Discover a renewed sense of God's purpose and find the courage to pursue

your greatest dreams with this comforting guide to spiritual fulfillment and success. Albert Einstein once said, "Problems cannot be solved with the same mind-set that created them." To resolve our problems and deal with our mistakes, we must be willing to be transformed by God's process of healing and strengthening. We have a tendency to think of our present situation in polarizing terms: good or bad, up or down. Due to the seasonal nature of our life experiences, this is an easy trap for many of us. We overlook the fact that there are transition times, such as the season between graduation and the amazing job; between divorce and remarriage; between the failure and the success. The Shift explores the ways we can survive the seasons in between with the courage that comes only when you're sure of God's purpose for your life.

Jim and Casper Go to Church John Wiley & Sons

"A frank, poignant memoir about an unlikely marriage, a tragic death in Iraq, and the soul-testing work of picking up the pieces" (People) in the tradition of such powerful bestsellers as Joan Didion's *The Year of Magical Thinking* and Carole Radziwill's *What Remains*. Artis Henderson was a free-spirited young woman with dreams of traveling the world and one day becoming a writer. Marrying a conservative Texan soldier and becoming an Army wife was never part of her plan, but when she met Miles, Artis threw caution to the wind and moved with him to a series of Army bases in dusty Southern towns, far from the exotic future of her

dreams. If this was true love, she was ready to embrace it. But when Miles was training and Artis was left alone, she experienced feelings of isolation and anxiety. It did not take long for a wife's worst fears to come true. On November 6, 2006, the Apache helicopter carrying Miles crashed in Iraq, leaving twenty-six-year-old Artis—in official military terms—an “unremarried widow.” In this memoir Artis recounts not only the unlikely love story she shared with Miles and her unfathomable recovery in the wake of his death—from the dark hours following the military notification to the first fumbling attempts at new love—but also reveals how Miles's death mirrored her own father's, in a plane crash that Artis survived when she was five years old and that left her own mother a young widow. *Unremarried Widow* is “a powerful look at mourning as a military wife....You can finish it in a day and find yourself haunted weeks later” (The New York Times Book Review).

Body Becoming Penguin

A young woman living in a rigid, puritanical society discovers dark powers within herself in this stunning, feminist

fantasy debut. In the lands of Bethel, where the Prophet's word is law, Immanuelle Moore's very existence is blasphemy. Her mother's union with an outsider of a different race cast her once-proud family into disgrace, so Immanuelle does her best to worship the Father, follow Holy Protocol, and lead a life of submission, devotion, and absolute conformity, like all the other women in the settlement. But a mishap lures her into the forbidden Darkwood surrounding Bethel, where the first prophet once chased and killed four powerful witches. Their spirits are still lurking there, and they bestow a gift on Immanuelle: the journal of her dead mother, who Immanuelle is shocked to learn once sought sanctuary in the wood. Fascinated by the secrets in the diary, Immanuelle finds herself struggling to understand how her mother could have consorted with the witches. But when she begins to learn grim truths about the Church and its history, she realizes the true threat to Bethel is its own darkness. And she starts to understand that if Bethel is to change, it must begin with her.

Basing his study on Jung's archetypal theory—especially that of initiation—*Thresholds of Initiation* represents thirty years of testing the theory in analytical practice. Joseph Henderson considers archetypes to be predictable patterns of inner conditioning that lead to certain essential changes and shows the parallels between individual psychological self-development and the rites that marked initiation in the past. Dr. Henderson's topics include the uninitiated; return of the mother; remaking a man; trial by strength; the rite of vision; thresholds of initiation; initiation and the principle of ego-development in adolescence; and initiation in the process of individuation. This is essential reading for an understanding of the universal nature of initiation, especially as it relates traditional initiatory practices to Jung's theory of archetypes.

"'Ugly as sin', 'ugly duckling', 'rear its ugly head'. The word 'ugly' is used freely, yet it is a loaded term: from the simply plain and unsightly to the repulsive and even offensive, definitions slide all over the place. Hovering around 'feared and dreaded', ugliness both repels and fascinates. But the concept of ugliness has a lineage that has long haunted our cultural imagination. Gretchen E. Henderson explores perceptions of ugliness through history, from ancient Roman feasts to medieval grotesque gargoyles, from Mary Shelley's monster cobbled from corpses to the Nazi Exhibition of Degenerate Art. Covering literature, art, music and even Ugly dolls, Henderson reveals how ugliness has long posed a challenge to aesthetics and taste. Henderson digs into the muck of ugliness, moving beyond the traditional philosophic argument or mere opposition to beauty, and emerges with more than a selection of

fascinating tidbits. Following ugly bodies and dismantling ugly senses across periods and continents, [this book] draws on a wealth of fields to cross cultures and times, delineating the changing map of ugliness as it charges the public imagination. Illustrated with a range of artefacts, this book offers a refreshing perspective that moves beyond the surface to ask what 'ugly' truly is, even as its meaning continues to shift"--

The journalist and bestselling author delivers the sequel to the "cracking, uber-topical spy thriller" *Secret Service* featuring Kate Henderson (Financial Times). Kidnapped in Venice by a Russian defector, Kate knows she's in trouble. But when he offers her conclusive video evidence that the British Prime Minister is a live agent working for Moscow, Kate's holiday quickly becomes the start of her next mission. Riddled with doubt that the evidence she is presented with may not in fact be as bulletproof as it seems, Kate reopens the investigation into the PM. As she works through the case, Kate runs up against key people at the heart of the

British Establishment who refuse to acknowledge the reality in front of them. And, more worryingly, clear signs that there's still a mole in her department. But Kate had already identified and eradicated the mole, codenamed Viper. Could she have been mistaken? And could this horrifying video be a fake, produced by the Russians to sabotage British democracy? These questions plague Kate as she tries to keep it together for her children and ailing mother, steadily losing sleep and, she fears, her sanity. This mission will push Kate dangerously close to the edge as she continues her relentless fight for the truth. Praise for *Secret Service* "A gripping thriller."—Sunday Times "There are resonant echoes of *le Carré* here—in the way the betrayals reach from marriage beds to the seats of governments."—Booklist (starred review) "Enthralling and fast-moving . . . the stuff headlines are made of."—Daily Mail *Operating in the Courts of Heaven* Simon and Schuster From New York Times bestselling author Eleanor Henderson, an audacious American epic set in rural Georgia during

the years of the Depression and Prohibition. Cotton County, Georgia, 1930: in a house full of secrets, two babies—one light-skinned, the other dark—are born to Elma Jesup, a white sharecropper's daughter. Accused of her rape, field hand Genus Jackson is lynched and dragged behind a truck down the Twelve-Mile Straight, the road to the nearby town. In the aftermath, the farm's inhabitants are forced to contend with their complicity in a series of events that left a man dead and a family irrevocably fractured. Despite the prying eyes and curious whispers of the townspeople, Elma begins to raise her babies as best as she can, under the roof of her mercurial father, Juke, and with the help of Nan, the young black housekeeper who is as close to Elma as a sister. But soon it becomes clear that the ties that bind all of them together are more intricate than any could have ever imagined. As startling revelations mount, a web of lies begins to collapse around the family, destabilizing their precarious world and forcing all to reckon with the painful truth. Acclaimed author Eleanor Henderson has returned with a novel that combines the intimacy of a family drama

with the staggering presence of a great Southern saga. Tackling themes of racialized violence, social division, and financial crisis, *The Twelve-Mile Straight* is a startlingly timely, emotionally resonant, and magnificent tour de force.

Thresholds of Initiation Delacorte Press
In *Home Rule* Nandita Sharma traces the historical formation and political separation of Natives and Migrants from the nineteenth century to the present to theorize the portrayal of Migrants as "colonial invaders." The imperial-state category of Native, initially a mark of colonized status, has been revitalized in what Sharma terms the Postcolonial New World Order of nation-states. Under postcolonial rule, claims to autochthony—being the Native "people of a place"—are mobilized to define true national belonging. Consequently, Migrants—the quintessential "people out of place"—increasingly face exclusion, expulsion, or even extermination. This turn to autochthony has led to a hardening of nationalism(s). Criteria for political membership have shrunk, immigration controls have intensified, all while practices of expropriation and exploitation have expanded. Such politics exemplify the postcolonial politics of national

sovereignty, a politics that Sharma sees as containing our dreams of decolonization. *Home Rule* rejects nationalisms and calls for the dissolution of the ruling categories of Native and Migrant so we can build a common, worldly place where our fundamental liberty to stay and move is realized.
