*The Lakota Way* Penguin Horses, just horses--sans riders, saddles, and bridles--unless they're in a stall, it's not something you see anymore. But this is precisely what Tony Stromberg, equine photographer

extraordinaire, gives us. He photographs these graceful animals in a pure and natural way that no other photographer can match. And now, his most beautiful shots are collected in one breathtaking photo book: *Horses*. Whether they're in stalls, in the paddock, or in fields and woods--Stromberg employs a perfect balance between light and shadow, unique composition,

and a superlative feel for the right moment to make these majestic animals come alive, creating an authentic homage to a glorious creature. However, his pictures go far beyond merely depicting horses' beauty. Stromberg, a former advertising photographer, had his first encounters with horses in the 1990s at a time when he was suffering from terrible burnout himself. But in

these gentle companions, he found in his words, teachers and soulmates who helped him regain a sense of peace. The deep connection to horses he has built since then is clearly evident in his photos, which is what makes them so special.

From the first brilliant rush of horses to the triumphant sight of beautiful bays, chestnuts, shiny blacks, whites, grays, and paints galloping across the pages, Paul

Goble's very special book will delight all who love horses and all who love stories that tell of the spiritual connection between people and animals. His magnificent, detailed paintings evoke an almost forgotten world as he recounts a stirring legend based on the oral tradition of the Pawnee. Focusing on a poor boy and his grandmother, adventure begins when

the boy discovers an old, limping horse. Though ridiculed by his tribe, the boy cares for the horse and brings it back to health. In turn, the animal helps his friend achieve greatness, only to be betrayed. The boy's remorse is sincere, but will he be forgiven?

Captivating readers, Caldecott medalist Paul Goble shows how a loving friendship changes the lives of a people.

photographs of Ruby's first year of life. Have fun reading about a baby alpaca, Ruby, and how she discovers her real coat. Out of the hundreds of alpacas on the farm, none of the alpacas could compare to Ruby. She stood out on the alpaca farm, as she was quite the character with her abundance of energy and curiosity. The Oxford Handbook of Early China Oxford University Press For two mercifully short years in the early 1990s, 'The Escaped Horse' chronicled the questionable fortunes of Thornton-le-Dale Football Club as they wallowed in the depths of the Scarborough and District League Division Three. Ignoring regular verbal abuse and threats of

physical violence, and undeterred by the League's attempt to issue them with banning orders, its editors went where others feared to tread. Reproduced here in its entirety, 'The Escaped Horse' is an enduring, warts-and-all expose of life at the arse-end of football. *The Spirit and the Sky* Publishingworks "Artie watched the trees. Jenna Fischer's Hollywood journey began at the age of 22 when she moved to Los Angeles from her hometown of St. Louis. With a theater degree in hand, she was determined, she was confident, she was ready to work hard. So, what could go wrong? Uh, basically everything. The path to being a professional actor was so much more vast and competitive than she'd

imagined. It would be eight long years before she landed her iconic role on The Office, nearly a decade of frustration, struggle, rejection and doubt. If only she'd had a handbook for the aspiring actor. Or, better yet, someone to show her the way—an established actor who could educate her about the business, manage her expectations, and reassure her in those moments of despair. Jenna

wants to be that person for you. With amusing candor and wit, Fischer spells out the nuts and bolts of getting established in the profession, based on her own memorable and hilarious experiences. She tells you how to get the right headshot, what to look for in representation, and the importance of joining forces with other like-minded artists and creating your own

work—invaluable advice personally acquired from her many years of struggle. She provides helpful hints on how to be gutsy and take risks, the tricks to good auditioning and callbacks, and how not to fall for certain scams (auditions in a guy's apartment are probably not legit—or at least not for the kind of part you're looking for!). Her inspiring, helpful guidance feels like a trusted friend who's

made the journey, and has now returned to walk beside you, pointing out the pitfalls as you blaze your own path towards the life of a professional actor. The Silver Baron's Wife traces the rags-to-riches-to-rags life of Colorado's Baby Doe Tabor (Lizzie). This fascinating heroine worked in the silver mines and had two scandalous marriages, one to a philandering opium addict and one to a Senator and

silver baron worth \$24 million in the late 19th century. A divorcee shunned by Denver society, Lizzie raised two daughters in a villa where 100 peacocks roamed the lawns, entertained Sarah Bernhardt when the actress performed at Tabor's Opera House, and after her second husband's death, moved to a one-room shack at the Matchless Mine in Leadville. She

lived the last 35 years of her life there, writing down thousands of her dreams and noting visitations of spirits on her calendar. Hers is the tale of a fiercely independent woman who bucked all social expectations by working where 19th-century women didn't work, becoming the key figure in one of the West's most scandalous love triangles, and, after a devastating stock market crash

destroyed Tabor's vast fortune, living in eccentric isolation at the Matchless Mine. Though a minority religion in Vietnam, Christianity has been a significant presence in the country since its arrival in the sixteenth-century. Anh Q. Tran offers the first English translation of the recently discovered 1752 manuscript Tam Giáo Chu Vong (The Errors of the Three Religions). Structured as a dialogue between a Christian priest and a

Confucian scholar, this anonymously authored manuscript paints a rich picture of the three traditional Vietnamese religions: Confucianism, Buddhism, and Daoism. The work explains and evaluates several religious beliefs, customs, and rituals of eighteenth-century Vietnam, many of which are still in practice today. In addition, it contains a trove of

information on the challenges and struggles that Vietnamese Christian converts had to face in following the new faith. Besides its great historical value for studies in Vietnamese religion, language, and culture, Gods, Heroes, and Ancestors raises complex issues concerning the encounter between Christianity and other religions: Christian missions,

religious pluralism, and interreligious dialogue.
