facing pages. Paired with cultural notes, vocabulary lists, exercises, comprehension questions and free online audio recordings, Tagalog Stories for Language Learners is an excellent resource for intermediate language learners. This compilation includes a mix of traditional folktales retold for a modern audience, as well as several well-known works of contemporary Philippine literature. Along the way, you will meet fabulous mythological characters like the Bagobo goddess Mebuyan and the shape-shifting Aswang. Other characters cope with day-to-day issues, such as the

domestic worker who cannot find her keys and a beauty queen who leaves behind her comfortable city life in order to help peasants in the countryside. Four of the stories are by well-known Filipino writers and are presented in complete or partially condensed form. These include: Estrangheritis by Inigo Ed. Regalado (1907)—The writer is critical of Filipinos who exalt all things foreign while, in fact, benefitting from their own land but unappreciative of their national culture. Desire by Paz Latorena (1928)—The story of a Filipino woman who has to deal with the narrow-mindedness of a foreigner who is far more interested in her body than in her personality. Greta Garbo by Deogracia Rosaro (1930)—Monina, who looks like Greta Garbo, plans a weekend getaway with her beau, only to be left at the station waiting, and later discovers he has gone on a honeymoon! Maria Elena Paterno's Sampaguita (1991)—Two popular legends about the Sampaguita (Philippine jasmine flower) which touch on the themes of courage and forbidden love. Stories from different periods are presented so learners get a feel for authentic Filipino texts.

The highly anticipated next book in Tuttle's Stories for Language Learners series is here! This book presents 22 classic Chinese proverbs and the traditional tales behind them. The stories are bilingual, with the Chinese and English versions presented on facing pages. Each includes an explanation of how the proverb is used today, cultural notes, vocabulary and discussion questions. Online audio recordings of the tales by native speakers give students a chance to improve their pronunciation and comprehension. Some of the proverbs featured in this collection include: "Painting the Eyes on the Dragon" Based on the story of a famous court painter in 6th century China who painted dragons, this proverb refers to the finishing touches needed to bring a work of art or literature to life. In a discussion, it refers to the final statements used to clinch the argument. "Waiting for Rabbits by a Tree Stump" Based on an ancient folktale about a foolish farmer who sees a rabbit kill itself in front of him by running into a tree stump, then gives up tilling his field to wait for more rabbits by the stump. This saying is applied to people who wait passively for luck to strike again. It also refers to impractical people who stick to one way of doing things only because it has worked for them once in the past. "Pure Water Has No Fish; Perfect People Have No Friends" Many versions of this historical tale exist. The one told here is about a 2nd century AD official sent to govern a far-flung outpost on the Silk Road who is fastidious in applying strict rules and thereby causes the local people to rebel against him. In the professional world, it is used to refer to people who do not like to work with an overly strict supervisor or colleague. Whether being used in a classroom or for self-study, Chinese Stories for Language Learners provides an educational and entertaining way for intermediate Mandarin learners to expand their vocabulary and understanding of the language.
