In the mold of his acclaimed History of Beauty, renowned cultural critic Umberto Eco's *On Ugliness* is an exploration of the monstrous and the repellant in visual culture and the arts. What is the voyeuristic impulse behind our attraction to the gruesome and the horrible? Where does the magnetic appeal of the sordid and the scandalous come from? Is ugliness also in the eye of the beholder? Eco's encyclopedic knowledge and captivating storytelling skills combine in this ingenious study of the Ugly, revealing that what we often shield ourselves from and shun in everyday life is what we're most attracted to subliminally. Topics range from Milton's Satan to Goethe's Mephistopheles; from witchcraft and medieval torture tactics to martyrs, hermits, and penitents; from lunar births and disemboweled corpses to mythic monsters and sideshow freaks; and from Decadentism and picturesque ugliness to the tacky, kitsch, and camp, and the aesthetics of excess and vice. With abundant examples of painting and sculpture ranging from ancient Greek amphorae to Bosch, Brueghel, and Goya among others, and with quotations from

the most celebrated writers and philosophers of each age, this provocative discussion explores in-depth the concepts of evil, depravity, and darkness in art and literature.

Including The Soul of an Indian and Other Writings of Ohiyesa and the Great Speeches of Red Jacket, Chief Joseph, and Chief Seattle Cornell University Press

The teachings of the Native Americans provide a connection with the land, the environment, and the simple beauties of life. This collection of writings from revered Native Americans offers timeless, meaningful lessons on living and learning. Taken from writings, orations, and recorded observations of life, this book selects the best of Native American wisdom and distills it to its essence in short, digestible quotes — perhaps even more timely now than when they were first written. In addition to the short passages, this edition includes the complete *Soul of an Indian*, as well as other writings by Ohiyesa (Charles Alexander Eastman), one of the great interpreters of American Indian thought, and three great speeches by Chiefs Joseph, Seattle, and Red Jacket.

Our Intimate Connections to Trees

New World Library
An Indian woman's recollections of her youth reveal her people's way of life before the arrival of the white man.

Tutto Nero Roh Press

In *Between Earth and Sky*, a rich tapestry of personal stories, information, and illustrations, world-renowned canopy biologist Nalini M. Nadkarni becomes our captivating guide to the leafy wilderness above our heads. Through her luminous narrative, we embark on a multifaceted exploration of trees that reveals the profound connections we have with them, the dazzling array of things they can provide us, and the powerful lessons they teach us.

The Body as Language Univ of California Press

An inspirational workbook for complete beginners to discover and master the art of the brush. Every project reveals more of the secrets of modern brush calligraphy, so that by the end of book you will be

armed with everything you need to head off on your own brush lettering adventure. Like a personally taught workshop in your home, this is an inspirational workbook for complete beginners to discover and master the art of lettering with the brush. Kirsten Burke's *Secrets of Brush Calligraphy* is a uniquely creative and interactive book for anyone wishing to learn how to create stylish and decorative hand-lettered works of art using brush calligraphy. This book brings together the methods and practices taught in Kirsten's workshops, through easy-to-follow, enjoyable projects that will build your brush calligraphy confidence. Includes:- Tips, tricks and techniques for writing with a brush pen or paintbrush.- Calligraphy projects to build your skills.- Removable art cards, hand-lettered by Kirsten Burke to pull out, complete and treasure. Part how-to, part project book, *Secrets of Brush Calligraphy* will inspire you to develop your love of lettering.

On the Limits of Brain Science Bison Books
An all-new graphic novel inspired by ABC's popular television series "Revenge," cowritten by series writer Ted Sullivan! Emily Thorne is a wealthy and good-natured philanthropist who recently befriended the powerful Grayson family. But Emily's real name is Amanda Clarke. Twenty years ago, the Graysons' elite social circle framed Amanda's father for a horrific crime...and Amanda plans to destroy the lives of those who stole her childhood and betrayed her father. Now, experience Amanda's first mission of revenge! After training in Japan, the untested heroine finds herself infiltrating high society in Geneva. There, she uncovers secrets about her past...but her future will be short-lived unless Amanda can defeat a surprising enemy with ties to the people who destroyed her life! Prepare for a thrilling ride into the previously unexplored past of television's most dynamic - and dangerous - girl next door!
Sandokan Univ of California Press
A bullet misses its target in Sarajevo, a would-be Austrian painter gets into the Viennese academy, Lord Halifax becomes British prime minister in 1940 instead of

Churchill: seemingly minor twists of fate on which world-shaking events might have hinged. Alternative history has long been the stuff of parlor games, war-gaming, and science fiction, but over the past few decades it has become a popular stomping ground for serious historians. The historian Richard J. Evans now turns a critical, slightly jaundiced eye on a subject typically the purview of armchair historians. The book's main concern is examining the intellectual fallout from historical counterfactuals, which the author defines as "alternative versions of the past in which one alteration in the timeline leads to a different outcome from the one we know actually occurred." What if Britain had stood at the sidelines during the First World War? What if the Wehrmacht had taken Moscow? The author offers an engaging and insightful introduction to the genre, while discussing the reasons for its revival in popularity, the role of historical determinism, and the often hidden agendas of the counterfactual historian. Most important, Evans takes counterfactual history seriously, looking at the insights, pitfalls, and intellectual implications of changing one thread in the weave of history. A wonderful critical introduction to an often-overlooked genre for scholars and casual readers of history alike.

Inspired by the Robert De Niro film, this story spans three generations of a family of Jewish immigrants to the United States. A gang of friends discover - through trust, hard work and brutality - the true meaning of the American Dream.

Epigrammata Independently Published

È possibile riuscire ad affrontare e superare la perdita di entrambi i genitori in tenera età e tirare avanti in un mondo estremamente competitivo, senza soldi e senza prospettive? È possibile, partendo dalla più sfortunata delle situazioni, concedersi il lusso di sognare più in grande di chiunque altro e riuscire a realizzare il proprio sogno, grazie alla convinzione, alla tenacia ed al supporto di persone fidate? È possibile riuscire ad unire realmente l'aspetto imprenditoriale a quello solidale creando un modo completamente nuovo di intendere l'impresa? Ed è possibile, infine, riuscire a realizzare l'impossibile ed accettare che ci venga portato via senza alcun senso in un

batter di ciglia? Prendendo spunto da un fatto realmente accaduto, questo libro narra la vita, ripercorsa attraverso flashback, di Lorenzo. Un ragazzo come ce ne sono mille altri ma che, ben definendo il proprio scopo nella vita, riesce a raggiungere una vetta apparentemente irraggiungibile. "Questo libro nasce dall'idea, evidente, di somatizzare la morte di un amico, inaspettata, cruda. Iniziai a scriverlo pensando che fossero solo pensieri su carta ma dopo alcune pagine mi resi conto che stava prendendo forma qualcosa di ben diverso... Ho cercato di unire tutte le emozioni e i sentimenti che quel lutto mi ha provocato, ossia lo sconforto, l'indignazione, la perdita di fede e la volontà di rendere omaggio ad una persona, ad un amico, che è venuto a mancare prematuramente, insieme ad un progetto che avevo in mente già da alcuni anni, quando lessi l'autobiografia di Yunus, l'ideatore del microcredito. Sempre più forte in me, nel corso degli ultimi anni, in particolare dall'inizio della crisi, ha preso forma la convinzione che l'essenziale nella vita di ogni essere vivente fosse di poter vivere con dignità, indipendentemente da tutte le incognite negative che ci vengono poste lungo il cammino; indipendentemente dalla mancanza di soldi, dalla presenza di una malattia, dall'età, dal sesso, dal colore, dall'essere un essere umano oppure un animale: tutti hanno il diritto di vivere una vita dignitosa. Ed ecco che mi balenò in mente un'idea: eliminare la differenza tra business e solidarietà, così come descritto nel libro. Ciò di cui parlo nel libro ho provato a metterlo in pratica, con evidenti difficoltà ma ricevendo anche tantissime soddisfazioni, nella vita reale creando ARUKE SRL che, di fatto, si pone come la prima Srl di beneficenza in Italia e che ha il duplice fine di generare ricchezza e di donare ricchezza a progetti concreti, solidali e locali." Diocletian and the Roman Recovery Nardini

When The Body as Language ("Body-art" and Performance) appeared in 1974, it was immediately a huge publishing hit, reviewed by some of the most influential art historians and writers (Giulio C. Argan, Edoardo Sanguineti, Max Kozloff, Lucy Lippard, François Pluchart, Peter Gorsen, Evelyn Weiss and many others). A direct testimony of the birth and development of one of the most controversial art trends, Lea Vergine's book avails of a series of texts by the artists themselves, whom the author had asked to contribute with a statement about the illustrations of their work. Featuring a thorough documentation of original photographs and film

photograms, videotapes, happenings, actions and performances, the book analyses the evolution of this phenomenon through the works of sixty artists, including Gina Pane, Gilbert & George, Urs Lüthi and Katharina Sieverding, Rebecca Horn, Trisha Brown, Günter Brus and many others who have worked with and on the body. In an absolutely unusual publishing event, nearly thirty years after the first edition, the text--by now a classic--is republished with all the original photographic material. The volume is enhanced and brought up-to-date by an afterword by Lea Vergine, who observes the changes of Body Art throughout the nineties: Orlan, Stelarc, Ron Athey, Franko B., Yasumasa Morimura, Jana Sterbak, Matthew Barney are "virtuosos of disorder and hungry for afflictions of any and every kind, mystics--like persons who display the subjection of their bodies to cruel and invasive devices, or who revel in virtual fantasies of such self-inflicted pains--destroy themselves in order newly to find themselves. . . . They finally pay a visit to the world of the saints and victims, exploring and prolonging its seductions." The White Seal Tate

Mi chiamo Bisonte Che Corre, più che l'autobiografia dell'autore, è il percorso di un uomo da un mondo - il nostro -, fatto di gretto materialismo, egoismo, spirito di competizione, brutale cinismo e individualità, valori sempre più scadenti; a un altro - quello dei Nativi Americani -, fondato sulla correlazione, l'amore e il rispetto per ogni forma di vita. In tal senso, Enzo Braschi racconta la sua infanzia povera ma dignitosa; le sue prime esperienze nel mondo dell'arte; gli anni della dura gavetta dolorosamente vissuti al fine di raggiungere la propria affermazione nell'ambiente dello spettacolo, fino alla presa di coscienza di un sempre più crescente vuoto e disagio personali. Riesce a gettarsi alle spalle questa situazione solo attraverso l'amore per l'antica cultura dei Nativi Americani, i cosiddetti Indiani, prima imparandola sui libri, quindi vivendola sul "campo", partecipando a sacre cerimonie che gli svelano la loro profonda spiritualità che per sempre cambierà la sua vita. Mi chiamo Bisonte Che Corre (questo il nome dato all'autore dai suoi amati indiani) è dunque la storia toccante, poetica, commovente, ma soprattutto vera, di un nuovo Ulisse prepotentemente spinto a fare ritorno alla sua casa, le sue radici, la sua patria: non più Itaca, ma quella che i Lakota Sioux, i Cheyenne, i Blackfoot, gli Apaches, gli Hopi, e via dicendo, chiamano semplicemente la "nostra sacra Madre Terra".

Borderscaping: Imaginations and Practices of Border Making Rizzoli Publications

This early work by G. K. Chesterton was originally published in 1901. Gilbert Keith Chesterton was born in London in 1874. He studied at the Slade School of Art, and upon graduating began to work as a freelance journalist. Over the course of his life, his literary output was incredibly diverse and highly prolific, ranging from philosophy and ontology to art criticism and detective fiction. However, he is probably best-remembered for his Christian apologetics, most notably in *Orthodoxy* (1908) and *The Everlasting Man* (1925). We are republishing these classic works in affordable, high quality, modern editions, using the original text and artwork.

For the residents of the Pine Ridge

reservation in South Dakota, mainstream medical care is often supplemented or replaced by a host of traditional practices: the Sun Dance, the yuwipi sing, the heyok'a ceremony, herbalism, the Sioux Religion, the peyotism of the Native American Church, and other medicines, or sources of healing. Thomas H. Lewis, a psychiatrist and medical anthropologist, describes those practices as he encountered them in the late 1960s and early 1970s. During many months he studied with leading practitioners. He describes the healers' techniques, personal histories and qualities, the problems addressed and results obtained and examines past as well as present practices. The result is an engrossing account that may profoundly affect the way readers view the dynamics of therapy for mind and body.

Gift of Power Brandeis University Press

The true tale of an edenic Rocky Mountain town and what transpired when a predatory species returned to its ancestral home. When, in the late 1980s, residents of Boulder, Colorado, suddenly began to see mountain lions in their yards, it became clear that the cats had repopulated the land after decades of persecution. Here, in a riveting environmental fable that recalls Peter Benchley's thriller *Jaws*, journalist David Baron traces the history of the mountain lion and chronicles Boulder's effort to coexist with its new neighbors. A parable for our times, *The Beast in the Garden* is a scientific detective story and a real-life drama, a tragic tale of the struggle between two highly evolved predators: man and beast.

The Fanaticism of the Apocalypse

University of Chicago Press

Warrior Woman is the story of Lozen, sister of the famous Apache warrior Victorio, and warrior in her own right. Hers is a story little discussed in Native American history books. Instead, much of what is known of her has been passed down through generations via stories and legends. For example, it is said that she was imbued with supernatural powers, given to her by the gods. She would lift her arms to the sky and place her palms against the wind, and through the heat she felt in her open hands, she could detect the direction and distance of her enemies. Whether true or not, she did ride into battle alongside Geronimo in the Apache wars, and fought bitterly and savagely until she was captured along with her people, packed into railroad cars, and sent to imprisonment in the east, where she spent her last days. Peter Aleshire uses historical facts and oral

histories to recreate her life. With immaculate detail he tells the story of her childhood, surrounded by the vastness of nature and the Chiricahua legends and religions that shaped her thoughts. He describes her coming-of-age ceremonies, and induction into her tribe as a spiritual leader. As the white men slowly took over the land of her people and forced them from one reservation to another, her role slowly evolved to match that of the staunchest warrior -- an almost unheard-of occurrence among the Native Americans of the 19th century, where a woman's place was with the children in the villages. This is not only the story of Lozen, but the story of her people, from the events leading up to the Apache Wars until their inevitable and unfortunate conclusion.
